

# Cordova Meadows Elementary

## SCHOOL SPECIFIC COVID INFORMATION

### CAMPUS INGRESS/EGRESS

- Closed campus instituted upon return of students on 10/19/20.
  - See ingress/egress routes for students on the following page.
- Clear signage at each ingress/egress point indicating students only, each monitored by school staff.

### SANITIZING

- Each ingress/egress point has a sanitizing station, and students are prompted to sanitize hands upon entering campus.
- There is a sanitizing station at the entry of each classroom, in addition to the sink, soap, and paper towels in the classroom. Students are prompted and have practiced sanitizing and/or washing each time they enter the classroom.
- Each classroom has a clearly marked area for items that have been handled by students and need to be sanitized between am/pm cohorts or after school.

### SOCIAL DISTANCING

- All classrooms have desks spaced 6 feet apart with floor markings.
- Dots are painted outside for each classroom to line up at beginning and end of session.
- When moving about campus, directional arrows have been painted along all major walkways at least 6 feet from one another. If students have to walk from place to place, the arrows are used as markers for lining up.

A letter and a hybrid parent agreement were sent home to families prior to the return of in-person/hybrid classes beginning that outlined and described the procedures for ingress, egress, social distancing policies, sanitation routines, and other safety related procedures.

\*The CME website directs families to contact the principal, Marie Pawlek, or assistant principal, Amber Fontaine, with any concerns.
