

FREQUENTLY ASKED QUESTIONS

What is Measure G?

Measure G, is a \$195 million general obligation bond program that was approved by Folsom voters in November 2014. Measure G will address the following needs:

- ◆ Complete needed repairs to provide safe, well-maintained classrooms
- ◆ Upgrade and provide additional classroom computers and instructional technology
- ◆ Upgrade aging and inefficient electrical, heating and air conditioning systems, redirecting hundreds of thousand of dollars back to the classrooms.
- ◆ Provide classrooms and facilities to prepare students for college and success
- ◆ Provide facilities for after-school programs

How much does Measure G cost?

- ◆ The maximum tax rate per property owner is averaged over the life of the bond to be \$60.00 per \$100,000 of assessed valuation, which is different from the market value of your home.

Measure G Master Plan

- ◆ The Measure G Facilities Master Plan was approved by the Board of Education on November 14, 2015. A copy can be obtained from the Folsom Cordova Unified School website at: <http://www.fcusd.org/Page/16658>
- ◆ The Board of Education approved an initial priority list which includes Sutter Middle School modernization/new construction, Vista del Lago bleacher/stadium project, Folsom High School auxiliary gymnasium, modernization/new construction of Oak Chan Elementary School and the modernization/new construction of Carl Sundahl Elementary School. As the initial priority list concludes, additional Measure G Master Plan projects are being completed.

FOLSOM CORDOVA UNIFIED SCHOOL DISTRICT

About the District

The Folsom Cordova Unified School District is committed to providing excellence in educational programs that carry high expectations for each student's achievement and success. The District has 20 elementary schools, 4 middle schools, 3 high schools, plus 2 continuation high schools, a charter school, independent study, adult education and other service centers.

Guided by the highest expectations, Folsom Cordova Unified School District provides our students with a broad range of rigorous educational opportunities. Our staff enables students to reach their full potential and successfully meet the demands and opportunities of a highly technological 21st century.

Students graduate with a core of knowledge and skills that become the building blocks for lifelong learning. They graduate with a positive attitude and the leadership, character, and academic skills necessary to excel in a global arena.

MEASURE G OVERVIEW & PROJECTS

In November 2014, Folsom voters passed Measure G, a \$195 million general obligation bond for renovation, maintenance, and new construction at existing Folsom schools. Proceeds from the sale of Measure G bonds will be used to complete upgrades and repairs in the Folsom schools. Funds can only be used for Folsom schools, and cannot be used for administrative salaries or school supplies.

Measure G calls for a Citizens Oversight Committee, which has a broad-based membership, to monitor expenditures and the construction progress. All expenditures authorized by Measure G are reviewed by the Citizens Oversight Committee to ensure the money is spent only on school facility improvements, as defined by the bond text approved by the voters. Also, the committee reviews an annual audit report prepared by an independent Certified Public Accounting firm.

The Committee meets approximately every three months and its meetings are open to the public. Parents and community members are encouraged to attend. Members of the Measure G Citizens Oversight Committee are: Jennifer Lane, Ginger Sackmann, Nichole Buvert, Elvia Triki, Veronica Voldseth, Laura Ruby, and Anna Boruk. The Committee currently has two vacancies; applicants need to reside in the Measure G area (Folsom), be an active community member at large or a member active in a business or organization representing the business community located in the District.

Updates to the bond projects can be found on the District website at www.fcusd.org. Please contact Jo-Anne McCarthy, jmccarth@fcusd.org with any questions.

CURRENT PROJECTS

Folsom High School—Career Technical Education (CTE) Building, Portable Classroom Installation and related Sitework

- ◆ Construction of a new CTE building to house the Manufacturing and Product Development and Engineering and Architect pathways and installation of portable classroom buildings.
