

# FOLSOM HIGH SCHOOL

## TOOLS FOR SUCCESS

### MY STUDENT IS NOT DOING WELL IN SCHOOL, WHAT SHOULD WE DO?

#### STUDENT RESPONSIBILITIES

Has your student...

- spoken with the teacher about concerns?
- reread the course expectations for policies and procedures to see if late work is accepted or extra credit given?
- met with teacher before or after school for additional help?
- utilized PAWS?
- used PAWSPORT to record assignments?
- written down assignments from the teacher's board (or taken a picture of the board)?
- visited the teacher's website?
- worked with a Peer Tutor? Counselors have a list of Peer Tutors for hire.
- asked for a seat change to minimize distractions?
- asked for a homework buddy? These students help each other if one is absent.

#### PARENT RESPONSIBILITIES

As a parent or guardian, have you...

- limited distractions at home by making sure that the TV and cell phone are off, etc.?
- set up a regular time for studying and homework?
- checked grades and assignments on PowerSchool?
- checked your student's PAWSPORT for assignments?
- checked your student's backpack to see if there is a method for organization?
- helped your student prioritize assignments and set educational goals?
