# Folsom High School 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year) 

General Information about the School Accountability Report Card (SARC)

SARC Overview

## DataQuest

## California School Dashboard

## Internet Access

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest// that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 24, 2023, and determine that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

Folsom High School/Folsom Lake High is located along Highway 50 and serves the growing city of Folsom in Sacramento County. Single-family homes, apartments, and business structures continue to be built at a rapid pace. A new community, Folsom Ranch, is currently under development on the south side of Highway 50 and is expected to add 10,000 new homes, a new high school, a middle school, and five elementary schools over the next decade or so. FHS, built in 1922, was the first high school within FCUSD and moved to the present campus in the fall of 1998 and has 101 classrooms. The campus sits on sixtyfive landscaped acres abutting a reservoir and includes several athletic facilities and fields as well as a professional theater. Even though the facility is 22 years old, it maintains an overall good state of repair, and many who see the campus for the first time mistake it for a community college. The school includes a Learning Resource Center (library), TV studio, theater complex, stadium complex, seven computer labs, two gymnasiums, weight room, dance room, science labs, food service area, and many academic classrooms. In November of 2014, the Folsom Community overwhelmingly passed the Measure G schools bond in order to support the addition of new school facilities and to support facility upgrades, technology, and infrastructure updates. In the summer of 2017, Folsom High School added the Measure G funded auxiliary gymnasium and physical education classroom. Additionally, the bond-funded the installation of 80 -inch televisions or projectors, Apple TVs, and iPads in every instructional space on campus. Our new Career Technical Education (CTE) building was completed in August of 2020. The new CTE building houses the Manufacturing and Product Development, computer science, engineering, and architect pathways,

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards is available at the school office, at the LEA office, or on the Internet at https://www.fcusd.org/Page/41590. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The LEA participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-fordollar basis, to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2023/24 school year, the LEA has budgeted $3 \%$ percent of the LEA's general fund budget for the deferred maintenance program.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

| Subject | School <br> $2021-22$ | School <br> $2022-23$ | District <br> 2021-22 | District <br> 2022-23 | State <br> 2021-22 | State <br> 2022-23 |

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.
Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 Career Technical Education Programs

Folsom Cordova Unified School District defines its career pathways following the 12 Elements of High Quality CTE Programs and the requirements of Perkins V (Strengthening Career and Technical Education for the 21st Century Act). The Career Technical Education (CTE) Programs at Folsom High School prepare students for college and career readiness. The CTE programs are offered in five industry sectors and seven pathways. The industry sectors include Arts, Media and entertainment, Engineering and architecture, Information and Communication Technology, Manufacturing and Product Development, and Multiple Industry Sectors. The programs concentrate on the following pathways: Graphic Design, Film/Video Production, Architectural Design, Engineering Design, Product Innovation and design, Systems Programming, and Work-Based Learning.

Pathways are supported by two to three course sequences that offer rigorous, hands-on, project-based learning. The courses offer A-G college preparatory status and early college credit through California State University Sacramento, dual enrollments with Folsom Lake College, and AP exams.

CTE courses include Digital Art 1, Digital Art 2, AP Digital Art, Video Production 1, Video Production 2, TV Occupations, Introduction to Engineering Design (Project Lead the Way), Honors Principles of Engineering (Project Lead the Way), Honors Civil Engineering \& Architecture (Project Lead the Way), Advanced Drafting \& Architecture, Exploring Computer Science, Computer Science \& Programming, AP Computer Science A, Manufacturing \& Product Design, Advanced Manufacturing \& Product Design, Honors Manufacturing \& Product Design, and CTE Internship.

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios, industry certifications, and other means. Summer work-based learning is available through the District's CTE Summer Preceptorship Program.

The support and development of student leadership, professional skills, service learning, and work-based learning is supported by the Career Technical Student Organization SkillsUSA.

The CTE Advisory boards for each industry sector meet at least once a year and are comprised of stakeholders, business partners, college representatives, and students.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

The Parent Teacher Student Association (PTSA) is committed to supporting quality education and good health and welfare for all Folsom High School students. The PTSA meets once a month. They welcome new parents and encourage them to get involved.

The Athletic Booster Club supports all the sports programs and offers parents an opportunity to become involved in their son/daughter's athletic endeavors. Athletic booster club members often develop new friendships with parents who have similar interests.

The Music Booster members are dedicated to promoting music education for all students. They support events and competitions hosted by Folsom High School. Whenever possible, they work collaboratively to assist the middle schools and partner with local civic organizations.

The School Site Council (SSC) is comprised of parents, students, and staff. The SSC's basic principle focuses on the individuals who are most affected by the operation of their school and provides them with a major role in the decision-making process regarding how their school functions. The SSC annually develops and revises the school's site improvement plan.

Parents have recently served on the school's Positive Behavior, Intervention, and Support/Challenge Success team that has worked with Stanford University to improve the achievement and health of all students.

Parents are also serving as parent representatives on the school's Culture and Diversity Student Council, which includes 87 students, 5 teachers, 2 counselors, 2 administrators, 1 mental health specialist, and 3 parents.

For additional information regarding opportunities for parent involvement at Folsom High School, please contact Howard Cadenhead, Principal, at 916-294-2400, extension 415110.

other instructional practices. FCUSD district staff works collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options.

In addition, Folsom High School teachers, administrators, and counselors utilize the Professional Learning Community (PLC) model to develop goals for the school year that are aligned with the school's Western Association of Schools and Colleges (WASC) Action Plan and Single Plan for Student Achievement (SPSA) goals aligned with the district's Local Control and Accountability Plan (LCAP). Folsom High developed a Professional Development team comprised of one teacher representative from each academic area. This group meets on a monthly basis to develop a plan for delivering differentiated professional development to all teachers. Whole-staff professional development is provided when appropriate. Instructional Aids receive professional development on a monthly basis.

This table displays the number of school days dedicated to staff development and continuous improvement.
