2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office. |
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Vision and Mission:
The primary focus of the Prospect Community Day program is to provide a safe and comprehensive day program that enhances personal responsibility and educational growth. We aim to help them return to their comprehensive sites by making reviews. This requires them to have 95% attendance, a 2.0 GPA with no F's, and positive behavior. We want them to gain the skills to be successful when they do return thus avoiding being placed back at Prospect. We are always trying creative new ways to engage all students and keep them connected to the school.

Be Positive

* I will keep my hands and feet to myself and avoid play fighting at all times.

* I will use school appropriate language and gestures with everyone.

* I will treat others with respect.

* I will dress appropriately and follow the dress code.

*I will follow staff directions the first time they are given and follow all school rules.

Be Present

* I understand I need to have good attendance, grades, and behavior to make reviews and I commit to doing so.

* I will arrive at school on time and to each class on time every day.

* I will turn my phone in office staff at the beginning of every day to avoid being distracted.

* I will come to school with an open mind and a clear head.

Be Productive

* I accept that my choices have consequences, good and bad, and I will not blame others for those consequences.

* I will own my role in making reviews. I must have excellent attendance, positive behavior, and good grades (2.0, no F's.)

*   I will be the best student I can be by taking responsibility for my education.

* I will continue to be successful when I return to my school by continuing to practice these Prospect expectations.

School & Community Profile:
The Prospect Community Day School (PCDS) Program is designed to help students in grades 7-12 be successful. Our student enrollment changes weekly as Attendance and Due Process place students at Prospect. We average approximately 55 students.

The goals of the program are to develop the following:1) Improved behavioral and social skills; 2) Improved work habits; 3) Improved academic skills. The PCDS Program endeavors to teach students how to do things for themselves, rather than being dependent on others. Students learn to self-advocate for his or her own needs. An important challenge is to have the students accept responsibility for their own actions. The program consists of a seven-period day. Students may receive one-on-one help and work independently or in small groups.

Four general education classroom teachers, one career technical education teacher, one Special Education teacher, and one teaching assistant make up the teaching staff. The support staff services consist of one administrative assistant, one registrar, and a nurse who comes one afternoon a week. A psychologist is also available two days per week, a counselor is on site five days a week, a marriage family therapist is available five days a week, and three behavior support aides who support teachers in the classrooms five days a week. A campus monitor is on site five days a week and a speech/language pathologist is available as needed. A head custodian and afternoon custodian help to keep things in running order.

The District Workability Program assists our special education students. We also have partnerships with local military recruiters and Folsom Lake College, part of the Los Rios Community College District. These are very valuable resources for the students.

Our staff has worked hard this year to develop a strong academic curriculum. Our math curriculum is aligned with the common core standards adopted by Folsom Cordova Unified School District and the California Department of Education. Teachers in other core curricular areas are working with the district lead teachers to incorporate common core approaches to their respective subjects. Our students have access to a computer lab/multimedia center. All students have access to Chromebooks to further support their technological classroom needs.

We continue to work on expanding our Physical Education program, but our facility is limited. In addition to our physical education course, we are receiving funding for field trips, and incentive rewards for students with excellent attendance and good behavior. Focusing on our school climate and Positive Behavior Interventions and Supports (PBIS) programs.

Our staff has hosted a back-to-school night so that parents and staff can discuss program expectations. We feel that a strong partnership between parents and our staff can help our students get back to a comprehensive school and progress toward graduation. Attendance is very low.

Prospect community day school has embraced a Community Schools model for how we approach student learning and emotional wellness. Pillar 2 focuses on culturally responsive instructional practices during the school day and in extended learning opportunities. We are committed to productive instructional strategies that support motivation, competence, and self-directed learning. These curriculum, teaching, and assessment strategies feature well-scaffolded instruction and ongoing formative assessment that support conceptual understanding, take students' prior knowledge and experiences into account, and provide the right amount of challenge and support on relevant and engaging learning tasks.

Our goals this year: We are working on transforming the program to truly prepare students to "make review" and return and STAY at their home schools. This will require healing-centered practices, clear and implemented expectations, and a transition team approach when they do return to their home school. Our youth need to have the ability to address life's moral and ethical problems and make informed decisions.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 24, 2023, and determine that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Prospect Community Day School has 4 classrooms, a multipurpose room, and an administration building. The school was built in 2016. In 2016, the Prospect Community Day school campus was remodeled to include improvements and upgrades to the front office, computer lab, and most of the other classrooms, in particular the Career Technical Education classes.

Cleaning Process: The principal works daily with the custodial staff of one head custodian and one part-time custodian to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards is available at the school office, at the LEA office, or on the Internet at https://www.fcusd.org/Page/41590. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget: The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. For the 2023/2024 school year, the LEA has budgeted 3% percent of the LEA's general fund budget for the deferred maintenance program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Folsom Cordova Unified School District defines its career pathways following the 12 Elements of High Quality CTE Programs. The CTE program at Prospect Community Day School is offered in one industry sector and one pathway. The industry sector is Manufacturing & Product Development, and the pathway is Welding & Materials Joining.

The one course, Introduction to Metals is offered to 10th grade students and older. The single course aligns with the sequence of courses offered in the CTE Program of Study at Kinney high school.

C. Engagement	State Priority: Parental Involvement
	The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Prospect Community Day school greatly benefits from its supportive parents who have served on our various committees, volunteered for events, and donated items for student use. The school has a strong base of parent volunteers who are committed to providing the best opportunity for their student's success. Parents are also welcomed to join both site and district level activities with the understanding that their child will be returning to home schools. The school also benefits from several community partnerships, including Folsom Cordova Community Partnership (FCCP), Folsom Lake College, US Army, and other entities. The school is actively seeking partnerships with various organizations, which will extend the web of support for our students. We involve parents, school staff, and students in the planning and implementation of the site council decisions. It should be noted that it is extremely challenging to get parents to engage with the school. By the time a student is expelled from their comprehensive school, parents have often lost faith in the school system. Prospect community day school has embraced a Community Schools model for how we approach student learning and emotional wellness. We have been involving parents and the community in connecting them to resources they may need.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Allen Sims, Principal, or Melissa Robledo, Administrative Assistant, at Prospect Community Day School, 916-294-9060, mrobledo@fcusd.org

2023-24 School Safety Plan

The safety of students and staff is a primary concern of Prospect Community Day school. The school complies with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. There were two (2) student accidents reported in 2022-2023.

The Safe School Plan is developed should the need arise to respond to any of the following: fire, earthquake, bomb, flood, hazardous materials, nuclear attack, armed intruder, school crime, child abuse, interruption of utility services, student discipline, sexual harassment, student conduct, and student dress code. Each classroom is equipped with a fire and intrusion alarm sensor, a tagged fire extinguisher that has been recharged each summer, an evacuation map (showing the location of various utility shut offs) posted by at least one exit door, the Williams Act Classroom notice, and the Americans with Disabilities Act notice are posted. A laminated Hour Zero Emergency Response Card and emergency response cards are located in each classroom. The Rancho Cordova Police Department can access Hour Zero to obtain information that can be utilized in the event of an emergency. We have also started to use Catapult EMS which is an app that provides emergency information to the district safety team, staff, and school resource officers.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held several times a year. Students are supervised before and after school, during lunch and breaks by certificated staff, classified staff, and administration as needed. There is a designated area for student drop off and pick up. Visitors are required to report to the office prior to moving around campus.

Professional Development

Folsom Cordova Unified School District provided staff with two optional professional development days this school year. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service training is provided through Professional Learning Communities (PLC) training, lead teachers, Teachers on Special Assignment (TOSA), and site-level academic, reading, math, science, and technology coaches. Professional development was also offered on the Science of Reading (SOR), English language development, Positive Behavior and Intervention Supports (PBIS), and on

Professional Development

other instructional practices. FCUSD district staff works collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options. All staff received RTI training this year through Solution tree conferences. Staff also took advantage of the PBIS conference in the state to provide training and information to staff. Thursdays has become the shorter day and supports professional Development. This allows PCDS staff and Kinney staff to collaborate with each other. Currently focus is on Professional Learning communities (PLC). Teachers are working together to improve their own instructional practices to support student outcomes.

Counseling & Support Staff

It is the goal of Prospect Community Day School to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, and handling peer pressure.

We currently have on site a full-time counselor, a school psychologist two days a week, a full-time Mental Health Specialist (MHS) for Kinney, and SCOE clinician at prospect.
