REPORTS

0607-247 – Reports to the Board of Education

A. Superintendent Godwin

- Noted that we've come to the end of another school year that has been very fruitful, busy, and challenging. Some of the major highlights were: the passing of two bonds; curricular renovations, particularly the work done with our English Language Learners, underperforming students, and special education; and the steps taken to becoming our own SELPA. We've weathered hard times with our bargaining units; hopefully, what we have in place now will ensure a smoother future. Thanked staff and the Board for their work and patience this year.

B. Correspondence to the Board - None

C. District Committees - None

BOARD OF EDUCATION

0607-48 – Board Business

A. Board Communication

Mr. Short

- Thanked staff for their hard work on the agreements with both bargaining units. Also thanked Barbara Brydon, president of FCEA.
- Graduations were wonderful. Enjoyed the changed format at Mills; they had a bar-b-que and party after the ceremony that was well received by parents.

Mr. Benton

- Thanked Kendra. Is amazed every year that a student is willing to take the time out of their busy schedule to serve on the Board to help their fellow students. Is very proud of the job Kendra did.
- Impressed with the textbook adoption. Continues to be in awe of how much we teach our students.
- Graduations were great. Good speakers and excited students.
- Is pleased with the outcome of the negotiations. Now it's time to get back and talk about the education of our kids.

Ms. McCormick

- Always enjoys the graduation and promotion ceremonies. It takes a lot of hard work by the students to get there, but also hard work from staffs and school personnel.
- She remembers listening to Kendra's campaign speech. Her main issues were making sure she understood concerns that were important to students and getting input from everyone. She obviously succeeded at both and became a real leader. Great job!
- Thanked everyone involved with negotiations. Thinks the task force is a great idea.
- Wished everyone a great summer.

Mr. Shaw

- Thanked Kendra for her service. It's important that kids are taught that service to community is critical.
- Enjoyed the graduations, in particular this year's speeches by valedictorians. They spoke from the heart about things that really matter to them.
- Thanked the Rancho Cordova Rotary for building the new green house at Mills Middle School. It includes raised beds and a hydroponics watering system. He's trying to talk them into going to Mitchell Middle next. This project was mainly funded by the Rotary crab feed.
- Is concerned about Mills Middle School in losing a solid principal in Dennis Willeford. They've also lost a vice principal. Hopes we take the time and energy necessary to build a good management team there.

Ms. Stanley

- Apologized for not asking the Trustees for comments about Kendra when she presented her with the plaque.
- Graduations this year were great.
- Summer school starts soon. Hopes everyone is able to take some time off before next year begins.
- In 1857, the Granite School District was formed; it later became FCUSD. That was 150 years ago. She has seen other school districts celebrate such benchmarks, and she would like to see us celebrate one of our milestones as well.

Meeting adjourned at 7:20 p.m.
