

The purpose of this essay is to demonstrate mastery of the academic vocabulary and common core argumentation skills. Incorporating your academic vocabulary from the word bank, respond to the following prompt:

Throughout history people have struggled for rights. The struggle for rights has been reflected in many ways, in the actions of individual men and women, as well as in organizations and activist groups. These struggles include, but are not limited to, the campaign for the vote, for economic freedom, for personal liberties, and for national independence. In a multiple-paragraph essay, identify and explain three different examples of struggles for rights from this year's course, and defend with evidence whether each can be considered a success.

Prior to submission of your essay, please underline in your essay the words you used from the word bank.
