

staff close contacts

Revised 8/23/2021

Close Contact – Asymptomatic UNVACCINATED

- Quarantine for 10 days from exposure
- Self-monitor for symptoms* for 10 days from exposure date
- A COVID-19 test is recommended after **Day 5**

+

IF POSITIVE

- Isolate for 10 days from test date or symptom onset (if symptomatic)

Close Contact – Asymptomatic VACCINATED

- No quarantine unless symptoms* develop
- If symptoms develop, quarantine and get tested for COVID-19 (test recommended after **Day 5**)

+

IF POSITIVE

- Isolate for 10 days from test date or symptom onset (if symptomatic)

If a close contact has symptoms, the individual should see their healthcare provider with concerns or questions.

*Close contact is defined as within 6 feet for 15 cumulative minutes with a 24-hour period of someone with a confirmed case of COVID-19.
