

Final Reflection Write a One page final analysis that includes:

1. What you learned while investing in the stock market
2. What did you learn about the companies you invested in?
3. What caused this company or industry gains or losses in the stock market?
4. Did the stocks perform as you predicted? Why or why not?
5. What was going on in the economy that caused your stocks to perform the way they did?

This is your final assignment for the project.
