The Board of Trustees, Superintendent, and staff wish you a most enjoyable and successful year.

CAMPUS SAFETY

Protection of Students and Staff

To provide for the protection and the safety of students, teachers, employees, and school property, the public (except those persons exempted) is required to register in the school office prior to entering or remaining on the school premises during school hours. Signs are posted at each school entrance indicating the location of the school office (place of registration) and penalties for failure to comply. Should you have any questions, please contact the school's office.

Privacy Rights Regarding Student Records

As a public school District, we are required by California state law to maintain records on students. The purpose of keeping such information is to provide the best possible conditions for the education of students.

Please be informed that you have the right to inspect your child's records and to challenge the contents of those records. Written procedures for challenging student records are available from your school principal. If you desire to inspect or challenge records, please make an appointment during regular school hours.

Reporting to Parents

Individual teachers are to communicate in writing to students and parents at the beginning of the school year the classroom grading policy, which includes homework requirements, make-up procedures and the weighting of course work as it pertains to the calculation of the final grade. Course expectations shall be provided at this time. Board Policy (BP) 5124

Federal law allows you to ask for certain information about your child's classroom teachers and paraprofessionals, and requires the District to give you this information if you ask for it. You may ask about the type of state credential a teacher has and the grades and subjects the teacher is licensed to teach. You may also ask about the teacher's college major and any advanced degrees. If a paraprofessional is assigned to assist your child, you may ask about his/her qualifications.

Animal Use

The provision for animal use requires that the District observe a student's right to refrain from harmful or destructive use of animals, such as dissecting or experimenting on animals. The student must notify the teacher of his/her objection. Education Code (EC) 32255

Personal Property

The District is not responsible for loss or theft of personal property. Students are discouraged from bringing non-instructional items to school, such as CD players, cell phones, radios, or skateboards, etc. Refer to the student-parent handbook at each school for more specific rules.

Vandalism

All parents and guardians are asked to help prevent vandalism by impressing upon their child the seriousness of destroying school property. Citizens living near the schools are requested to report any acts of suspected vandalism to the school principal or to the proper authorities. In Rancho Cordova, call 874-5115, or in Folsom, call 355-7230.

Note: The 911 emergency telephone number will quickly summon *emergency service in a crisis situation*. This number may be used to contact the local fire department, sheriff's office, police department, or the highway patrol.

Substance Abuse

Education/Prevention/Intervention

The intent of the District policy is to establish an atmosphere that will promote understanding of the use, abuse, and misuse of drugs, alcohol, and tobacco. Curricula shall be course-specific, as well as appropriately infused into various content areas.

For the protection of students, school employees will make every effort to prohibit the flow of drugs in the school. When substance abuse incidents occur, school staff will:

1. Provide emergency medical assistance.
2. Require parental involvement.
3. Enforce the laws regarding use and distribution of illegal substances.
4. When appropriate, discipline students.
5. Provide assistance to student seeking help, according to established rules and regulations.

Anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes or practices may be administered to any pupil in grades 7-12 inclusive. The parent or guardian is given the opportunity to review the test, questionnaire or survey, and to request that his or her child not participate. The California Healthy Kids Survey is administered to students every other year, beginning with the odd year, for students in grades 5, 7, 9, and 11. A pupil may not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent/guardian declines to permit pupil participation, and an alternative educational activity shall be made available. EC 51937, 51938, 51939

Tobacco-Free School Policy

The use of tobacco products is prohibited at all times on District property and in District vehicles. This prohibition applies to all parents, employees, students, visitors, and other persons.

A physical examination may not be required of a child whose parent has filed an objection for that specified school year. However, the child may be sent home if, for good reason, he or she is believed to be suffering from a recognized contagious or infectious disease, until the school authorities are satisfied that any contagious or infectious disease does not exist. EC 49451

Insofar as class participation is an integral part of students' learning experiences, parents/guardians, and students are encouraged to schedule medical appointments during non-school hours.

These screenings will be done by credentialed School Nurses. A report of abnormal screening results will be sent to the parent. A parent/guardian may submit a request annually in writing, to the principal of the school, that his/her child be excluded from any of these screening programs.

Family Life

The District is required at the beginning of each school year, or at the time of enrollment for a new student, to inform each parent about instruction in comprehensive sexual health education and HIV/AIDS prevention education planned for the coming year. The Family Life program includes a comprehensive sexual health education and HIV/AIDS prevention education program taught by District personnel in which reproductive organs and their functions are described, illustrated, and discussed. Written and audiovisual materials are available for inspection.

A parent or guardian of a pupil may request in writing that his or her child be excused from all or part of the comprehensive sexual health education, HIV/AIDS prevention instruction, and any assessments related to that education. A pupil may not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent/guardian declines to permit pupil participation, and an alternative activity shall be made available. The form requesting notification is available in your child's school office or on our website, www.fcusd.org

PRIVACY NOTIFICATION AND TESTING

Student Use of the Internet and Online Services

The District provides student access to the Internet as an educational tool. Because the Internet is uncensored and can be misused, no student shall be allowed to use the District's access to the Internet unless the student and the student's parent/guardian first sign the District's *Student Technology Use Agreement*. As part of that agreement, parents will have the option of electing not to allow their students to use the Internet at school. If such election is made and an assignment is due that requires Internet use, an appropriate alternative assignment will be provided to the student with no penalty. Students who use District resources agree to abide by all District policies and guidelines for their legal use. BP 6118.01

The District will provide reasonable supervision of students using its access to the Internet, and will attempt to do what is technologically reasonable with filtering software to prevent students from obtaining access to pornographic or harmful matter as defined by state and federal law.

Students using the District's Internet access and technology resources shall have no right of privacy in their use of those systems. Staff may monitor or examine all system activities a student takes part in to ensure proper use of the system. Students who fail to abide by District policies and guidelines may be subject to disciplinary action, revocation of their privilege to use the systems, or legal action as appropriate.

Promotion, Acceleration and Retention

Decisions to promote students shall be made on the basis of achievement of grade-level standards, test scores, and other indicators of academic achievement designated by the Board of Education.

Retention will be considered for students who do not meet minimum grade-level standards in reading/language arts, and math. Principals and teachers will determine which students must be retained. EC 48070.5 Students who have special needs or whose teachers have determined that retention is not the appropriate intervention may be exempt if so determined by a team of the student's parents/guardians and educators.

In special situations, acceleration may be appropriate when the decision is in the best interest of the student. Considerations for the decision to accelerate will depend on academic grades, achievement test scores, social and emotional development, teacher's opinion, and the parents/ guardian recommendation.

California High School Exit Exam (CAHSEE)

Senate Bill 2X states that each student completing Grade 12 shall successfully pass the exit exam as a condition of receiving a diploma of graduation from high school. A student is required to take the CAHSEE in grade 10, and may take the exam annually when administered until each section of the mathematics and language arts exam has been passed. Students will only be required to retake the sections not passed.

Privacy Notification

This District is participating with the California School Information Services (CSIS) Program in the electronic transfer of student data for state reporting to the California Department of Education and to Districts and/or public postsecondary institutions to which the student is transferring or applying for admission. All data maintained by the CSIS Program is in compliance with federal and state privacy and confidentiality requirements. Student information is encoded in a way that no personally-identifiable information is retained by CSIS. The data being transferred is specific to the state reports and records transfer requirements, and no additional data is reported.

The benefits of participation to the student and parent are that student records can be transferred much more promptly, and that information about student assessment and academic placement will be available at the time of transfer. Schools and Districts will benefit from the streamlining and reduction of required state reporting.

Student Testing

Parents/guardians may request in writing that their student not participate in the statewide tests. EC 60615. In addition, parents/guardians have the right to be notified of their child's performance on standardized and statewide tests and the school's ranking on these tests. EC 60640

POLICY & PROCEDURES FOR STUDENT SAFETY & DISCIPLINE

Nondiscrimination

The Board of Education is committed to equal opportunity for all individuals in education. District programs and activities shall be free from discrimination, including harassment, with respect to a student's actual or perceived sex, sexual orientation, age, gender, ethnic group identification, race, ancestry, national origin, religion, color, or mental or physical disability. For nearly all of these characteristics, the prohibition applies as well to discrimination based on a perception of the characteristic or association with a person or group with the actual or perceived characteristic. District programs and facilities, viewed in their entirety, shall be readily accessible to individuals with disabilities.

Sexual Harassment

The Governing Board is committed to maintaining a learning environment that is free of harassment. Board Policy 5145.7 prohibits the unlawful sexual harassment of any student by any employee, student, or other person at school or at any school-related activity. The District is committed to taking serious, immediate and appropriate action with respect to violations of sexual harassment policy. Students shall be assured that they need not endure any form of sexual harassment. They shall further be assured that they need not endure, for any reason, any harassment that impairs the educational environment or a student's emotional well being at school. Should a student believe that he/she has been subjected to sexual harassment, he/she shall file a complaint in accordance with the guidelines outlined under the Uniform Complaint Procedures. Students can be assured that the District will not tolerate retaliation as a result of the filing of a complaint. Any student who engages in the sexual harassment of anyone at school or a school related activity shall be subject to disciplinary action.

Uniform Complaint Procedure

The Board of Education recognizes that parents, guardians, students, employees, advisory committee members, or other members of the community may have questions, seek information, desire to make requests, and express complaints regarding District policies and procedures of state and federal programs. A complaint in this sense is a request for action to resolve a conflict. The complainant is the person affected or represents the person affected.

A parent complaint about a student should first be discussed with the teacher and then with the principal. If the complaint is not satisfactorily resolved, the next step is to file an official complaint with the District Compliance

Officer, Larry Brubaker, through the Uniform Complaint Procedure. Direct the complaint to 125 E. Bidwell Street, Folsom, CA 95630. Phone 916-355-1100

A discrimination complaint must be written and filed within six months of the occurrence or when first acknowledged. District staff will resolve the complaint through mediation or will investigate and provide a written report to the complainant. If resolution is not reached at the staff level, the matter may be taken to the District Board of Education.

The time period for the District staff and/or Board response may not exceed 60 days. If the written report still does not resolve the complaint, the complainant may appeal to the California Department of Education within 15 days of issuance of the District report. If the Department of Education is unable to resolve the complaint, complainants may seek local civil law remedies. Uniform Complaint Procedures have been established, BP 1312.3, and may be obtained from the Human Resources Department.

Programs and services covered by Uniform Complaint Procedures include general and basic education, Adult Education, Special Education, preschool, state and federal programs, ROP, *textbooks and instructional materials, nondiscrimination, gender equity requirements, and civil rights guarantees.

*Pursuant to *California Education Code*, Section 35186 you are hereby notified that:

A teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.
4. To file a complaint regarding the above matters, complaint forms can be obtained at the site principal's office, District office, or can be downloaded from the Folsom Cordova Unified School District's or California Department of Education's website.
5. Pupils, including English learners, who have not passed one or both parts of the high school exit examination by the end of grade 12, are to be provided the opportunity to receive intensive instruction and services for up to two consecutive academic years, after completion of grade 12.

This notice is provided annually to parents and students, school and District advisory committee members, all District employees and other interested parties. This notice is provided in English and is also available in Spanish, Russian and Armenian on our District website www.fcusd.org

Imposition of Suspension

Suspension shall be imposed only when other means of correction fail to bring out proper conduct. However, a student shall be suspended for any of the reasons enumerated in EC 48900 (a-t), 48900.2, 48900.3, 48900.4, 48900.7, upon first offense, if the principal or superintendent determines that the student has violated EC 48900 (a-t), 48900.2, 48900.3, 48900.4, 48900.7, or that the student’s presence causes a danger to persons or property or threatens to disrupt the instructional process.

Suspension by Principal

Suspension by the principal or designee shall be preceded by an informal conference. At that conference, the student shall be informed of the reasons for the disciplinary action and the evidence against him/her. In addition, the student shall be given the opportunity to present his/her version and evidence in his/her defense. At the time of the suspension, the principal or designee shall make a reasonable effort to contact the student’s parent or guardian in person or by telephone. Whenever a student is suspended from school, the parent or guardian shall be notified in writing of the suspension. The notice shall contain a statement of the facts leading to the decision to suspend; date and time when the student will be allowed to return to school; and a request that the parent or guardian attend a conference with school officials, including notice that state law requires parents or guardians to respond to such request without delay. The vice principal shall serve as the principal’s designee, and will assist with disciplinary procedures. EC 48911

Appeal Process

The student, parent, or guardian may appeal the suspension by requesting a meeting with the superintendent or designee. The meeting shall be held within five school days of the time the request is received by the superintendent or designee.

Suspension by Teacher

A teacher may suspend any student from the class for the day of the suspension and the day following, for any act stated in EC 48900. (Secondary day is defined as an instructional period; elementary day is defined as a calendar day.) If the student has more than one teacher, the student is only precluded from attending the suspending teacher’s class. Prior to excluding a student from the classroom, the teacher must inform the student which District policy the student has violated, that the teacher intends to suspend, and that the student has the opportunity to respond to the charges. As soon as possible, the teacher shall request a parent/guardian conference, at which time the circumstances of the suspension and the data will be presented. EC 48910 (a)(b)

Classroom Visitations

Current state law authorizes teachers to provide time for a parent or guardian of a student who has been suspended for reasons stated in EC 48900 to attend a portion of a school day in the student’s classroom. The principal will provide appropriate notification to a parent or guardian regarding classroom visitation. EC 48900

A principal or designee may suspend a student without affording that student an opportunity for a conference only if the principal or designee determines that an emergency situation exists. EC 48911

Release of Student to Peace Officer

If a school official releases your child from school to a peace officer for the purpose of removing him/her from school premises, the school official shall take immediate steps to notify you or a responsible relative of your child, except when a student has been taken into custody as a victim of a suspected child abuse. In those cases, the peace officer will notify the parent or guardian. EC 48906

Student Search

The District reserves the right to conduct searches and seizures of students in accordance with the law. By way of illustration and not limitation, this includes the right to search a student and his/her belongings when a District official has a reasonable suspicion that the student to be searched has engaged in, or will engage in, unlawful activity or a violation of school rules.

Desks and lockers are joint-use property issued by the District, and students have no expectation of privacy in desks and lockers. As a result, the District may search desks and lockers at any time without reasonable suspicion.

Automobiles parked on school property are equally accessible to students and school officials. As a result, students have a diminished expectation of privacy in the contents of their automobiles.

Expulsion

The principal or the superintendent of schools may recommend expulsion for the acts enumerated in District Policy (Causes for Suspension) and EC 48900, 48900.2, 48900.3, 48900.4 and 48900.7 or any of the following reasons:

Expulsion of Special Education Students

The procedures for expelling a student with a disability differ from expulsion procedures for other students. These are described in the Procedural Safeguards posted on the FCUSD website under “Student Support Services.”

Safe School Environment

As required by law, the Folsom Cordova Unified School District must allow a student attending a “*persistently dangerous*” school, or who becomes a victim of a violent criminal offense while in or on the grounds of a school that the student attends, to attend a safe public elementary or secondary school within the District’s jurisdiction. (20 USC 791{a}) There are no schools in the Folsom Cordova Unified School District designated “*persistently dangerous*.”

Tardiness/Truancy

State law requires that any child who has been absent without valid excuse more than three days or tardy in excess of 30 minutes of each of the three or more days in one school year, shall be reported as a truant to the Office of Attendance and Due Process. EC 48263

Any student is deemed to be a habitual truant who has been reported as a truant three or more times in a school year. No student shall be considered a habitual truant unless an appropriate school official has made a conscientious effort to hold at least one conference with the student and the student’s parent or guardian. Any student considered a habitual truant, or who is irregular in school attendance, or who is habitually insubordinate or disorderly during school attendance may be referred to a School Attendance Review Board (SARB).

Upon a student’s initial classification as a truant, the school District shall notify the student’s parent or guardian, by first class mail or other reasonable means, of the following:

- The student is a truant.
- The parent or guardian is obligated to compel the student to attend school.
- The parent or guardian who fails to meet this obligation may be guilty of an infraction and subject to prosecution according to EC Article 6, commencing with Section 48290 of Chapter 2, Part 27.
- The alternative educational programs available in the District.
- The right to meet with appropriate school personnel to discuss solutions to the student’s truancy.

Excessive Absences

Students experiencing excessive school absences may be referred to the School Attendance Review Board (SARB). The SARB is designed to assist the student and parent in reducing school attendance problems by maximizing use of school and coordinated community resources.

Alternative Schools

1. California state law authorizes all school Districts to provide for alternative schools. EC 58501 defines alternative school as a school or separate class group within a school that is operated in a manner designed to:
 1. Maximize the opportunity for students to develop self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy, and:
 2. Recognize that the best learning takes place when the student learns because of his/her desire to learn.
 3. Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
 4. Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
 5. Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of the District, and the principal's office in each school have copies of the law available for information. This law authorizes interested persons to request the governing board of the District to establish alternative school programs in each District.

DIRECTORY INFORMATION

Federal and state law allows the District to disclose directory information to outside organizations, without written consent, unless you have advised the District that you do not want directory information released. The District has designated the following information to be directory information: student name, address and phone number. The District may release directory information, upon request, to outside organizations including the following entities: parent/school organizations, military recruiters, prospective employers or colleges and universities. Directory information may be released to other public agencies providing services to current students. The District will deny the release of specific categories of directory information to any public or private non-profit organization if the District believes that the release of such information is contrary to the best interest of the student.

In addition, the *No Child Left Behind Act* of 2001, §9528 (20 U.S.C. §7908), requires that we release secondary school students' names, addresses, and telephone listings to military recruiters upon their request, unless a parent has "opted out" of providing such information.

Usage of Student Names/Photos/Videos for Public Release

The Folsom Cordova Unified School District is proud of the many accomplishments of our students and staff. These accomplishments may draw the attention of newspapers, television stations, or other media who visit our schools to photograph or film students and staff during various activities. In addition, we use photographs and video footage of students and/or their names in District-produced materials including printed publications, television productions, and web sites to promote their achievements. These photographs and videos may also include displays of student work. This usage does not include school yearbooks—if you do not want your child's photo used in a yearbook, contact your child's principal.

Photos & Video

Unless notified in writing of an objection by a parent, legal guardian, or student of age 18, photographs and video footage of students and/or names may be posted in district-produced materials including printed publications, television productions, and web sites.

If parents do not want photographs or videos of their student(s) to be used in these materials, they should complete a [Photo/Video Opt-Out form](#) available at school offices or via the district's website. Please be aware that opt-out requests are valid for the current school year and must be renewed at the start of the next school year.

Please contact your school office or the Public Relations Office at 355-1111 x 123 if you have any questions.

This annual notification of Parents' Rights and Responsibilities contains a summary of these rights/responsibilities. You may contact the principal of the school your child attends if you have questions regarding this information.
