

Dear Parents/Guardians:

I would like to take this opportunity to welcome you and your student to the 2020-2021 school year. Let's begin with a little background information about me. I am beginning my 25th year teaching and just celebrated my 25th wedding anniversary as well. What a great start to the year! I have 4 children (4th grade, 8th grade, 12 grade and junior college). This summer and fall are very different for our family as we are generally living at the soccer or football field by now.

I am looking forward to working with your child throughout the coming year, which surely promises to bring with it, many new experiences and challenges. In order to make the year a successful one, teamwork and collaboration will be required by all. As your son or daughter's teacher, it is my goal to help him/her become a confident learner and I will do my best to help make this year a positive experience for your child.

During this week, I will be contacting each of you to set up a Teams meeting to develop a Distance Learning plan for your child.

Over the course of the next few weeks, I will be rolling out various programs to aid in your child's learning. To start, we will be using Microsoft teams and Google Classroom. I will work to get each student into the correct Google Classroom during our Teams meetings. We will take things slow making sure that everyone understands what to do. A Monday email will be sent when I have Friday materials for your student to pick up at Mather Heights. I will do my best to coordinate this with your child's classroom teacher.

I am confident that together we can provide the support and encouragement needed to help your child be successful. If you have any questions or concerns please, do not hesitate to contact me at eanderson@fcusd.org.

Sincerely,

Elisabeth Anderson
