- Declaration of residency (affidavit) executed by the parent/legal guardian

I confirm that the above information is accurate and understand site enrollment is binding once this form is submitted.

Signature: _____

**W.E. Mitchell Middle School
An International Baccalaureate World School
Middle Years Programme (MYP)**

An Overview of the MYP

W.E. Mitchell Middle School has been an authorized IB World School since August 2015. As of December 2022, there were 7,800 schools who offer these world-renowned programmes.

Our Touchstone- the Mission and Vision Statement in Action

At Mitchell, we lead by example. We are citizens of the world and show respect for others through kind words and actions. We put forth our best effort and work hard to achieve academic excellence. We grow by taking risks and by learning from our mistakes. We believe laughter is an important part of learning. With courage, this is who we are, especially when no one is looking.

Three Fundamental Concepts of the MYP

"The aim of all IB programmes is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world" (IBO.org).

- A Holistic/Global Education
- Communication
- Intercultural Awareness

Characteristics of the MYP

- Conceptual Understanding - using content to teach big concepts and ideas
- Student centered and inquiry- based instruction
- Fostering intercultural awareness through six global contexts

Approaches to Learning Skills

The IB's Approaches to Learning Skills (ATLs) are a unifying thread throughout all MYP subject groups. These skills provide the foundation for independent learning, learning with others, and encourages the application of students' knowledge and skills in unfamiliar contexts. Developing and applying these **social, thinking, research, communication, and self-management** skills help students "learn how to learn."

Assessment and Grading

Teachers assess student knowledge using formative and summative assessments. Formative assessment guides teacher instruction and gives students feedback on their progress. Formative assessments are not calculated into the final grade. Summative assessments are assigned as a way for students to demonstrate their knowledge and to "show what they have learned". Each MYP subject area has four (4) specific grading criteria. Each grading criterion must be assessed twice per year. A student's final grade is determined based on their summative scores. Essentially, students will be graded on what they actually know rather than behavioral or compliance assignments.

The Programme Consists of Eight (8) Subjects

All students will take the following: Language and Literature (Language Arts), Mathematics, Sciences (with Design integrated), Individuals and Societies (Social Science), Physical and Health Education, Language Acquisition (Spanish, and an Art (Visual or Performing)).
