School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

School Vision and Mission:

The primary focus of the Prospect Community Day program is to provide a safe and comprehensive day program that enhances personal responsibility and educational growth. We aim to help them return to their comprehensive sites by making review. This requires them to have 95% attendance, a 2.0 GPA with no F's, and positive behavior. We want them to gain the skills to be successful when they do return thus avoiding being placed back at Prospect.

Our motto is:

Be Present

Be Positive

Be Protective

School & Community Profile:

The Prospect Community Day School (PCDS) Program is designed to help students in grades 7-12 be successful. Our student enrollment, changes weekly as Attendance and Due Process places students at Prospect. We average approximately 55 students.

The goals of the program are to develop the following: 1) Improved behavioral and social skills; 2) Improved work habits; 3) Improved academic skills. The PCDS Program endeavors to teach students how to do things for themselves, rather than being dependent on others. Students learn to self-advocate for his or her own needs. An important challenge is to have the students accept responsibility for their own actions. The program consists of a seven-period day. Students may receive one-on-one help and work independently or in small groups.

Four general education classroom teachers, one career technical education teacher, one Special Education teacher, and one teaching assistant make up the teaching staff. The support staff services consist of one administrative assistant, one registrar, and attendance clerk, and a nurse who comes one afternoon a week. A psychologist is also available one day per week, a counselor is on site five days a week, a marriage family therapist is available five days a week, and three behavior support aides who support teachers in the classrooms five days a week. Most of the previously mentioned positions serve both Prospect and Kinney High School as they share a campus. A campus monitor is on site five days a week and a speech/language pathologist is available as needed. A head custodian and afternoon custodian help to keep things in running order and help sanitize spaces per COVID-19 requirements.

The District Workability Program assists students with placement in jobs and supports them while on the job. We also have partnerships with local military recruiters and Folsom Lake College, part of the Los Rios Community College District. These are very valuable resources for the students.

Our staff has worked hard this year to develop a strong academic curriculum. Our math curriculum is aligned with the common core standards adopted by Folsom Cordova Unified School District and the California Department of Education. Teachers in other core curricular areas are working with the district lead teachers to incorporate common core approaches to their respective subjects. Our students have access to a computer lab/multimedia center. All students have access to Chrome-books to further support their technological classroom needs.

We continue to work on expanding our Physical Education program but our facility is limiting. In addition to our physical education course, we are receiving funding for field trips, and incentive rewards for students with excellent attendance and good behavior. Focusing on our school climate and Positive Behavior Interventions and Support (PBIS) programs. We currently only have two sections of Science to teach all 7-12 graders.

We feel that a strong partnership between parents and our staff can help our students get back to a comprehensive school and progress towards graduation. Attendance is very low.

Our goals this year: We are working on transforming the program to prepare students to "make review", to return and STAY at their home schools. This will require healing-centered practices, clear and implemented expectations, and a transition team approach when they do return to their home school. Our youth need to have the ability to address life's moral and ethical problems and make informed decisions.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: 2020 August

Folsom Cordova Unified held a Public Hearing on September 24, 2020, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Prospect Community Day school was recently constructed and is comprised of four classrooms, an outdoor athletic area, Student Activities Center (SAC), staff lounge, and a combination classroom/computer lab. In 2016, the Prospect Community Day school campus was remodeled to include improvements and upgrades to the front office, computer lab, and most of the other classrooms, in particular the Career Technical Education classes.

Cleaning Process: The principal works daily with the custodial staff of one head custodian and one part time custodian to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority is given to emergency repairs. While reviewing this report, even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation. During COVID, all precautions are being taken, as safety for all is our first priority.

Deferred Maintenance Budget: The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

Date of inspection: 10/06/2020

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Prospect Community Day school greatly benefits from its supportive parents who have served on our various committees, volunteered for events and donated items for student use. The school has a strong base of parent volunteers who are committed to providing the best opportunity for their student's success. Parents are also welcome to join both site and district level activities with the understanding that their child will be returning to home schools. The school also benefits from several community partnerships, including Folsom Cordova Community Partnership (FCCP), Folsom Lake College, US Army and other entities. The school is actively seeking partnerships with various organizations, which will extend the web of support for our students.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Michelle Flowers Wilson, Principal, or Melissa Robledo, Administrative Assistant, at Prospect Community Day School, 916-294-9060, mrobledo@fcusd.org

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Safety of students and staff is a primary concern of Prospect Community Day school. The school complies with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

The Safe School Plan is developed should the need arise to respond to any of the following: fire, earthquake, bomb, flood, hazardous materials, nuclear attack, armed intruder, school crime, child abuse, interruption of utility services, student discipline, sexual harassment, student conduct, and student dress code. Each classroom is equipped with a fire and intrusion alarm sensor, a tagged fire extinguisher that has been recharged each summer, an evacuation map (showing the location of various utility shut offs) posted by at least one exit door, the Williams Act Classroom notice and the American's with Disabilities Act notice are posted. A laminated Hour Zero Emergency Response Card and emergency response cards are located in each classroom. The Rancho Cordova Police Department can access Hour Zero to obtain information that can be utilized in the event of an emergency. We did add 10 security cameras to our campus this school year. During the 2019-20 school year, there were eight reported student accidents.

Due to COVID-19, safety has taken on new meanings. We work closely with our district office, the county, and medical professionals to ensure all precautions are in place to keep our students, families, and staff healthy and safe.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lock down drills are held several times a year. Students are supervised before and after school, during lunch and breaks by certificated staff, classified staff, and administration as needed. There is a designated area for student drop off and pick up. Visitors are required to report to the office prior to moving around campus.

District Revenue Sources

In addition to general state funding, Prospect Community Day School receives state and federal funding from the following categorical funds and other support programs: Title I, Title II, Title III English Learners, Title III Immigrant Student Program, LCAP Supplemental funds (English Learners/Low Income Student), Comprehensive School Improvement (CSI) funds, and state funds for after school interventions for at-risk students.

Data Sources: Data within the SARC was provided by Folsom Cordova Unified School District, retrieved from the 2019-2020 school year SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Number of school days dedicated to Staff Development and Continuous Improvement	2	2	2

Folsom Cordova Unified School District has provided up to two professional development days for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; by reading professional literature; and by networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers and site level academic, reading, math, science and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

Counseling & Support Staff

It is the goal of Prospect Community Day School to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, and handling peer pressure.

We currently have on site a full-time counselor, a school psychologist one day a week, a full-time Mental Health Specialist (MHS) for Kinney and Prospect.
