Boys2Men Girls2Women

Telephone: (559) 225-9300

Contact Person: Joseph Perry

Website: www.boys2mengirls2women.org

Program Description: The Boys2Men-Girls2Women Tutoring Services offers an academic education program that specializes in customized solutions that are geared towards helping close the gap between schools and students. Our tutors serve both Bi-Lingual students and students with disabilities. Our curriculum areas are English Language Arts and Mathematics. Our tutoring ratios are both 5:1 and 1:1. Each student is tested and instruction is individualized.

Qualifications of Staff: Tutors must be recently college educated, college graduates, or credentialed teachers.

Curriculum Used: The Boys2MenGirls2Women Tutoring Services utilizes the state approved Houghton Mifflin Mathematics steps level 1-7 series and Houghton Mifflin Spelling and Vocabulary series. These textbooks are manufactured from Houghton Mifflin, the same publisher that publishes a wide variety of instructional content that is used in the student's regular classroom. Houghton Mifflin curriculum programs are the subject of rigorous independent research studies that confirm their efficiency and ensure their compliance with Common Core State Standards and federal No Child Left Behind Legislation.

Demonstrated Effectiveness: All students that have completed our program between the dates of Nov 2011 and March 2013 have shown 100% significant growth between the pre and post test periods. The growth per student in the area of English Language Arts averaged to +35% and +29% in the area of Mathematics.

Locations: Student's home, school or library

Grade levels: K-12

Approx. Service Hours: 2 times per week, 1.5 hours per session.

Subjects: Reading/Language Arts, Math

Student to Tutor Ratio: 1:1 or small groups

Brain Hurricane

Telephone: (872) 215-1751

Contact Person: Logan Riesterer

Website: www.brainhurricane.com

Program Description: Brain Hurricane creates standards-based curriculum for use in the program, and uses a diagnostic, prescriptive test to determine areas of concentration for individual students. Our dynamic curriculum can also accommodate pacing schedules and specific math and/or reading skills being addressed in the district's curriculum framework and instructional materials.

Qualifications of Staff: All tutors are either certified teachers or have at least 2 years of college and 1 year experience working with students. All program monitors are certified teachers.

Curriculum Used: We help families find an internet connected device for their child to complete the PPA hours on. Then, after all mandatory hours are completed, we mail them a tablet that they can continue the program with.

Demonstrated Effectiveness: Since the 2001/02 school year Brain Hurricane has partnered with more than 800 public schools in over 250 school districts across the country, providing service to more than 50,000 academically and economically disadvantaged students. In that time independent research done by the University of Memphis has confirmed that Brain Hurricane students make academic improvements of 30% in reading, 22% in language, and 29% in mathematics. In terms of Grade Equivalent (G.E.s), gains averaged about six months in Reading for students in Grades 3 through Grade 8, while the gains in Math were consistently an entire grade level (1.0) or more.

Locations: School site, library, community center-online

Grade levels: K-12

Approx. Service Hours: 1-2 times per week, 1-2 hours per day

Subjects: Reading and/or Math

Student to Tutor Ratio: Small or large groups

Qualifications of Staff: Credentialed teachers, College graduates, College students and Volunteers

Curriculum Used: BRIGHT FUTURE uses CTB/Mc-Graw Hill/Glencoe's *Spectrum Test Prep* workbooks.

Demonstrated Effectiveness: Students who have completed the BRIGHT FUTURE program have enjoyed the success of increased reading, language arts or math skills. Performance in regular classrooms has increased, as well as students' self-esteem and overall attitude toward learning. In the school year 2014-2015, BRIGHT FUTURE provided its effective 40-hour ELA program to twenty (20) students who completed the full 40-hour Program, and took both the pre and post assessments. Of the 20 students who finished the entire 40-hour program, there was positive growth among EVERY student; with a minimum gain of 3 full points. In the same school year, the Math program was provided to 20 students as well who completed the full 40-hour Program, and took both the pre and post assessments. Of the 20 students who finished the entire 40-hour math program, there was positive growth among EVERY student; with a minimum gain of 4 full points.

Carter, Reddy & Associates, Inc

Telephone: (800) 970-1796

Contact Person: Jack Wilson

Website: www.crandassociates.org

Program Description: Carter, Reddy & Associates' (C&R) research based program offers tutoring courses in Reading and Writing and Mathematics for K-12 Grade students. Students learn proven learning strategies, solve mathematical problems etc. We have successfully helped students including English Language Learner and SWD achieve higher scores!

Qualifications of Staff/ Experience: Tutors are mostly certified teachers or professional educators with degrees and extensive experience working with students to increase their skills and help them achieve success. Additionally, administrators will also be present that have expertise working with students and provide support services to both students and parents, and ensure the program is implemented with fidelity.

Curriculum Used: Carter, Reddy & Associates' (C&R) research based program that your company will use during your tutoring programs. program offers tutoring courses in Reading and Writing, and Mathematics for K-12 Grade students. We guarantee each course strengthens students' reading, mathematics, and writing competence and helps each child to perform better in school. Students learn to use proven learning strategies that help them read better and faster, solve mathematical problems, and write sentences and paragraphs that are correct. We have successfully helped thousands of students including English Language Learners and Students with Disabilities achieve higher grades and scores!

Demonstrated Effectiveness: Over 70% of all students who complete the program show an average of 0.5-1 % growth as measured by assessments. Carter, Reddy's (C&R) tutoring program has made significant gains with student over the course of many years. Typically, students who complete the C&R program show approximately a half to full grade level equivalent improvement based on nationally and locally recognized standardized assessments.

Club Z Tutoring Services

Telephone: (916) 714-2770

Contact Person: Timothy Haas

Website: www.clubztutoring.com

Qualifications of Staff: Club Z! is Elk Grove's premier in-home tutoring company. We serve all students provide special education and ESL Services. We provide one-on-one instruction in your home or on-campus where available. Students average improvement is 1.5 grade levels. Tutors are credentialed teachers and degreed professionals with a passion for teaching.

Experience: We require a minimum of 2 years' experience as a 1:1 tutor and a 2 year degree.

Curriculum Used: Our tutors use our GMADE/GRADE program by AGS/Pearson Publishing. It provides English Language Arts and Mathematics curriculum aligned to the California State Standards for grades K through 8. Parents can be given completed work samples upon request. Parents can request to keep the student workbooks for review or to finish any incomplete sections on their own.

Demonstrated Effectiveness: We provide a pretest and a posttest which indicates students show an average of 1.5 grade levels of improvement. Parent and teacher feedback shows increased grades and improved self confidence in our students.

Locations: Home, Student's home, school or library

Grade levels: Pre-K-12

Approx. Service Hours: Mon-Sun, 1-2 hour per session

Subjects: Reading, Math, ELD

Student to Tutor Ratio: 1:1 or 1:5 (small groups)

EduPlus LLC

Telephone: (800) 712-8464

Contact Person: Bindiya Chaudhry

Website: www.eduplusllc.com

Program Description: EduPlus provides interactive one to one, animations based live online tutoring in English and Spanish. The lessons are provided on free tablets/laptops and guarantees minimum of one grade improvement in students who complete the tutoring program.

Qualifications of Staff: All our tutors hold at a minimum a Bachelor's Degree and 3 years of relevant teaching experience. To protect the safety of all students, families and staff, pursuant to chapter 1, article 2.5 of the California Penal Code, each and every staff member shall undergo a thorough background check that includes the following: DOJ (California) clearance; FBI(nationwide) clearance; and most importantly, Sex Offender Registry Checks. No staff member is permitted to have access to any students until they have been cleared by all agencies. All our tutors teach online and do not come in physical proximity with the students and hence, are exempted from the TB test requirement.

Curriculum Used: In our tutoring we have combined engaging software instruction with live classes to enable us to give the best of both worlds to the students. Since our tutoring is held online, students are provided with a free laptop/tablet and internet connection. The EduPlus LLC program is centered on Compass Learning's Odyssey and our self-developed curriculum that has been designed by experts who have mastered not only the concepts but also the best way of explaining them to the students. The instruction we provide is also in direct alignment with California's Common Core State Standards. We have mapped each grade's specific standards into our self-developed curriculum that we use for live online tutoring. We provide a laptop/tablet and Internet, free of cost, for students who do not have it.

Demonstrated Effectiveness: We have successfully tutored more than 2400 students in a span of two years since 2012. The weighted average was calculated and in SY2012-13 the growth was 25.4 and 40.38 points for students who took tutoring in ELA and Math respectively. In SY 2013-14 the weighted average gain made was 34.7 in ELA and 35.73 in Math. These averages substantiate the success of our tutoring model and verify that the tutoring provided by EduPlus yields substantial growth in students.

Locations: Student's home, library

Grade levels: K-12

Approx. Service Hours: 7 days a week, 1-2 hours

Subjects: Reading/Language Arts, Math

Student to Tutor Ratio: 1:1 or small/large groups

Eduwizards, Inc.

Telephone: (201) 706-7872

Contact Person: Shailendra Chainani

Website: www.eduwizards.com

Qualifications of Staff: Eduwizards.com offers one-on-one online tutoring that can be conveniently taken from any location. We lend computers to students for use during the period of tutoring. Eduwizards employs the very best tutors. Our tutors are USA-based and most of them are state certified, with a Master's degree or higher.

Experience: College graduate and above.

Curriculum Used: The curriculum we use for tutoring is aligned to the CCCS and further aligned to the California state content standards (for grade 1-8) and to LEA instructional material (for grade 9-12) so that there will be natural coordination between the classroom teaching and the tutoring sessions. We invite and welcome any input and feedback from the student's classroom teachers. Our curriculum can further be customized to a school's particular requirements.

Demonstrated Effectiveness: Continuous integrated assessments are an important part of the Eduwizards method and online assessments from Bright Education will be used to monitor the step by step progress of the students after each topic is completed. Our website technology gives the facility to click and deliver instant testing on a topic or to select specific questions from the Bright Education database on that topic. Tutor observation and notes, tutor-coordinator observations and notes (based on looking at session reviews and session recordings) parent/teacher feedback and documented progress towards SIP goals and objectives all serve help monitor the progress of the student. This process of ongoing monitoring and feedback will allow for adjustment to be made either to the instruction or tutoring methods. Lesson Tracking Sheet is used to monitor student's completion of the lesson plan. Students achieve progress by completing the lesson plan and demonstrating mastery of the skills associated with each lesson. We work hard to have both the students and the parents very satisfied with our services. Any suggestions or complaints from parents or students will be immediately acted upon. We strive for baseline improvement of 30% for students testing below 50% and aim to bring about a 10% improvement in the first month. Most of our students show improvement within the first month. We guarantee around 20% of improvement in the students performance from pretest to post test.

Locations: Student's home, school or library

Grade levels: Pre-K-12

Approx. Service Hours: Mon-Sun, 1-2 hour per session

Subjects: Reading, Math, ELD

Subjects: Reading/Language Arts, Math

Student to Tutor Ratio: 1:1

Math Think Inc.

Telephone: (415) 609-8122

Contact Person: Alan Foden

Web site: www.maththink.org

Program Description: MathThink has tutored in 45+ school districts across 3 states with excellent references from parents and school administration. We were cited as the best provider of tutoring services, in parent surveys. We only operate with small groups or one to one using state adopted materials and experienced tutors.

Qualifications of Staff: Min. AA degree or 60 units – most of the tutors are Certified Teachers

Curriculum Used: Pin Point Math, Math Core Connections CPM Ed. And Math Think Materials.

Demonstrated Effectiveness: These students have made demonstrable, measurable increases in their performance in mathematics on the pre- and post-test AIMSweb assessment tool. AIMSweb provides normed scoring data for comparison purposes and in every grade level tested, MathThink students started out well below the normed scores but finished well above.

Locations: Home, library, school or community center

Grade levels: K-12

Approx. Service Hours: 7 days a week, 1-1.5 hours per session

Subjects: Math

Student to Tutor Ratio: 1:1, or small group

Preferred Choice

Telephone: (916) 564-6890

Contact Person: Prentice Wilson

Website: No website

Program Description: Preferred Choice offers students in grades K through 12 Tutoring with Purpose, in Reading/Language Arts or Math, using proven curriculum with experienced and motivated tutors that is designed to provide students with an engaging and positive learning experience.

Qualifications of Staff: Most of our tutors are credentialed teachers but at a minimum all tutors are required to have an AA degree (60 units) and be trained in all Preferred Choice Materials.

Curriculum Used: For the ELA program, the company uses Phonics Steps to Reading Success, or Smart Way Reading and Spelling. We also use our computer-assisted on-site phonics Interactive education curriculums. The choice of mathematics curriculum consists of MathLine (for elementary or MS remedial), and AMP Math System or key Curriculum (for MS and HS)

Demonstrated Effectiveness: Independent research of our ELA program has shown that students gained approximately 1.5 grade level increase with 20 hours of instruction. In math research has shown a 1.25 grade level increase with approximately 15 hours of instruction.

Locations: Student's home, public place or library

Grade levels: K-12

Approx. Service Hours: 2-3 sessions per week, 1.5-2 hours per session

Subjects: Reading/Language Arts, Math

Student to Tutor Ratio: 1:1 or small groups

Professional Tutors of America Inc.

Telephone: (714) 784-3454

The Learning Curve

Telephone: (510) 585-7576
(510) 364-6846 espanol

Contact Person: Alan Avila

Website: www.tlc-tutors.com

Program Description: The Learning Curve helps with reading (phonics, vocabulary, reading comprehension), writing, math (basic math, word problems, algebra) in small classes of 3 students maximum or as few as 1:1. Tutoring is done at the school, library or home. Our instruction is live, not computerized. We can also help with homework.

Qualifications of Staff: We require all our staff to have solid experience working with children and a strong interest in education and child development. Our teachers have a bachelor's degree or at minimum upper division standing in college with a high GPA. Most of our teachers are pursuing interests in education and are working towards their teaching credential. All The Learning Curve staff working with students must pass background checks and TB clearance requirements.

Curriculum Used: The Learning Curve uses materials from Continental Press (Finish Line Reading, Finish Line Math, California Finish Line Math [CAHSEE]), and School Specialty Publishing (Spectrum Math, Spectrum Writing, Spectrum Reading, and Spectrum Language Arts). For ELD we use material from Steck-Vaughn (ESL: Building English Proficiency).

Demonstrated Effectiveness The Learning Curve students average a gain of +8 to +11 percentage points between their pre- and post-tests (as reported to the California Dept. of Ed. For 2012-14). The test used is the Achieve Test.

Locations: Student's home or local public library

Grade Levels: K-12

Approx. Service Hours: 2 sessions per week, 1-2 hrs per session

Subjects: Reading/Language Arts, Math

Student to Tutor Ratio: 1:1, 3:1

Total Education Solutions

Telephone: (916) 564-5010

Contact Person: Catherine Bean-Anderson

Website: www.tesidea.com

Program Description: Total Education Solutions provides English Language Arts, or Mathematics to students with IEP's and in general education. This includes:

- Pre and post testing using standardized assessment tools
- Individual goals and objectives developed for each student
- We focus on adaptation and modification of materials to best meet the goals.

Qualifications of Staff: Must have experience working with children, and a Bachelors degree or higher. We have some tutors working towards a Bachelors with several years' experience.

Curriculum Used: SRA Corrective Curriculum, supplemental worksheets, goal oriented games, and/or manipulatives.

Demonstrated Effectiveness: Pre and post testing as well as the progress monitoring. Total Education Solutions guarantees consumers' 20-30% student growth based on post assessment scores.

Locations: Student's home, library, Community Center

Grade levels: K-12

Approx. Service Hours: 2-3 sessions per week, 1-1.5 hours per session

Subjects: Reading/Language Arts; Math

Student to Tutor Ratio: 1:1

TutorWorks Inc

Telephone: (650) 298-8867

Contact Person: Kenya Davis

Website: www.tutorworks.org

Program Description: TutorWorks gives your child special ONE-ON-ONE attention. We create a FUN and ENGAGING learning environment with highly motivated and experienced tutors. At TutorWorks we believe that SUCCESS is the greatest MOTIVATOR. Look at our results. We offer the BEST program to fully prepare your child to master the demanding Common Core Standards. We support your child's development of critical thinking and problem solving skills, working in SMALL GROUPS as required by the Common Core Standards. TutorWorks uses just the right amount of technology, using TABLETS to develop digital literacy as well as important academic skills. Upon program completion, your child will receive a FREE tablet with Common Core aligned software titles, and one year FREE access to our award winning online learning software until September 2016. You can find more information about TutorWorks at www.tutorworks.org

Qualifications of Staff: All TutorWorks staff participate in rigorous training to prepare them to meet the academic needs of students. Training is in-house and on-the-job. Staff are continuously observed and assessed for effectiveness. TutorWorks uses a combination of credentialed teachers and para-professional staff. Para-professional staff must complete a certification process. Whenever possible, TutorWorks hires teachers local to the school site to serve as Teacher Mentors.

Curriculum Used: We use award winning standards-based curricula including Explode the Code and Study Island. Explode the Code is a research-based phonics program that diagnoses students' learning needs and prescribes lessons to reinforce learning. The lessons address students learning styles: auditory, visual and kinesthetic. Study Island exposes students to standardized tests. Through the TutorWorks program, students become more confident with academic knowledge and their test taking skills. Our incentive program which includes exciting prizes, team competitions and an awards ceremony is designed to motivate the students and recognize achievement.

Demonstrated Effectiveness: TutorWorks has served thousands of students throughout California. Efficacy studies indicate that students who attended TutorWorks every day for at least 10 weeks gained reading proficiency at a rate of least three times that of students from the same schools who did not use the program. TutorWorks was first place among tutoring providers in an independent analysis of student achievement. 63% of our students made 30 points or higher gain on the STAR test.

Locations: School, library or community center
