2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Vision and Mission:

We expect all students, parents, and staff to work as a team to promote the maximum academic, social, and emotional growth of each student.

Russell Ranch Elementary School is committed to carrying out its mission by:

- 1. Providing a safe and positive learning environment.
- 2. Providing caring and talented teachers.
- 3. Communicating effectively with parents and students.
- 4. Developing students' self-esteem.
- 5. Promoting student success and responsibility.
- 6. Recognizing positive growth and accomplishments.
- 7. Increasing the involvement of parents and community in school activities.
- 8. Promoting comprehensive individualized academic expectations, through Response to Instruction/Intervention (RtI), Multi

Tiered Systems of Support (MTSS) or enrichment as needed.

- 9. Providing opportunities for students to enrich and expand their school experiences through both classroom and extracurricular activities.
- 10. Promoting appropriate integration of technology into the classroom.

School & Community Profile:

Russell Ranch Elementary School is one of 21 elementary schools in the Folsom Cordova Unified School District. Located along the Highway 50 corridor, beautifully positioned in a well-thought-out neighborhood, surrounded by Folsom's finest establishments and scenery. Russell Ranch Elementary School has the distinct pleasure of being a California Distinguished School in 2014, 2018, and 2020. We fly our Distinguished School flag proudly, as it represents every part of our campus efforts and all who step on our grounds. All of our educational programmings operate with three tenets in mind: "All means all," "We are here for the children," and "Parents are their children's first teacher."

Russell Ranch Elementary School provides a challenging curriculum while allowing students to explore and develop their interests and talents. All students are assessed formally throughout the year, and ongoing assessments guide the development of appropriate interventions and enrichment programs to meet the needs of all students. Our Multi-Tiered Systems of Support (MTSS) schedule provides reduced class sizes to provide instruction for students in Gifted & Talented Education (GATE) accelerated classes and targeted instruction for remediation and extra supports. Due to the support of our Parent-Teacher Association (PTA), Intel Corporation funds, and parents, we are able to offer extended-day programs, interventions, Science Technology Engineering & Math (STEM) curriculum, and a variety of after-school clubs, (i.e. Chess Club, Robotics Club, Engineering, Computer Club, and Musical Theater). Russell Ranch Elementary School maintains a positive school environment through the teamwork efforts of our staff, students, and parents. Our hardworking school staff is expected to model the behavior we expect from our students. We expect our students to be Respectful, Responsible, Friendly, and Safe. Our Blackboard Connect messages (voice, emails, and text), school marquee, and School Wires web pages on our website allow for maximum communication from the school to the members of our community. Frequent communication and strong parent involvement allow for an informed and positive learning environment.

In the spring of 2018, Russell Ranch Elementary School received a grant of \$20,000 through the State of California's Scholar-Dollars program. Those monies have helped convert our former computer lab space into an incredible Innovation Station/Maker's Space/STEM lab. The Innovation Station includes two 3-D printers, a magnetic whiteboard planning area, an interactive Lego wall, an interactive Promethean Board, storage, project space, and modular furniture designed for group and individual work with ergonomic, flexible, and mobile seating options throughout the space. The projects, curriculum, and lesson plans will be sponsored by each grade level as we adhere to Next Generation Science Standards (NGSS) and core curriculum support materials. This space will be a constant work in motion, allowing for exploration, creativity, processing, and design.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at $\underline{\text{https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp}}$

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on January 20, 2022, and determine that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Russell Ranch Elementary was originally constructed in 2007. The campus is comprised of 29 classrooms (special education and general education students), a gym/multipurpose room/cafeteria, library, staff lounge, computer lab, and three playgrounds.

Cleaning Process: The principal works daily with the custodial staff of three (three full-time) to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget: The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

Date of inspection: September 17, 2021

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

District services are provided. Parent volunteers, interventions by highly qualified teachers, and extended-day opportunities are available. Russell Ranch Elementary School provides a thorough Back to School Night, Open House, committee meetings, and principal/parent get-togethers to facilitate better parent communication to support home and school communication.

District services are provided as needed or allotted. Staff, parents, and community review site plans and goals through PTA, School Site Council, parent meetings, English Learner Advisory Committee (ELAC) meetings, Site Council, and we have an open-door policy. School Site Council is composed of five or more parents and five or more school staff.

District services and funding are provided for the direct support of the classroom, materials, and supplies as well as staff development. Staff and student needs are monitored and addressed for needs vs. want, and we triage as budget allows throughout the year.

District services and funding are provided, also including PTA, Intel Corporation, Community donations, and grant matching.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety of students and staff is a primary concern of Russell Ranch Elementary School. The School Site Safety plan is reviewed and updated each year by the School Safety Committee and approved by the Folsom Cordova Unified School District Board of Trustees. All revisions are communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. The school stays in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held several times a year, as needed. Students are supervised before and after school by certificated staff/classified staff/principal, and certificated staff/classified staff/principal supervise students during lunch. Certificated staff/classified staff help with supervision during lunch and break periods. There is a designated area for student drop off and pick up before and after school throughout the day and multiple schedules. During the 2020-2021 school year, there were zero reported student accidents.

Child Abuse Reporting: Teachers and other school employees are required by law to report any cases of suspected child abuse or child neglect. Reports are investigated by the Department of Social Services to determine if any follow-up on the report is necessary.

Russell Ranch has created a school-wide positive support plan in order to communicate high standards and expectations and to hold students accountable for their behavior. The discipline plan is given to every student and reviewed in a classroom presentation. Staff members consistently enforce the school-wide standards. School staff is trained in the Positive Behavioral Intervention and Supports (PBIS) program, and additionally, our staff uses the Second Step Curriculum throughout the grade levels.

Procedure to Notify Teachers of Dangerous Pupils: If a student is deemed dangerous because of behavior at school or behavior outside of school, which has been dealt with by county juvenile authorities, the teacher of the student will be promptly notified of the status of the student.

Sexual Harassment Policy: Russell Ranch strictly adheres to district policies, which prohibit sexual harassment or discrimination of any kind. The sexual harassment policy is distributed to each student at the beginning of the school year. All employees are advised of their duty to take prompt action if they become aware of any incidents of sexual harassment.

School-wide Dress Code: Russell Ranch believes that a clearly defined dress code contributes to a positive school environment. The primary standards for student dress and grooming are as follows: the student should be neat and clean; the student should wear clothing that does not compromise safety or modesty or that is disruptive to the educational process.

Professional Development

Folsom Cordova Unified School District has provided up to two professional development days for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; by reading professional literature; and by networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers, and site level academic, reading, math, science, and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
