When she works as an AA III, she is paid old range and step. Any other job title, she is paid that range level 1.	Extra time/help if it is extra. As a less than 5-day sub, not needed. Variable time sheet indicating exact hours worked in sub position

2023-24 CLASSIFIED SUBSTITUTE/ EXTRA HELP/WORKING OUT OF CLASS/OVERTIME CHART

DEFINITIONS:

Job Title: The same job code number indicating the exact same job title.

Job Family: Anything within the same group of job titles. (i.e., Admin Elem, Admin II, Admin III, etc.)

Working out of class: Employee assumes a higher job classification for a period of more than 5 days within a 15-day calendar period. (They are only paid higher for the actual hours they are working in the higher range.) It is assumed that such a change in assignment results in a significant change in duties.

EXAMPLES:

If an IA is a yard supervisor during their regular scheduled hours, they are paid their regular rate. If they are working outside their normal hours, they are paid the yard super rate.

If a lead night custodian works for the Head custodian one day, their pay remains the same. If they cover for more than 5 out of 15 days, the night differential portion will be deducted, but head custodian range will be used for the days/hours they are subbing only. Any other hours during that time period, they will receive their regular pay.

MORE INFORMATION:

If a person who holds two or more positions performs overtime, the rate of overtime pay is based on a weighted average combination of their regular job rates.

Earned longevity stays with the Classified employee whatever job they are doing and is always included in their overtime calculation.

Classified must be paid hourly, they cannot be paid with a stipend.
