

**SCHOOL-SPONSORED TRIPS**

The Governing Board recognizes that school-sponsored trips are important components of a student's development. Besides supplementing and enriching classroom learning experiences, such trips encourage new interests among students, make them more aware of community resources, and help them relate their school experiences to the outside world. The Board believes that careful planning can greatly enhance the value and safety of such trips.

All trips involving out-of-state or overnight travel in excess of three (3) days shall require the prior approval of the Board. Other trips may be approved by the Superintendent.

Principals shall ensure that teachers develop plans which provide for the safety of students and their proper supervision by certificated staff on all school-sponsored trips. Other school employees and parents/guardians also may participate in this supervision and may be asked to attend preparatory training sessions and/or meetings.

The principal shall establish a process for approving a staff member's request to conduct a school-sponsored trip. When planning trips, staff shall consider student safety, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements. Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.
