School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

School Vision and Mission:

At Kinney High School, we know the value of being present, positive, and productive and that one can never give up. We aim to offer a solid credit recovery program that is built around relationships.

The vision of Kinney High School is to offer an alternative place for learning while providing a safe, caring environment where students can improve their academic, personal and social skills to become positive, productive members of society.

Kinney High School is dedicated to student learning. We believe that all students can learn and be successful in an environment that best suits individual student learning styles, academic abilities and personal needs. We provide this through smaller class sizes, by emphasizing personal responsibility and by establishing a safe and nurturing climate, which enhances self-esteem.

School & Community Profile:

At Kinney High School, we believe that all students can learn given sufficient time and support through smaller classes, and personalized instruction that emphasizes personal responsibility in a safe and nurturing environment. Since 1919, continuation education has been an option for high school students in the State of California. In its earliest period, continuation education was seen as a means for helping the student who had to go to work, and wished to stay in school to achieve a high school diploma. Our mission is to address and serve students who are in danger of not completing high school.

As specified by law the Folsom Cordova Unified School District developed Kinney High School in 1966 as a continuation program for students. The expectation is that Kinney students will complete the same curriculum for graduation as do other students in the district and are subject to the same state and district mandated requirements. The Kinney High School student body size fluctuates over the course of a school year as we have an open enrollment policy that allows students to enter or exit as needed. While we typically serve approximately 275 students throughout a school year, we usually do not have more than 150 students enrolled at one time. The school's gender distribution was almost equal in 2019-2020 school year. The school's largest ethnic group is Hispanic/Latino, with 40% of the school's population describing themselves as Hispanic/Latino. In terms of racial subgroups, significant numbers include White at 29.5% and African American at 23%. 83% of students who attend Kinney High School are socioeconomically disadvantaged, while 31% are homeless. English Learners comprise 10% of our overall population and we serve 18 Special Education students.

Kinney High School provides an instructional setting that is different from the traditional high school in its approach to teaching. These differences are designed to provide each student with an educational program that prepares them for completion of district and State common core standards, and prepares the individual for a career or post-secondary education. In addition to completing the requirements for graduation, each student will have the opportunity to acquire the values, skills and knowledge necessary to promote lifelong learning, enhance self-esteem, and become responsible citizens. We stress the importance of being present, positive, and productive.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: 2020 August

Folsom Cordova Unified held a Public Hearing on September 24, 2020, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Kinney High School was constructed in 1966 at the corner of Folsom Boulevard and Kilgore Road and is a beautiful campus with mature trees, shrubs and well-manicured lawns. The plant is comprised of ten classrooms, a metal shop, a culinary kitchen, a media broadcast room, a media center, a Student Activities Center (SAC building), administrative offices and a staff lounge. Modernization with Measure N monies in 2016 allowed for new landscaping, a newly designed administrative office space, expansion of the culinary program to include a separate culinary classroom, ventilation and office space to the metal-shop and the creation of a new media center which houses the computer lab and library.

The principal works with the full-time head custodian and part time night custodian to ensure that the cleaning of the school is maintained to provide a clean and a safe campus. The District's School Board has adopted cleaning standards for all schools in the district. Classrooms at Kinney High School are cleaned every other day and deep cleaning occurs at winter break, spring break and summer break.

District maintenance staff ensures that work orders and repairs necessary to keep the school in good repair are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. The District participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis to assist our district with expenditures for major repair or replacement of existing school building components. All COVID-19 precautions are implemented, as safety is our number one priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

Kinney High School

The Career Technical Education (CTE) Programs at Kinney High School prepare students for success in college and careers. The CTE programs are offered in two industry sectors and two pathways. The industry sectors include Hospitality, Tourism & Recreation, Manufacturing, and Product Development. The programs concentrate on the following pathways: Food Service & Hospitality and Welding & Manufacturing.

The pathways are supported by two to five course sequences that offer rigorous, hands-on, project-based learning. The courses include Foods & Nutrition, Culinary 2, Metals 1, 2, 3, 4, and Metals Manufacturing Technology.

The development of student leadership, service and work-based learning, is supported by the Career Technical Student Organization, SkillsUSA.

The CTE Advisory boards for each industry sector meet at least once a year, and are comprised of stakeholders, business partners, and college representatives.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Parents are very important in a child's success in school. Students who enroll at Kinney High School must attend with a parent or guardian an orientation with the principal, vice principal or school counselor. During the orientation, all school rules and policies are covered, and a graduation plan is formulated.

On a daily basis, parents are notified by telephone if his/her child is absent. Parents are encouraged to contact the school for any additional information, or to set up a conference with either their child's teacher or administration. Each parent is provided a Schoolwires account in order to access grades, attendance and other important school information via the school website.

All parents are invited to Back to School Night in the fall where the staff members are available to meet with parents in order to explain classroom expectations and grading policies. The principal also discusses testing and assessment, funding for interventions and programs and new updates for the current school year. A parent survey is also given to solicit input.

For additional information about organized opportunities for parent involvement at Kinney High School, please contact Michelle Flowers Wilson, Principal, at (916) 294-9060, mflowerswilson@fcusd.org

Parents or community members who wish to participate in Kinney's School Site Council, school committees, school activities, or become a volunteer may contact Melissa Robledo, Administrative Assistant, Kinney High School, 916-294-9060, mrobledo@fcusd.org

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Our school is safe, clean and well maintained. Restrooms and eating facilities are cleaned daily. Any safety hazard that is reported is reviewed immediately and resolved. Safety plans are reviewed each fall and spring. Emergency plans have been developed and are updated annually. A calendar of monthly safety drills is posted and adhered to throughout the school year including fire, duck and cover, and active shooter/lockdown. There were three (3) student accidents reported at our site in 2019-2020.

Each year, Kinney High School complies with SB 187 that requires that the Comprehensive School Safety Plan be updated; therefore, the Kinney Safety Council updates and approves the Comprehensive Safe School Plan.

The Safe School Plan is developed should the need arise to respond to any of the following: fire, earthquake, bomb, flood, hazardous materials, nuclear attack, armed intruder, school crime, child abuse, interruption of utility services, student discipline, sexual harassment, student conduct, and student dress code. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lock down drills are held several times a year. Students are supervised before and after school, during lunch and breaks by certificated staff, classified staff, and administration as needed. There is a designated area for student drop off and pick up. Visitors are required to report to the office prior to moving around campus.

Due to COVID-19, safety has taken on a new meaning. We continue to work with the district office, the county, and medical experts to ensure all precautions are taken to ensure the health and safety of our students, families, and staff.

Each classroom is equipped with a fire and intrusion alarm sensor, a tagged fire extinguisher that has been recharged each summer, an evacuation map (showing the location of various utility shut offs) posted by at least one exit door, the Williams Act Classroom notice and the American's with Disabilities Act notice are posted. Each classroom contains a folder with laminated Hour Zero Emergency Response Card and emergency response cards. The Rancho Cordova Police Department can access Hour Zero to obtain information that can be utilized in the event of an emergency.

Types of Services Funded (Fiscal Year 2019-2020)

District Revenue Sources

In addition to general state funding, Kinney High School receives state and federal funding from the following categorical funds and other support programs: Title I, Title II, Title III English Learners, Title III Immigrant Student Program, Local Control Accountability Plan (LCAP.) Supplemental funds (English Learners/Low Income Student), Comprehensive School Improvement (CSI) funds, and state funds for after school interventions for at-risk students.

Data Sources: Data within the SARC was provided by Folsom Cordova Unified School District, retrieved from the 2019-2020 school year SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	2

Folsom Cordova Unified School District has provided up to two professional development days for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; by reading professional literature; and by networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers and site level academic, reading, math, science and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

COVID-19 has changed the face of professional development. While the opportunities can still be found, whole staff PD is more challenging to provide virtually.

Counseling & Support Staff

It is the goal of Kinney High School to assist students in their social and personal development as well as their academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The counselor to pupil ratio is full time position for 132 students. We currently have one full time MHS who covers Kinney and Prospect CDS and a school psychologist for 1 day a week.
