OPEN ENROLLMENT ACT TRANSFERS

The Governing Board desires to offer enrollment options in order to provide children with opportunities for academic achievement and their diverse needs. Such options shall also be provided to children who reside within another district's boundaries in accordance with law, Board policy, and administrative regulation.

Whenever a student is attending a district school on the Open Enrollment List as identified by the Superintendent of Public Instruction, he/she may transfer to another school within or outside of the district, as long as the school to which he/she is transferring has a higher Academic Performance Index. (Education Code 48354, 48356)

A parent/guardian whose child is attending a district school on the Open Enrollment List and who wishes to have his/her child attend another school within the district shall apply for enrollment using BP/AR 5116.1.

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, the Board hereby waives the January 1st deadline in Education Code 48354 for all applications for transfer from nonresident parents/guardians of children attending a school on the Open Enrollment List in another district. Transfer applications shall be submitted during the FCUSD designated registration period of the preceding school year for which the transfer is requested.

The Board may deny a transfer out of or into the district upon a determination by the Board that the transfer would negatively impact a court-ordered or voluntary desegregation plan in accordance with Education Code 48355.

Standards for Rejection of Transfer Applications

Pursuant to Education Code 48356, the Board has adopted the following standards for acceptance and rejection of transfer applications submitted by a parent/guardian of a student attending a school in another district on the Open Enrollment List. The Assistant Superintendent shall apply these standards in accordance with Board policy and shall ensure that the standards are applied uniformly and consistently.

As applicable, the Assistant Superintendent may deny a transfer application under any of the following circumstances:

1. Upon a determination that approval of the transfer application would negatively impact the capacity of a program, class, grade level, or school building, including:

 - b. The site, classroom, or program exceeding the maximum student-teacher ratio specified in the district's collective bargaining agreement
 - c. The site or classroom exceeding the physical capacity of the facility pursuant to the district's facilities master plan or other facility planning document
 - d. The class or grade level exceeding capacity pursuant items #a-#c above in subsequent years as the student advances to other grade levels at the school
2. Upon a determination that approval of the transfer application would have an adverse financial impact on the district, including:
- a. The hiring of additional certificated or classified staff
 - b. The operation of additional classrooms or instructional facilities
 - c. Expenses incurred by the district that would not be covered by the apportionment of funds received from the state resulting in a reduction of the resources available to resident students

Appeal Process for Denials of Transfer Applications

A parent/guardian may appeal the district's denial of a transfer application by filing a written request of appeal with the Assistant Superintendent's office within 10 days of the receipt of the written notification of denial. In addition, a parent/guardian who believes he/she has been subject to discrimination may file an appeal using the district's Uniform Complaint Procedures.

Program Evaluation

The Assistant Superintendent shall collect data regarding the number of students who transfer out of the district pursuant to the Open Enrollment Act. He/she also shall collect data regarding the number of students who apply to transfer into the district, the number of requests granted, denied, or withdrawn, and the district schools and programs receiving applications.

When the Assistant Superintendent anticipates that a particular school will receive a large number of transfer applications, he/she shall study the enrollment pattern at that school in

order to anticipate future resident enrollment at the school and at the district schools into which those students would normally matriculate.

The Assistant Superintendent shall regularly report to the Board regarding the implementation of this program.
