- If a different person than usual is going to be picking up your child, please call or send a note/email in advance and have office staff update the emergency card.
- If your child goes to Student Care at Gold Ridge or another facility, we will release your child to the appropriate supervisor. Please notify us of that schedule and any changes throughout the year.

Snack Time

We have a small nutrition break with our recess time. This snack is provided by families and should come to school with your child every day in their backpack. (**There is not time in our school day to eat lunch and the district does not provide food to students for this snack break.*)

Please send something simple, nutritious, and already prepared to your child's liking.

*All individually packaged snacks should be able to be opened by the student, or should be transferred to a container that they can successfully open independently.

Snack ideas: sliced apples or oranges, carrots and hummus, cheese and crackers, etc.

(*No junk food please-ie: soda, cookies, cake, chips *NO GUM OR CANDY AT ANY TIME)

- No sharing or trading of snacks.
- All snack containers should be labeled with student's name.
- Please try to avoid snacks containing nuts or nut butters
- Practice opening/closing water bottle lids securely prior to sending to school.

Optional Breakfast/Lunch

If your family wants to take advantage of the universal breakfast/lunch offering this year, it will need to be facilitated and supervised by the parent or guardian as it will fall outside the Kindergarten school day.

Please contact the front office to find out more information about how to participate in these programs.

School Supplies

All students will need to bring the following items:

- Standard-sized backpack (bring to school daily)
- Headphones (not earbuds) that comfortably fit, in a gallon-sized Ziplock bag labeled with your child's name. (Headphones will remain at school and be sent home at the end of the school year.)
- Donated gift cards (Target, Walmart, Office Depot, Lakeshore Learning) - not required but definitely appreciated as we purchase and replenish supplies for your children throughout the school year)

Behavior Expectations

Demonstrating good manners is expected at Gold Ridge. The most important things that we teach, model and work on the first few weeks of school are good manners, listening skills, and classroom routines and rules. We know that kindergarteners can be expected to be polite, respectful, and kind. Every child has the right to learn in a comfortable and safe environment and our expectations reflect this belief. We look forward to being your partner in helping your child enjoy a positive and successful school year.

Learning Expectations

Students are expected to:

Homework

- Students will have short monthly homework and reading logs throughout the year.
- Reading (being read to by an adult or reading to an adult) each night is key to developing strong reading skills.
- Kindergarten homework is not intended to be completed independently. Sit with your child, read the directions, and watch that he/she is completing it correctly.
- Turn in assignments by the due date to establish good homework habits.
- Have an area at home that is distraction-free for homework time. Have pencils, eraser, and crayons available to use.
- There will be additional opportunities for *Optional* homework throughout the year. *Optional* homework packets allow for extra practice of specific academic skills at home. This extra practice is encouraged but *does not* need to be returned to school for a grade.

Wednesday Folders

- Wednesday Folders are sent home each Wednesday. They contain school fliers, PTO news, your child's school work, and homework. There are two flaps inside: "Take Home" and "Bring Back".
- Please help your child to take care of the Wednesday Folder! Each child only gets one per year.
- Please send it back promptly Thursday morning. Students should be holding their empty folders in line at drop-off.

Volunteer Information

Classroom volunteers are an important part of our teaching program! Volunteers in class and on field trips must have a Class-2 Volunteer Badge.

- **No cake or cupcakes, please.** (The frosting is extremely problematic in large groups of young children.)
- If your child has allergies, you may bring in a special box of treats that will be set aside for class birthdays. Please label the box with your child's name.
- Birthday invitations **MAY NOT** be distributed at school. You will receive a directory to help with the addresses and phone numbers.
- Children with birthdays falling during the summer months will be celebrated at the end of the school year. We will let you know the assigned date.

Dress Code

- Please label all coats, jackets, backpacks, and sweatshirts.
- Please practice dressing skills with students before school. (ie: buttons, snaps, zippers, etc.)
- We paint, glue and play actively so choose appropriate clothing for these activities.
- Tennis shoes are preferable everyday for safety reasons.
- All shoes must be closed-toe and attach to the ankle.
- **Shoes with heels or flip flops are not acceptable at school.**
- No “spaghetti strap” tops. Straps must be at least 1 ½” wide (the width of a lasagna noodle).
- Fridays are spirit days! Wear school colors (blue and yellow) or a Gold Ridge shirt on Fridays.

Kindergarten Curriculum

FCUSD curriculum is based on the Common Core State Standards for Kindergarten.

We read and write everyday in Kindergarten to strengthen skills and build on the joy of literature! We HUG books! We LOVE to write! Some children progress faster than others -- **not all roses bloom at the same time!** Our program gives teachers tools to provide opportunities for **all** children to learn.

- Benchmark Universe Reading and SIPPS - used for language arts. Built on a solid foundation of research in best teaching practices and includes explicit, systematic instruction and quality literature.
- Envision - CCSS-aligned math curriculum. Kindergarten math involves number sense, counting, sorting, composing and decomposing numbers, number relationships, logic, algebra and geometry.
- Social Studies/Science - curriculum from TCI/Amplify. Students will work in small and large groups with hands-on lessons that also involve reading and writing.
