2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Theodore Judah Elementary is one of 21 elementary schools in the Folsom Cordova Unified School district. We are located in the city of Folsom; a culturally and socioeconomically diverse city located approximately 15 miles east of Sacramento. We operate on a traditional calendar, August-May, with school hours between 8:15 - 2:45. During the first month of the 2022-2023 school year, 626 students were enrolled in kindergarten through grade 5. Data from that year shows that our population was 44.48% Asian, 29.6% White, 19.84% Hispanic, 10.38% in two or more race categories, and 4.32% African American.

At Theodore Judah Elementary, we respect and celebrate individual differences. The staff and administration are committed to inspiring our student body to become lifelong learners. Our school serves the needs of general education and special education students in grades kindergarten through fifth. We proudly offer programs that serve the individual academic, and Social-Emotional Learning (SEL) needs of our students. Our programs address the special education needs of students through our Learning Center, speech services, and Occupational Therapy (OT). We provide English Learner support through classroom instruction, the support of a Bilingual Support Aide, and intervention. Enrichment opportunities are offered through after-school clubs and teacher-led initiatives. We are equipped to help our students with their social and emotional needs through the availability of our school psychologist (mentoring), our social worker (counseling), our use of Responsive Classroom (RC) practices in every classroom, and our delivery of Second Step social emotional learning curriculum. Theodore Judah is a Positive Behavior Intervention Support (PBIS) school. We teach the Second Step curriculum in grades K-5. Our teachers are trained in Responsive Classrooms and focus on implementing these practices in our classrooms.

A distinguishing characteristic of Theodore Judah is that in addition to serving our neighborhood community ("Core") we host the Academy for Advanced Learning ("Academy"). This Academy is a selective program that serves the needs of gifted and high-achieving students from throughout our district and surrounding areas. There are currently two Academy classes for each grade level, 1-5. We currently have 2 kindergarten classes, 4 first grade (2 core 2 Academy), 4-5 second grade (2.5 core and 2 Academy), 4.5 third grade (2.5 core and 2 Academy), 4 fourth grade (2 core and 2 Academy), 4 fifth grade classes (2 core and 2 Academy), and one learning center classroom. We have a full-time credentialed physical education teacher. To help address the academic and social-emotional needs of our students we have a school psychologist 1.5 days a week, a social worker 5 days a week, a full-time Intervention teacher, and two instructional support aides.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 25, 2022, and determine that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Theodore Judah Elementary is comprised of 25 classrooms, a multipurpose room/cafeteria, a library, a staff lounge, a computer lab, a science lab, a learning center, and a playground. The principal communicates regularly with the custodial (three full-time) staff to ensure the school is maintained to provide a clean and safe environment. The district governing board has adopted cleaning standards for all schools in the district to which Theodore Judah adheres. A summary of these standards is available at the district office for review.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget: The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	69	N/A	59	N/A	47
Mathematics (grades 3-8 and 11)	N/A	66	N/A	48	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents are encouraged to become active partners in their child's education. They are invited to attend Back to School nights in order to receive materials about their child's classroom expectations. Information is also provided in the form of newsletters that are sent home by the principal and the classroom teacher. Our Parent Teacher Organization (PTO) maintains a website and sends regular communication to members. Some of our students at-risk are served on campus by a partnering nonprofit organization, Folsom's Hope, through an after-school program and mentoring.

Parent participation is encouraged to foster a close, cooperative relationship between home and school. Our Parent Teacher Organization (PTO) is active, providing many activities and events for Theodore Judah students and families. Our School website keeps parents informed about schedules, events, and activities happening at school. Teachers maintain their own page on our website, which allows two-way communication between teacher and parent and includes the ability for a parent to check grades and attendance. Frequent communication, regular conferences, and parent involvement in the classroom (as permitted) all help to build a positive learning environment. At Theodore Judah Elementary, we believe that relationships are an important part of school culture. Theodore Judah Elementary has a very active community program where parents, high school students, senior citizens, business people, and faith-based organizations spend time volunteering in support of students (as permitted). Many community organizations and businesses donate funds and time to our school. Each year Intel awards our school a monetary gift based on volunteer hours. These funds are used to enhance our ability to offer outstanding programs and opportunities for our entire students. Teachers collaborate to create a culture that is responsive, welcoming, and enriching for all students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

Theodore Judah School is safe and clean. Classrooms, restrooms, and eating facilities are cleaned regularly. All county and district Covid protocols are followed. Any safety hazard that is reported is reviewed immediately and resolved. Safety plans are reviewed each fall. Our school is participating in the School Emergency Response plan based on the Incident Command System that Emergency Services uses. Each month Theodore Judah practices a fire drill. Every other month we conduct a lockdown drill. We hold an active shooter drill once a year.

Our Comprehensive School Safety Plan (CSSP) encompasses disaster procedures, fire escape routes, school conduct code and discipline, sexual harassment policy, and child abuse reporting. Starting this year, there is a new format to the CSSP. While we are updating our plan to match the new format and template, our existing CSSP remains and is followed.

Professional Development

Folsom Cordova Unified School District has provided up to two professional development days prior to the start of the school year for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers, and site-level academic, reading, math, science, and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

Theodore Judah's staff completes all district-required training. Our professional development focus continues to be in the area of Social Emotional Learning (SEL) and Professional Learning Communities (PLCs). Our staff attended training in Responsive Classroom (RC) over the last three years. Many of our staff have attended PLC training and development over the last five years. We are continuing our focus on RC and PLCs this school year with training and focused staff learning time.

It is the goal of Theodore Judah Elementary to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision-making, or handling peer pressure. Site teachers, principals, and mental health specialists identify students in need of support. We use Second Step curriculum along with staff-selected focuses to explicitly teach all areas of the Collaborative for Academic, Social, and Emotional Learning (CASEL) standards. We have a monthly SEL focus and teachers deliver targeted learning units to focus student attention to the focus.
