BACKGROUND INFORMATION:

In June 2006, the Folsom Cordova Unified School District Board of Education opted to notify the California Department of Education of its intent to form its own SELPA. In order to become a SELPA, the District must adopt specific required elements of the "Local Plan" which define the responsibilities of the SELPA.

~~This item is an announcement of a Public Hearing to be held at the regular Board meeting scheduled for October 19, 2006, to permit the public an opportunity to address the Board on the proposed new policies necessary for single district SELPA status.~~

The Folsom Cordova Unified School District has been a part of the Sacramento County SELPA and, therefore, has already adopted most required elements of such a plan. In addition, there are differences in requirements for a "Single District SELPA".

This item provides the opportunity to review both the proposed amendments to the current Sacramento County Local Plan elements and proposed new policies necessary for single district SELPA status.
