 Appendix C: Select State and Federal Programs71

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
Comprehensive Support and Improvement
Targeted Support and Improvement
Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Folsom Lake High School's Single Plan Student Achievement (SPSA) plan directly aligns with the goals of the District Local Control and Accountability Plan (LCAP) which is directly aligned with the state and federal priorities. In addition, the school's Single Plan Student Achievement (SPSA) is also aligned with our school's Western Association of Schools and Colleges (WASC) goals with a focus on graduation rates, credit recovery, and instructional strategies to support student learning for all.

Folsom Lake High School has been reconstituted as of the 2019-2020 school year and as such, the 2021-2022 school year provided us with baseline data that can be utilized for continued improvement.

In partnership with Folsom High School, FLHS will continue to focus on increasing its use of student data through professional learning communities. They will also work to offer students, and thereby their families, a personalized learning experience tailored to ensure they can achieve success and reach their post-secondary goals.

School Vision and Mission

Folsom Lake High Roadrunners

Vision:

Success through resilience and responsibility

Mission:

Through personalized support, FLHS provides an inclusive, educational community that fosters resiliency and academic success

SLOs:

Folsom Lake High School students will become proficient learners, effective communicators, critical thinkers, and resilient community members

Proficient Learners:

Students will develop the life skills to become lifelong learners

Effective Communicators:

Students will build skills necessary for effective personal and professional communication

Critical Thinkers:

Students will apply knowledge to solve problems

Resilient Community Members:
Students will strengthen the skills necessary to assume personal responsibility

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

During the orientation process students and parents are made aware of all of the educational opportunities, school resources, support programs on campus as well as credit recovery opportunities available to students. (Since March 2020 these orientation/registration practices have been completed both virtually and at times in person while observing the health requirements laid out by the Sacramento County Office of Health and the FCUSD Office.)

Students take a variety of surveys throughout the year as direct feedback to staff regarding such things as school lunches, safety on campus, end of the year Positive Behavior Intervention/Instruction (PBIS) program survey, the California Healthy Kids Survey (CHKS) and Panorama Social Emotional Learning surveys. From survey data, students overall, with additional support from advisory classes, feel that they are cared about and treated with respect.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Formal evaluations require classroom observations. In addition, we conduct informal observations. Administrators will conduct walkthroughs on a regular basis.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

California Assessment of Student Performance and Progress (CAASPP), i-Ready, English Language Proficiency Assessments for California (ELPAC), PLC common formative and summative assessments, and academic data are all used to determine student placement, modify instruction, and initiate appropriate student interventions. Due to COVID, only the i-Ready assessment was administered.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Formative, summative, and district benchmark assessments are used to monitor student achievement.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Folsom Lake is a small continuation high school. All teachers are Cross-cultural, Language, and Academic Development (CLAD) certified and credentialed in their subject area for which they teach under the Alternative Education guidelines. For the school to meet the needs of our students and to meet graduation requirements teachers do need the flexibility to teach an array of courses during the school year as well as act as "facilitation coach" for APEX courses students are taking outside of the teachers' actual credential.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

We provide ongoing staff development to all staff. Staff regularly participate in district and county level professional development to improve teacher efficacy.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Our staff development is in direct alignment with Common Core State Standards (CCSS).

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Lead teachers, Folsom High School Division Leaders, Sacramento County Office of Education (SCOE), administrators, and Beginning Teacher Induction (BTA) mentors all provide instructional support for teachers.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Three hours per month are designated to Professional Learning Communities (PLC) and the attainment of identified goals and interventions. Completed in conjunction with Folsom High teachers.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All adopted curriculum and supporting materials are aligned to Common Core State Standards (CCSS).

Apex online learning courses provide students with the opportunities to accelerate in meeting graduation requirements, work at their own pace, and gain access to teacher support by enrolling in a daily class and by enrolling in an online class to meet a-g college entrance requirements.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

N/A

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

A variety of educational opportunities are available for students based on student's individual needs. Pacing is provided by establishing 9-week credit recovery classes using a "summer school model." The master schedule has implemented quarter classes as credit recovery and remediation of standards not yet mastered as well as elective courses. Students taking a required class for the first time are enrolled in a traditional semester class. Online APEX classes, Academic Intervention classes, and Independent Study contracts are available to students for self-paced options.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

FLHS textbook funds have been used to purchase District adopted standards based textbooks for core subjects. All materials are district approved and standards-based. All students have equal access to all materials. Teachers are committed to supplementing materials that will increase student engagement, support project based assignments, and make learning relevant for students.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All students have access to standards-aligned instructional materials. Counselor works with students to provide personalized supports and interventions.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Remedial Quarter credit recovery classes are available for all students who have previously failed classes. (Summer School Model) FLHS offers an intensive Common Core writing class that is available for all students who need to make up English credits or need to strengthen and enhance their writing skills to become college ready. The district has purchased the i-Ready program that will provide every student with an individualized assessment in English and in math. Based on students' test results from i-Ready, lessons are designed in the i-Ready program, purchased by the district to build individual lessons to focus on skill sets that have not yet been mastered by the student.

This is the third year we have provided a Math Intervention teacher that assists students who are struggling in math as identified by the i-Ready assessments and grades. There are also services on campus to provide support for the student's health/social and emotional needs. These services are coordinated by the Principal, PBIS coordinators, the PBIS team, School Counselor, Marriage Family Therapists (MFT), and additional supports from Folsom High School and the district office such as the School Psychologist, and the School Nurse.

Evidence-based educational practices to raise student achievement

Yearly training on ELL instructional strategies, Professional Learning Communities, training for all teachers on the i-Ready program, and implementation of our Positive Behavioral Intervention/Instruction and Support (PBIS) program have been instrumental in supporting teachers in their work to support student academic and social/emotional growth. Teacher collaboration and the use of curricular and support materials that are research-based have also had a positive impact on how faculty and staff interact with students, the type of instruction teachers engage in, as well as the approach to collecting data to inform instructional and intervention decisions at Folsom Lake High School.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parent participation in the School Site Council (SSC) provides us direct feedback while working on the School Plan for Student Achievement, planning extra curricular or community events, etc.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

FLHS has a School Site Council (SSC) committee that is made up of teachers, a counselor, support staff, an administrator, a community member, parents and students. This advisory committee is instrumental in the development of the School Plan for Student Achievement (SPSA) and will provide input on school goals and approve the final plan. Teachers actively participate in weekly PBIS, PLC, and monthly staff meeting.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Funds are used to support students in accessing the core curriculum, supplemental materials, i-Lit, StudySync, books other than texts and online learning platforms.

Fiscal support (EPC)

Site budget includes staffing, materials and operating costs. The District provides staff development, training and resources.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Folsom Lake High School utilized a variety of outreach efforts for input and feedback on the development of our school goals that are directly aligned with the District LCAP priorities. The Principal meets with teachers and staff to review the SPSA within the first few weeks of each school year. Once input has been gathered by all staff with recommendations of edits, changes, or additions, the Principal holds a Site Council meeting for additional stakeholder feedback at the beginning of September. The Site Council committee is made up of: the principal, two classroom teachers, one Career and Technical Education (CTE) teacher, two classified staff members, three parents or community members, and three students.

The School Site Council (SSC) is established as an ongoing effort to establish curriculum goals, and monitor our progress through data, including a school-wide plan that will promote positive school culture by engaging our parents, students, and community members. Meetings will be held three times during the school year (September, January & April) to continue to monitor and update goals, review student data and discuss the overall culture of Folsom Lake High School.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Funds are used to support all students in accessing the core curriculum, supplemental materials, i-Lit, StudySync, and books other than texts. Through formal and informal assessments monies will be utilized to support students who are identified as performing far below grade level. Intervention support will be in the form of providing an additional day per week to meet with the School Counselor to assist students by monitoring students' progress, failing grades, and dropout prevention. In addition, we will focus on smaller class sizes and remedial and credit recovery classes through Tier 1 instruction.

School and Student Performance Data

Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
58	32.8	13.8	This is the percent of students whose well-being is the responsibility of a court.
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2020-21 Enrollment for All Students/Student Group

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We continued to make progress toward common assessments in all content areas.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We are in need for professional development to help support EL and special education students. Furthermore, staff will need training on strategies to integrate linguistically and culturally responsive instruction.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Continue goal focus to support teaching and learning for ALL students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Students at Folsom Lake High will be motivated to become academically successful in an emotionally safe environment.

LEA/LCAP Goal

District LCAP Goal 2.

2.1 - Increase student attendance rates and reduce chronic absences for all students.

2.2 - Increase the high school graduation rate and decrease the dropout rate.

2.3 - Reduce student suspensions, expulsion rates, and bullying incidents.

2.4 - Increase opportunities for family engagement and parent input and the utilization of volunteers.

2.5 - Foster community partnerships that support student learning and build effective understanding and advocacy of District goals for student success and whole child wellbeing.

2.6 - Improve the efficacy and accessibility of district communications to increase two-way engagement with all stakeholders.

Goal 2

Goal 2.1- Maintain an overall school attendance rate of 97% or higher for the 2022-2023 school year by organizing student/parent meetings, home visits, SART, and SARB meetings.

Goal 2.2- Continue to develop strategies from FHS Student Diversity Council to ensure a supportive environment for all members of the Folsom High and Folsom Lake High School communities by educating our community about issues of equity and inclusion, and empowering those in historically marginalized groups.

Goal 2.3- Utilizing early intervention measures, restorative practices, and other means of correction as an alternative to traditional discipline, peer mediation, and parent consultation.

Goal 2.4- Increase parental engagement and input by increasing parent participation in our Student and Diversity Council, School Site Council, and Parent Teacher Student Association.

Identified Need

Goal 2.1- In the 2021-2022 school year, FLHS attendance rate was very low. County and state COVID-19 guidelines continued to impact student attendance.

Goal 2.2 - With the current climate our students endure with social media and incidents that have occurred at Folsom Lake and Folsom High School, our schools need to have a better overall understanding of the different cultures we have on campus.

Goal 2.3- FLHS has a disproportionate rate of suspension when compared to Folsom High.

Goal 2.4- Increase parent participation in all aspects at FLHS.

Goal 2.2 - FHS/FLHS Student Diversity Council recommendation implementations.	Goal 2.2 -In the past, we have experienced social media issues regarding cultural insensitivity therefore we need to educate students on cultural and social awareness this school year. We will measure our goal by the Healthy Kids Survey results.	Goal 2.2 - Our goal is to continue to identify school cultural concerns and will implement FHS/FLHS Student Diversity Council recommendations. We have a guest speaker scheduled in August 2022 to speak to our student athletes, about the importance of cultural awareness and good character. Our goal is to increase student understanding of all cultures measured by a decrease in culturally related incidents. Additionally, we are partnering with Keith Hawkins to run a "Week of Understanding" that will engage more than 600 of our students in a full day of activities designed to build connections and to value the importance of student stories.
Goal 2.3- Decrease suspension rates for all students and subgroups	Goal 2.4-FLHS suspension rate exceeds that of FHS	Goal 2.4- Our goal is to use alternate means of correction and restorative practices to reduce suspension rates by 20% or more. Additionally, FLHS will implement Base Education modules in accordance with the FCUSD Guaranteed and Viable agreements.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

With school interventions in place such as home visits, meeting with parents and personalized student support, we will met our attendance goal.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Folsom Lake High School team continued to provide ongoing support to all students, thus keeping students on the path towards graduation. As mentioned in our 2021-2022 goal, we will be pairing our efforts to hold parents and students accountable for attendance and cultural awareness with positive efforts to increase student to school connectivity.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We are increasing our attendance goal. Relationships, rewards, monitoring, counseling, accountability and support will be provided to all students related to attendance.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Folsom Lake staff will access professional development in order provide students with high quality classroom instruction and access to a broad course of study.

LEA/LCAP Goal

District LCAP Goal 3.

3.1 - Provide Social Emotional Learning (SEL) and culturally relevant professional development on instructional strategies and essential standards.

3.2 - Through a collaborative process, complete the work on K - 12 Guaranteed and Viable Curriculum with Set Essential Standards.

3.3 - Ensure all teachers/students have access to research-based EL instructional strategies to improve achievement.

3.4 - Provide access to A-G, Career Technical Education (CTE), IB, Advanced Placement (AP) and Science, Technology, Engineering and Mathematics (STEM) courses to ensure students are college and career ready.

Goal 3

Goal 3.1 All FHS students will receive age-appropriate social-emotional learning (SEL) curriculum.

Goal 3.2 Continue to provide professional development to PLCs on researched-based strategies that promote and produce quality formative assessment strategies that support engaged and reflective learning. Using an online platform, teachers will guide student understanding with low and no stakes formative assessments.

Goal 3.2 Refine our practice of using shared formative assessment data to drive instructional decisions and interventions.

Goal 3.3 All staff will receive professional development to support English Learners.

Identified Need

Goal 3.1

SEL and mental health needs have increased significantly since the pandemic.

Goal 3.2

A number of academic areas have struggled to implement manageable, effective, shared, skill-based formative assessments that yield performance data that can effectively inform instruction and intervention. This is particularly true in the humanities.

Goal 3.2

Even in the areas where we are collecting quality student data from formative assessments, PLCs are struggling to analyze and act upon the data.

Goal 3.3

As our English Learner (EL) population has increased, so has our need for effective strategies for all staff members.

Annual Measurable Outcomes

Goal 3.2 Discussions with PLC leads and Leadership team.	Goal 3.2 Three divisions in particular have reported that they struggle with developing common formative assessments that yield highly informative data.	Goal 3.2 All PLCs will demonstrate proficiency in developing common formative assessments that yield highly informative data.
Goal 3.3 PLCs and Division Leads report that they are struggling to lead effective data conversation as necessitated by the PLC process.	Goal 3.3 Maybe 25% of PLC teams have been observed holding effective data conversations.	Goal 3.3 By the end of the 2022-2023 school year, 100% of identified PLC teams will be observed holding an effective data conversation.
Goal 3.3 By the end of the 2022-2023 school year, Folsom High School students will receive SEL support through a variety of modalities and subject areas.	Goal 3.1 Division leaders informed school leadership that they need additional instructional support in incorporating EL strategies into classroom practice. English learners graduate at a rate 17% lower than their typical peers.	Goal 3.1 Teachers will be provided four professional development segments through Guided Language Acquisition and Development (GLAD), multiple resources, and individualized coaching to incorporate effective EL strategies

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

At the start of the 2021-2022 school year, FHS administration worked with FLHS teachers individual departments and PLCs in developing quality and measurable SMART GOALS to continue the practice of data reflection, informed teaching practices, and student intervention needs. Student data yielded from SMART GOALS and assessments will determine overall effectiveness.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Folsom Lake High School will continue to budget PD time with departments and PLCs. However, FHS will like to attend PLC conferences with our leadership team during this school year, especially in EL and SEL strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Each of the above goals will remain throughout the 2022-2023 school year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Progress and educational outcomes for all students.

LEA/LCAP Goal

District LCAP Goal 4.

4.1 - Ensure students are reading at grade level (11th grade).

4.2 - Ensure students are meeting grade level standards in math (11th grade).

4.3 - Ensure English Learners make grade level progress through access to grade level curriculum and quality first instruction.

4.4 - Ensure Special Education students make grade level progress through access to grade level curriculum and quality first instruction.

4.6 - Graduation rate focus; monitor yearly high school progress to ensure all students make annual progress toward graduating within their 4-year cohort.

Goal 4

Goal 4.1

Through targeted English intervention by an intervention teacher, increase struggling readers' reading level (more than two years below grade level) at least one year.

Goal 4.2

Through targeted Math intervention by an intervention teacher, increase struggling math students' levels (more than two years below grade level) at least one year.

Goal 4.3

Through the implementation of an ELD course and interventions, all students will make adequate annual progress toward English proficiency.

Goal 4.4

Special education students will be scheduled in general education courses, with highly qualified teachers and typically developing peers.

Goal 4.6

Graduation rate will remain at 95% or higher.

Identified Need

Goal 4.1 A significant number of students are not reading at grade level. This is particularly true for Hispanic students and students with disabilities. We will establish a baseline this year through our implementation of Edmentum, a growth model assessment system.

Goal 4.2 A significant number of students are not meeting grade-level math standards. This is particularly true for Hispanic students and students with disabilities. We will establish a baseline this year through our implementation of Edmentum, a growth model assessment system.

Goal 4.3

Through the implementation of an ELD course and interventions, all students will make adequate annual progress toward English proficiency.

Goal 4.4 Special Education CAASPP proficiency rate in ELA in 2018-2019 was 50%. Special education iReady Reading scores have been consistently below grade level.

Goal 4.6- Graduation rate has dropped about 1% since the pandemic. This drop is represented most in our EL population.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 2 Other School Staff
- 3 Parent or Community Members
- 2 Secondary Students

Name of Members	Role
Howard Cadenhead	Principal
Brian Nichols	Classroom Teacher
Christina Mendez	Other School Staff
Sophia Mendez	Other School Staff
Alana Morales	Other School Staff
	Parent or Community Member
	Parent or Community Member
	Parent or Community Member
	Secondary Student
	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

English Learner Advisory Committee (ELAC)

A committee comprised of parents, staff, and community members specifically designated to advise school officials on English Learner program services. Education Code Section 35147 (c), 52176 (b), and (c), 62002.5, and 64001 (a). The current make-up of the ELAC is as follows:

Name of ELAC Members	Role
Howard Cadenhead	Principal
Brian Nichols	Classroom Teacher
Mary Beth Story	Classroom Teacher
Christina Vargas	Other School Staff
Sophia Montes	Other School Staff
Alana Morales	Other School Staff
	Parent or Community Member
	Parent or Community Member
	Secondary Student
	Secondary Student

Parents of English learners must comprise the same percentage of the ELAC membership as English learners constitute of the school's total student population. Example, if 25% of the students in a school are English learners, then parent/guardians of English learners must comprise 25% of the ELAC membership. Other members can be parent/guardians, school staff, and/or community members as long as the minimum percentage requirement for EL parents is maintained.

Each California public school, grades kindergarten through 12, with 21 or more English learners must form an ELAC.

1. The ELAC shall be responsible for advising the principal and staff on programs and services for English learners and the School Site Council on the development of the School Plan for Student Achievement (SPSA)
2. The ELAC shall assist the school in the development of:
 - a. The school's needs assessment.
 - b. The school's annual language census.
 - c. Ways to make parents aware of the importance of regular school attendance.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on September 28, 2022.

Attested:

Principal, Howard Cadenhead on September 28, 2022

SSC Chairperson, Sophia Montes on September 28, 2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **Specific**, **Measurable**, **Achievable**, **Realistic**, and **Time-bound**. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
