2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

School Vision and Mission:

Blanche Sprentz supports the Folsom Cordova Unified School District vision: Empowering All Students to Thrive Through Educational Excellence. Our mission is to ensure evident levels of growth for all students in academic achievement and social emotional learning, through a positive, creative, and culturally responsive school climate in partnership with students, staff, families, and the community. Blanche Sprentz students are provided with an environment that is safe, kind, respectful, and educationally inspiring. Our school climate encourages openness, trust, self-esteem, self-determination, and respect for self and others. We provide ongoing opportunities for learning and continuously focus on student achievement.

School & Community Profile:

Blanche Sprentz Elementary, or BSE, is located on a tiered hillside just a few miles east of the American River and south of Folsom Lake, in north Folsom, California. BSE has a rich heritage of community pride and neighborhood charm. The campus presents an inviting landscape as it sits on the corner of Flower Drive and Willowmere Drive with its well-maintained landscape and clean aesthetic. It is complemented by the beautiful and spacious Ed Mitchell Park equipped with tennis courts, and neighborhood dog walkers, making it a hub for our community.

The school enrollment was 355 students in the 2021-2022 school year, which is a .03% increase. Of the total number of students enrolled, 22% were identified as socioeconomically disadvantaged. In addition, 9% of our students were English Language Learners (ELL). The school's largest ethnic group is white, with 55% of the school population identifying themselves as white. In terms of racial subgroups, significant numbers include Hispanic at 21.2%, two or more races at 9.2%, and Asian at 11.5%. All of our teachers hold state-approved teaching credentials. We have a library clerk and parent coordinator who facilitate educational opportunities for all our students. All of our educational programs operate with three tenets in mind, "All means all," "We are here for the children," and "Parents are their children's first teachers."

A. Conditions of Learning

State Priority: Basic

- The SARC provides the following information relevant to the State priority: Basic (Priority 1):
- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
 - Pupils have access to standards-aligned instructional materials; and
 - School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 25, 2022, and determine that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

The degree to which our school buildings and grounds provide space and safety for teaching and learning is excellent for the 2021-2022 school year. Blanche Sprentz Elementary School was modernized in 2003. All plumbing, electrical systems, lighting, heating, and cooling were major parts of this modernization. Also with the modernization, Blanche Sprentz updated the fire alarm system, wired the school for the internet, and set up a new computer lab with 32 Pentium 4 computers. Efforts to keep the current grounds clean and in good repair are addressed daily. To ensure that school facilities are kept in good repair and safe, work orders are submitted immediately. The site custodian addresses any concerns in a timely manner. A comprehensive camera system was installed in the summer of 2020, and student desks and tables were replaced in November 2020. The site is currently under construction to build a new multipurpose room and cafeteria and is scheduled to be completed in June of 2023.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	57	N/A	59	N/A	47
Mathematics (grades 3-8 and 11)	N/A	46	N/A	48	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Blanche Sprentz utilized a variety of outreach efforts for input and feedback on the development of our School Plan for Student Achievement (SPSA). Our School Site Council (SSC) provides input into the plan during our scheduled meetings, noting areas of concern and growth. Our SSC met in May to discuss needs and concerns for the upcoming school year. Our site council and the staff reviewed the final SPSA in September 2022. In composing this year's SPSA, our principal used survey results data from the California Healthy Kids Survey, and Panorama Social Emotional Learning Survey, as well as reflected on teacher and community input collected anecdotally during the 2021-2022 school year.

Throughout the year, Blanche Sprentz involves our school community, including parents, staff, and students, in developing and monitoring our school plan. The following groups continue to monitor and have input into the plan throughout the year:

Site Leadership teams: Guiding Coalition & Climate Facilitator Team, bimonthly

School Site Council (SSC) meets 6 times a year (reviews and approves the plan by September 1, 2022; monitors throughout the year)

English Learner Advisory Committee (ELAC) minimum 3 times a year

Parent Survey (fall and spring)

Every Student by Name (ESBN) meetings three times a year

Consultations with the Director of Categorical Programs (ongoing)

Faculty meetings (LCAP workshop and review)

Blanche Sprentz offers a variety of ways parents and families can participate in and contribute to their child's learning environment. Our parent coordinator helps parents and community members make an impact through volunteering, with opportunities including at-home helpers, room parents, reading tutors, classroom helpers, field trip chaperones, club facilitators, fundraiser participation, library support, and Parent Teacher Association (PTO) membership. Additionally, there are opportunities for parent involvement through Folsom Community Service Day, our annual fall Back to School Picnic, Spooky Sprentz, DaVinci Day, Book Fairs, teacher appreciation activities, and annual end of the year Field Day.

2021-22 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.57	3.25	2.45
Expulsions	0.00	0.06	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Professional Development

Folsom Cordova Unified School District has provided up to two professional development days for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers, and site level academic, reading, math, science, and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

It is the goal of our staff to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision-making, or handling peer pressure. Teachers are implementing 20 lessons of the Second Step Social Emotional Curriculum.

In addition: Blanche Sprentz participates in site Professional Learning Teams in the areas of ELA and Math, Special Friends, and SIPPS interventions during the school day, and an emotional support program by a district Social Worker. Nine certificated teachers have committed to intensive professional development in the Language Essentials for Teachers of Reading and Spelling (LETRS), the Professional learning that provides K–5 teachers with deep knowledge to be literacy and language experts.
