## 2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### School Vision and Mission:

The Mission of Walnutwood High School is meeting individual needs, fostering self-esteem, and empowering lifelong learning and achievement.

The Vision of Walnutwood High School is to provide alternative individualized education for personal and academic achievement.

### School & Community Profile:

In addition to Walnutwood High School (WHS), there are nineteen elementary schools, four middle schools, three traditional high schools, one charter school, one community day school, and two continuation high schools in the Folsom Cordova Unified School District. WHS, with a four-year average enrollment of 176 students, serves students in traditional Independent Study for grades 7-12, as well as serving students in two district programs: Adolescent Parent Program (APP) and Medical independent Study (MIS). WHS is an open-entry-open-exit school.

Independent Study students typically meet with their teacher once each week for forty-five minutes. During this time, teachers verify student homework, administer tests, give instruction, and provide new assignments. Students are primarily responsible for organizing their learning activities during the week. However, the teacher is available via e-mail or telephone to assist or advise students who are in need of help with their studies. Open access tutorials, staffed by a WHS instructor and or a Special Education aide, are available for students desiring additional academic support. Chromebooks and supplemental computer programs plus internet access are available.

For many of our students, WHS is their school of choice where they attend, thrive, and make progress toward graduation. For others, WHS may not be their best option, but for a variety of reasons, it is their only option. Thus, we have a wide array of students from college-bound, self-motivated, and goal-oriented, to others who have not been successful anywhere else in their school career. We welcome them all and develop an individual education plan that best meets the needs of each student. On average 31 % of our students live in poverty and when blended with English Learners we have a 34% unduplicated count.

Some of our students participate in Home and Hospital; a program designed to address the needs of students who, for medical reasons, are unable to attend class at their home school. The District's Health Services validate the medical need and, in

conjunction with the doctor's office, determine if the student is best served at home or at WHS. Our Adolescent Parent Program (APP) serves students who are pregnant or parenting. The school has an on-site Child Development Center to care for infants and toddlers while their parents are in class. Students in APP attend classes for four hours each day where they not only work on graduation requirements but also learn essential parenting skills. Our APP students, (both mother and father) range in age from 14-19 years old.

Starting the 2021-2022 school year have the Active Community Transition Training (ACTT) for two 18-22-year-olds severely handicapped adults focusing on community-based instruction.

AB130 has created a change in the education code. An emphasis on engagement and tracking intervention has been reflected in our policy and procedures. Board Policy 6158 was adopted in July 2021 to reflect the changes in the Independent Study.

### 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 25, 2022, and determine that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

Walnutwood High was originally constructed as an elementary school and modified for an independent study high school. A modernization project was completed in the summer of 2004. Classrooms and other facilities were converted to meet the unique needs of an independent study program. Modernization included providing more teacher-student learning stations and installing new heating and air conditioning. The principal works with the custodians to ensure that the school is maintained to provide for a clean and safe school environment. A facilities directional sign was added to the school in the fall of 2005 and, with the passage of "Measure N" improved landscaping, lighting, and nighttime security were added.

**Maintenance and Repair:** District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. While reviewing this report, note that even minor discrepancies are reported in the inspection process. Any items noted in the table have been corrected or are in the process of remediation.

**Deferred Maintenance Budget:** The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

<b>Mathematics</b> (grades 3-8 and 11)	N/A	16	N/A	48	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2021-22 Career Technical Education Programs

Due to a lack of CTE teachers on our site, all CTE courses have to be completed at the student's comprehensive sites in our district that have a wide variety of offerings.

## 2021-22 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	40
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma

2020-21 Graduates Who Completed All Courses Required for UC/CSU Admission	0.00

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Walnutwood High School encourages parent involvement. We had our School Site Council (SSC) meeting with parents and staff on August 8, 2022. All parents and students attend an orientation meeting before their students enroll in Walnutwood High School. At this time, parents learn about the school, its requirements, and the opportunities available to assist their students to be successful. We have opportunities throughout the year for parents to be involved in activities such as our back-to-school barbecue, Explore Rancho, and our annual Thanksgiving Feast. Parents are also encouraged to attend meetings (such as IEP, SST, and conferences) with teachers to help their children be successful learners. Due to Measure H purchasing a van for the school, we will be able to focus on more community outreach and offsite opportunities for our students and families. Contact Information: Students within the Folsom Cordova Unified School District who are interested in exploring an independent study program should meet with their counselor and discuss whether Walnutwood High School would be a good option for them. Parents interested in exploring Walnutwood as an educational option should call the school at (916) 294-9105 and we will be happy to guide you through the process. Information is also available on our website: [www.fcusd.org/WHS](http://www.fcusd.org/WHS). Parents or community members who wish to participate in leadership teams, school committees, and school activities, or become a volunteer may contact Walnutwood High School, or Annie Conover, Principal at (916) 294-9105.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Walnutwood High School, which is located at the Community Education Center, is safe and clean with a detailed list of cleaning times and days. Restrooms, eating facilities, and the Child Development Center are cleaned daily. Classrooms are cleaned every third day. With the exceptions of our Special Education and Child development classes.

Safety plans are reviewed annually. Emergency plans are in place for any threatening incident and all of our evacuation routes, as well as duck and cover, and fire drills have been updated and are practiced as required. Recent renovations included a new phone system and emergency communication upgrades. Any safety hazard that was reported was reviewed immediately and resolved.

The Safety Plan includes the following main components: Crime Report Information, Child Abuse Reporting, Disaster Procedures, Crisis Control and Response, Critical Incident Response, Discipline/Suspension/Expulsion Procedures, Sexual Harassment, Title XIV, Fire Drills, Duck-and-Cover Procedures, Lock-Down Procedures, and School Dress Code. There was no student accident reported in our school in the 2021-2022 school year

Professional Development

Folsom Cordova Unified School District has provided up to two professional development days for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers, and site-level academic, reading, math, science, and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

Counseling & Support Staff

It is the goal of Walnutwood High to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision-making, or handling peer pressure. In addition, this year we are implementing Professional Learning Communities (PLC) at our schools. The counselor-to-pupil ratio is one to approximately 1:225  
Walnutwood staff participated in a 1-day training for APEX our online platform. During 2022-2023, the school year staff participated in two days, continuing our practice in Professional Learning Communities (PLC).

This table displays the number of school days dedicated to staff development and continuous improvement.
