Self Evaluation

On an ongoing basis, the Superintendent or designee shall conduct a District self-evaluation which may utilize tools developed by the District or the California Department of Education to ensure compliance of District categorical programs with legal requirements.

Effectiveness of Categorical Programs

The Superintendent or designee and the Board shall annually determine whether the District's categorical programs funded through the state's consolidated application are supportive of the core curriculum and are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the District level. These criteria shall include, but not necessarily be limited to, progress toward goals contained in the school's single plan for student achievement and progress of the total student population and each numerically significant subgroup toward growth targets on the statewide Academic Performance Index.

(cf. 0420 - School Plans/Site Councils)

Western Association of Schools and Colleges (WASC) Accreditation

The Board believes that accreditation by the Western Association of Schools and Colleges (WASC) can foster excellence and ongoing academic improvement in the District's schools. The accreditation process also may demonstrate to parents/guardians and the community that the schools are meeting their goals and objectives and the WASC criteria for school effectiveness through a viable instructional program.

The Superintendent or designee shall undertake procedures whereby District schools may achieve and maintain full WASC accreditation status. The schools shall conduct a self-study in accordance with WASC requirements, cooperate with the WASC committee during a site visit, and develop and review action plans to increase the effectiveness of the instructional program for students. The Superintendent or designee shall

regularly report to the Board on the status of District schools and any WASC recommendations for school improvement.

If any District school loses its accreditation status, the Board shall give official notice at a regularly scheduled Board meeting. The Superintendent or designee shall provide written notification to each parent/guardian of a student in the school that the school has lost its accreditation status, including the potential consequences of the loss of accreditation status.
