

Introduction:

LEA: Folsom Cordova Unified School District **Contact (Name, Title, Email, Phone Number):** Deborah Bettencourt, Superintendent, dbettenc@fcusd.org, (916) 294-9025 **LCAP Year:** 2016/2017

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA’s goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
The district utilized a variety of outreach efforts for input and feedback on the development of the LCAP.	All major groups were noticed of LCAP work and given an opportunity to participate.
The Superintendent’s Communications Committee (the District’s PAC) includes parent representatives from every school site and student sub groups in the district, along with district employees focused on outreach and communication activities. Monthly meetings are held and specific LCAP discussions were held on September 10, 2015, January 28, 2016 (evening meeting for all parents and	It was suggested by the parent groups that the LCAP was still too lengthy and complicated for parents to fully understand. It was recommended the goals be consolidated. Based on feedback from stakeholders, a review of the Annual Report, and

staff), March 31, 2016 and May 12, 2016. The current LCAP was reviewed and additional feedback on student progress was received. The process and timeline for constituent involvement was outlined. Student achievement data and relevant topics, including Common Core State Standards, family engagement strategies, and suspensions were discussed at each monthly meeting.

At the January 28, 2016, attendees reviewed the district's current goals, and discussed how they related to the State's priorities. Comments were received about the length and complexity of the document.

The following is a list of additional committees and meeting dates where the LCAP was discussed:

Annual Update:

Beginning in January 2016 with the Goal Setting board meeting, the Board of Education reviewed the LCAP and received input and updates on a monthly basis. School improvement/progress was reviewed on September 17, 2015 and April 7, 2016.
 Board meeting dates: August 20, 2015, February 4, 2016, April 7, 2016, April 21, 2016, June 2, 2016, and June 16, 2016.

Annual Update:

In order to expand input, the following were added to the Stakeholder Engagement process. These meetings were held on the same dates as listed above.

- Principal Meetings
- PLC Meetings
- District Digest

The Student Advisory Board meeting was held on October 6, 2015, and April 7, 2016 for review and input.

Cabinet reviewed data from prior years district-wide and by sub-group. Baseline data was established.

District Instructional Leadership Team (DILT) Meetings
Program Monitors Meetings
Student Advisory Board

Students provided the following feedback on LCAP goals and services:

- 1) The addition of MFT and MSW is the best expenditure they have seen in along time because it benefits students in crisis.
- 2) PBIS across the district will be great when fully implemented. They appreciate the new anti-bullying curriculum.
- 3) Student safety is important. They support the Superintendent's new safety plan.

The District initiated a new testing/data system (iReady) and hired interventions teachers this year. After a review of the first round of District Progress Assessments, it was evident that achievement gaps still exist for students identified as Low Income, English Learners, Hispanic, African American, and Students with Disabilities.

The adoption of new ELA/ELD curriculum, will assist those only 2 grade-levels below. Additional curriculum is needed for those students more than 2 grade levels behind. District has piloted iLit and will adopt for 2016/17 only, then re-evaluate.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Original GOAL 1 from prior year LCAP:	All students will receive high quality classroom instruction and have access to curriculum which promotes college and career readiness. 1.1 Maintain the appropriate assignment of teachers who are fully credentialed in the subject areas and for the students they teach and provide support to new teachers. 1.2 Maintain schools in good repair. 1.3 All students, including English Learners, must have access to curriculum that is aligned to the state standards and access to related field trips and/or experiential learning. Original GOAL 2 from prior year LCAP:	<p>All students will receive high quality classroom instruction and have access to curriculum which promotes college and career readiness.</p> <p>2.1 Implement state standards to improve the achievement of underperforming categories of students in all content areas as measured by state testing and school APIs.</p> <p>2.2 Ensure all EL students have access to research-based EL instructional strategies to improve achievement.</p> <p>2.3 Provide access to A-G, CTE, IB, AP, and STEAM courses.</p>	<p>Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/> 6 <input type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 <input type="checkbox"/></p> <p>COE only: 9 <input type="checkbox"/> 10 <input type="checkbox"/></p> <p>Local : Specify</p>
Goal Applies to:	Schools: All students	
Expected Annual Measurable Outcomes:	<p>2.1 Provide ongoing professional development to implement state standards including math, ELA, ELD & science, and increase student proficiency and school APIs by 2%. (Establish baseline in 2015-16)</p> <p>2.2 Train all teachers and administrators in EL strategies and ELD (ie. GLAD and CORE). Increase reclassification of EL students by 2%.</p> <p>2.3 Increase the percentage of students who complete A-G requirements by 5% (from 40.1%/ 55.3%/ 62.8%). Increase the number of students who complete STEAM (CTE/STEM) courses to 4120. Increase the opportunities for elementary STEAM activities by 5%. Increase by 5% the number of students taking AP and passing with a "3" (from 1127 to 1183). Increase the number of students completing IB and AP courses by 2% (from: IB 1658 unduplicated students, AP 1029 unduplicated students)</p>	<p>Actual Annual Measurable Outcomes:</p> <p>2.1 Provided two days of professional development to implement state standards including math, ELA, ELD & science. API discontinued. CAASPP results available in August.</p> <p>2.2 Trained all teachers and administrators in EL strategies and ELD (ie. GLAD and CORE). Goal met.</p> <p>2.3 Increased the percentage of students who completed A-G requirements by at least 5% at FHS (64.6%); increased the percentage at VdL by 2.5% (64.4%); CHS shows a decrease (25.4%) (From Dataquest- one year behind). CHS shows a decrease which can be attributed to the new IB program and specific math and science courses not yet aligned with the UC A-G criteria.</p> <p>Increased the number of students who completed STEAM (CTE/STEM) courses to 7110 (CTE/CPA/PLTW = 2944; Adv. Math/Adv Science = 4166).</p> <p>Increased the opportunities for elementary STEAM activities by more than 5% from 190 to 1134 students.</p>

	<p>The number of AP tests passed with a score of "3" or above increased by 15% to 1296.</p> <p>Increased the number of students completing IB and AP courses by more than 2%. IB from 1658 to 1804 unduplicated students. 190 unduplicated DP students; 21 IB Diplomas earned. Increase in AP participants from 1029 to 1078 unduplicated students.</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>2.1 A, C, D, E, F- were met. For 2016-17 A,C,D,E, and F will be combined to emphasize a comprehensive plan that will provide ongoing professional development to implement the CCSS curriculum, Cognitive Coaching Educator Effectiveness administrator training to articulate evidence of curriculum implementation, strategies to support struggling students/learning deficits, and developing instructional strategies for support staff. Student achievement will be reflected in Goal 4. A - one-time funds for CCSS were depleted in 14/15. Funding source was changed to Base. B, I - were met. For 2016-17, B and I will be combined to provide collaboration time for Professional Learning Communities(PLC) for curriculum implementation and data analytics. D - professional development expenditures were projected at \$500,000 for PLC training, but were lower than planned based on actual participation (\$451,332). Additional \$150,000 was added for classified employees, but classified staff training was handled in-house and was department specific so there were no measurable expenditures (\$0). G, H, J - were met. For 2016-17 G, H, and J will be combined to continue use of formative and summative assessments tools that monitor student progress, track use of data and provide support for effective administration of state and local assessments.</p> <p>2.2 A, C, E, H-were met. For 2016-17 A, C, E, H will be combined to continue to fund staff (Lead Teachers, Bilingual Instructional Aides, support staff,) with a focus on providing direct support to EL, LTEL, and RFEP students with academic improvement strategies. B, I, and K were met. For 2016-17 B, I, and K will be combined to reflect an emphasis on providing focused ongoing Professional Development in best practices for EL/LI student achievement to certificated and classified staff. C - Projected salary/benefit cost based on average teacher salary. Actual staff cost was higher than the average based on FTE distribution and accurate salary schedule placement.</p>
---	--

D, F, J were met. For 2016-17-D, F, and J will be combined to maintain services for ELs that support assessment, RFEP process, and access to supplemental materials and instructional support.
 G was met. G will be included in 2.3 Continue to create opportunities using STEAM.
 Reclassification of ELs will be reported in Goal 4.

2.3

A, E, G, L, M-were met. For 2016-17 A, E, G, L, M and G from 2.2 will be combined to build awareness for students and parents of the numerous options for STEM, high level courses such as IB or AP and the college A-G requirements. CHS shows a decrease in the A-G completion rate. This can be attributed to the new IB program and specific math and science courses not yet aligned with the UC A-G criteria.

B, J, and F were met- For 2016-17 B, J, and F will be combined to continue Implementation of Naviance to support student with college and career readiness, use EAP assessments to identify college readiness and provide support and guidance.

C and I were met. For 2016-17-C and I will be combined to fund counseling, career centers, Elementary Lead Teacher, CTE/STEAM Coordinator.

C - Career Center Guidance Clerks were hired mid-year.

D - Continue in NEW 1.6 F

H and K were met. for 2016-17-H and K will be combined to continue to offer additional sciences courses and program certificates (ie: CTE, Seal of Biliteracy, AP Program, MYP and IB)

F - Illuminate Software cost for 2nd year did not include the equipment and training cost from initial startup year.

I - Projected salary/benefit cost based on average teacher salary. Actual staff cost was higher than the average based on accurate salary schedule placement.

ADD for 2016-2017 1.6 F

2.3 Provide access to A-G, CTE, IB, AP, STEAM, and VAPA courses changed from 2.3 Provide access to A-G, CTE, IB, AP, and STEAM courses.

Increase student awareness in visual and performing arts through clubs, performances, experiential learning, community partnerships and music.

ADD for 2016-2017

The Criteria for identifying GATE students will be expanded to ensure that students facing barriers to identification have an equal opportunity to be identified for participation in the program.

The number of professional development opportunities related to GATE student needs will be increased by 50%

Note: Goals 1 and 2 will be combined for 2016- 2017 as they both relate to providing high quality instruction and access to curriculum that prepares students for careers and college.

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>4.1 A - Projected salary/benefit cost based on average teacher salary. Actual staff cost was higher than the average based on accurate salary schedule placement. Did not hire academic coaches; Board authorized elementary vice principals instead due to the versatility of VPs (see goal 5.1) CAASPP results for 14/15 was 55%. Target of 60% was not met; only 59%. Will reduce percentage goal to 2% annually.</p> <p>4.2 Intervention services were provided by Intervention Teachers throughout the school year. Late hires in some math support positions. CAASPP results for 14/15 was 47%. Target of 5% growth was not met; only 50%. Will reduce percentage goal to 2% annually.</p> <p>4.3 Less summer remediation; remediation is occurring during school year. C, D, and E were met. For 2016-2017 C and E will be combined to reflect a priority on providing relevant material to build background knowledge, providing standards aligned supplemental instructional resources in English and home language (as available) NEW D Ensure EL students receive appropriate ELA/ELD curriculum and instruction through teacher support and material</p>		

	<p>training, increase framework knowledge and provide scheduling and instructional grouping guidance.</p> <p>4.4 D was met and removed from actions/services for 2016-17 Hired more experienced program specialist, added additional special education classes. Unable to fill all mental health aide positions.</p> <p>4.5 C, D, and E were met. For 2016-2017 C, D, and E will be combined to reflect an emphasis on increased awareness with curriculum articulation, transitions from grade level to school level, parent education related to kinder readiness and transitional K. F - Kinder Camp funded by other sources.</p> <p>4.6 Removed 9th grade counselors from LCAP as this is a base level staffing. Funded extra staffing at Mills Middle for double periods of Math and English. Clerks were not hired until April A, B C, and F were met. For 2016-2017 A, B, C, and F will be combined to reflect the use of data to review placement for under-performing students in support programs/courses. D, and E were met. For 2016-2017 D and E will be combined to reflect a shift to providing credits based on mastery of concepts and materials and implementation of transition plans for 9th graders that include study and test taking skills. G, H, and I were met. For 2016-2017 G, H, and I will be combined to reflect increasing counseling and staff to improve learning of targeted high need students, ELs, and Foster. H - Original estimate of \$410,900 for counselors was overstated at budget adoption. Actual expenditures projected to be \$284,726. I - School clerks hired late in school year.</p> <p>4.7 CAHSEE is no longer required. When CAHSEE was eliminated, the prep classes were also eliminated. This goal no longer applies.</p>

Approximately 30 families attended the event. College campus visits were held in the spring. Healthy Kids Survey was taken in 2015/16. Waiting for school by school results.</p>

Complete a copy of this table for each of the LEA’s goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$9,861,035</u>
<p>Folsom Cordova Unified School District's funding for Supplemental Grants based on the number of low income, foster youth, and English learner students is estimated at \$9,861,035. We focus supplemental resources in schools in Rancho Cordova, with high EL/LI populations, and target funds to Folsom schools which also have EL/LI numbers, but in lower amounts. The actions and services are focused on ensuring that students and families have access to the services necessary for student success.</p> <p>Ensuring that all students have access to high-quality first instruction requires a commitment to district-wide professional development. Teachers, principals, instructional aides, and other instructional support staff will be provided professional learning opportunities in the areas of CCSS for English Language Arts, Math, Next Generation Science Standards, English Language Development, and Universal Design of Learning (Darling-Hammond, L., Chung Wei, R., Andree, A., & Richardson, N.(2009) Professional learning in the learning profession: A status report on teacher development in the United States and abroad .Oxford, OH, National Staff Development Council). Training on the use of Professional Learning Communities (PLC) to develop a collaborative culture, with a focus on learning for all, will be provided district-wide. When PLC teams work together to establish measurable goals, collect and analyze data regarding their progress, and monitor and adjust their actions, they produce results that "guide, goad, and motivate groups and individuals" (Schmoker, 1996). These are district-wide initiatives because all teachers have unduplicated students and often transfer to/from schools with high populations of unduplicated students in Rancho Cordova.</p> <p>A positive school climate and student and parent engagement lead to student achievement. In order to improve engagement, the district is employing a number of strategies ranging from improved communication opportunities to/from the school to actual parent education courses on effective strategies that support student learning at home. Sanders, M. G., & Sheldon, S. B. (2009) Principals Matter: A guide to school, family, and community partnerships Fredricks and McColsey (2012). With the assistance of school-based coordinators, families will be provided opportunities to participate in school activities, how to assist their students in school, and in learning the English language. School-level engagement has positive outcomes, including more informed decision-making and engagement in their students' learning (Paredes, Erbsstein and Miller 2012). Student engagement cannot be separated from the learning environment, therefore, social/emotional support and a focus on improving school climate will be provided district-wide through research-based PBIS, marriage/family therapists, counselors and social workers. (Educational Psychology: An International Journal of Experimental Educational Psychology: Whole-school positive behavior support: effects on student discipline and academic performance 2005). Every school has a population of unduplicated students whose parents need school connectedness. This program was piloted first at our elementary schools and expanded to the middle schools this year because of its success.</p> <p>In order to be career and college ready, academic supports are needed for struggling students, both unduplicated and those not identified in EL/LI/Foster Youth subgroups. Intervention teachers will be provided at most schools, based on the number of identified students. This is consistent with Bryk's book, Organizing Schools for Improvement, in which learning centers are used for underperforming students to have access to certificated teachers, and have a learning plan after a diagnosis, treatment and interventions are identified. The intervention will be specific and do so in the zone of proximal development and connected to the regular classroom instruction. Furthermore, intervention</p>	

at an early age has been shown to produce lasting effects on student achievement (Designing and implementing a multi-tiered system of support which includes academic support and interventions beginning with young students (Multi-tier system of supports (MTSS) by Averill, Higgins and Rinaldi 2012). FCUSD is providing additional preschool opportunities beyond what the state provides, a kindergarten readiness program, and transitional kindergarten targeted at unduplicated students. (Proven Benefits of Early Childhood Interventions (2005) Karoly, Kilburn, Cannon, Rand Corporation)

The purchase of district-wide software programs (Naviance, Illuminate, iReady) and intervention supports such as intervention teachers, tutors and summer school are principally directed towards unduplicated students. The software programs identify the skill gaps and intervention commences both during the school year and summer school.

The following summary describes the use of supplemental funding:

Support to unduplicated students:

- Provide English learner translation and interpreter services (\$1,073,000)
- Monitor immunizations, attendance and behaviors that can be barriers to learning (\$1,005,000)
- Provide additional clubs, sports, after school activities and field trips (\$495,000)
- Increase early education opportunities (\$202,000)
- Provide additional academic counseling (\$295,000)

For all students (district-wide or school-wide approach as this is most effective in supporting EL/LI/Foster Youth):

- Access to college planning strategies and high-level courses preparing students for college (\$648,000)
- Provide professional development for instructional staff (\$1,015,000)
- Curriculum development with testing supports and services (\$668,000)
- Provide academic intervention including ELD, math, intervention specialists, literacy coach, tutors, and summer school, principally focused on EL/LI and Foster Youth (\$3,942,000)
- Positive school climate (\$840,000)
- Parent and community engagement (\$417,000)

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

6.85	%	<p>Naviance software (to support college and career readiness) is available to all students. Additional counselors and guidance clerks have been hired at schools with high populations of unduplicated students to assist those students and parents with access and utilization.</p>
------	---	--

Elementary STEM Lead Teacher hired to develop hands-on lessons for use in classes with high populations of unduplicated students who often don't have background and opportunities.

Using supplemental funds, the district purchased musical instruments for use by, unduplicated students who can't afford to rent instruments for at-home use.

Unduplicated students often lack the background knowledge and experience gained through opportunities afforded other students. In order to equalize opportunities, supplemental funds are being used to fund for extra curricular activities and experiential learning. In addition to supplemental funds, the City of Rancho Cordova, through its Measure H funding, has approved the following district applications to benefit unduplicated students in Ranch Cordova: science field trips, STEM activities, Crocker's Artist-to-Go and Meet the Masters, Home Visitation Project, additional after-school funding to augment ASES, school gardens, percussion play equipment, mentoring programs and scholarships for all Rancho Cordova graduates to the local community college.

The district is implementing changes to provide positive school climate on a district-wide basis using supplemental funds. Often times, unduplicated students are isolated due to language or cultural differences from their peers. Also, low income students, including homeless students, have barriers to learning (family relationships, attendance, counseling needs, lack of immunizations) that the family can't always provide. The district has hired MSW, MFT, nurse and a Child Welfare Officer to focus on reducing the barriers to learning and Academic Support Teachers, Intervention Teachers were allocated to schools based on the number of unduplicated students at each school.

Additional Vice Principals have been allocated to secondary schools with high population of unduplicated students. This provides for increased oversight and communication on academic and behavior needs.

The following summary describes the use of supplemental funding:

Support to unduplicated students:

- Provide English learner translation and interpreter services (\$1,073,000)
- Monitor immunizations, attendance and behaviors that can be barriers to learning (\$1,005,000)
- Provide additional clubs, sports, after school activities and field trips (\$495,000)

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
