November 7, 2018

Dear Kinney Families,

In an effort to keep our campus safe and drug free, we might invite the drug sniffing dog with Rancho Police Department to visit our campus. Rooms are selected randomly and students are not searched, only classrooms and backpacks are sniffed by the certified dogs. Below you will see the policy of the district as it pertains to these searches:

STUDENT SEARCHES School officials may conduct searches of pupils and their personal belongings while on school property or at school-sponsored events. Searches of pupils and personal belongings will be conducted when there are reasonable grounds to suspect that the search will provide evidence that the pupil is violating the law and/or school regulations. The scope of the search will be related to the objectives of the search, the age and sex of the pupil, and the nature of the violation. By way of example, and not limitation, "personal belongings" includes: backpacks, brief cases, bags, et cetera. Searches are also conducted of school property under joint control. "School property" under joint control includes lockers and desks. Lockers are school property under the joint control of the school and the pupil. There is no expectation of privacy. The District may search lockers, or any other school property under joint control, at any time. Searches may be random and without cause of any kind. Automobiles parked on the school premises or in the school parking lot are subject to search when officials have reason to believe weapons, drugs, or objects prohibited by school policy or state law are contained therein. Canines may be used to search a pupil's personal belongings and vehicles and school property under joint control. Canine searches will be used to search a pupil's person when either (1) there are reasonable grounds to suspect a particular pupil of wrongdoing; or (2) the District determines that the school has a drug crisis or problem.

Please contact us if you have any questions about these searches. We appreciate your support and cooperation.

Respectfully,

Michelle Flowers

Principal, Kinney High School
