

Math 100 Class - Spring Term 2019

Block 2
Mrs. Reed

What is Math 100 Spring Term?

- It is a class that supports students with IEP's on certificate track.
- It is a functional life skills math class.
- Spring Term focus is Personal Business Finance. Our key focus is on:
 - Budgeting
 - Spending
 - Earning
 - Saving
 - Keep improving individual math skills

Daily Math Schedule

Block Schedule [82 minute classes (68 Weds)]

- Daily Math Question written (15 minutes)
- Classwork (15 minutes)
- Mondays workshops - students independently rotate through 4 various workshops working on mastered or current skills
- Tuesdays and Thursdays - students rotate through 3 staff led stations and 1 independent STEM station
- Wednesdays - iReady Math
- Fridays - Test and then STEM activities and money games

Grading in Math 100

Classwork: All work done in class including daily question is based on completing task required with or without assistance. Grade is based on completion with effort of each task.

Test: Test are as independent assessment of skill learned. Students are required to re-do missed problems with the help of staff. They get half credit for all problems re-done.

Classroom Atmosphere

I care about each and every one of my students whether they are on my caseload or not. I want each of them to succeed and do well in math. I want math to be meaningful to them and applicable to their daily lives. I want them to enjoy coming to my class even though it is structured and rigorous.
