- Plan and organize work to meet schedules and timelines
- Operate a computer and related software and technologies
- Estimate materials and supplies required
- Prepare and maintain accurate records and reports
- Meet state and district standards of professional conduct as outlined in Board Policy

DISTINGUISHING CHARACTERISTICS:
This position requires the ability to regularly deal with a broad scope of human relations and technical challenges, including coordinating District maintenance, grounds and custodial staff, and working with outside contractors and agencies. This position will be required to work evenings and/or weekends on occasion.
TYPICAL DUTIES AND RESPONSIBILITIES:

- Assists with planning, organizing, coordinating, supervising and training of the day-to-day operations of maintenance, grounds and custodial services at all District facilities.
- Assists in development and preparation of work schedules; prioritizes and coordinates duties and assignments.
- Assists in employment interviews for maintenance, grounds and custodial applicants.
- Inspects facilities to assure proper care, cleaning and safety requirements, and compliance with guidelines, policies and laws.
- Assigns work orders and monitors progress of work order assignments; provides up-to-date information regarding the status of work orders.
- Provides consultation and training regarding the work order system; monitors, maintains, and evaluates computerized work order system.
- Monitors energy management and irrigation systems for identification of alarm notifications; forwards alarm information to maintenance staff.
- Assists in the preparation and administration of plans, bids, and/or cost/time/labor estimates for designated projects.
- Coordinates with departments and school sites to facilitate project completion.
- Monitors designated projects including inspection, coordination of work, and preparation of appropriate progress reports. May assist with the planning and design of projects.
- Assists and coordinates with district staff to make needed supplies and materials available in a timely manner to minimize any interruption to work projects.
- Coordinates with site administrators to arrange for times and availability of facilities; coordinates service interruptions with faculty and staff.
- Assists with scheduling and supervision of custodial and maintenance crews and project crews during summer break, non-student days, and periods when site administrators are not required to be on duty.
- Arranges for and participates in the training of custodians as to proper work methods and procedures; coordinates safety meetings; assists with development and updating of custodial handbooks.
- Assists Director on a variety of assignments related to maintenance of buildings and grounds, and custodial services.
- Utilizes computers and software programs in the performance of assigned duties.
- Performs other duties as assigned that support the overall objective of the position.

PHYSICAL REQUIREMENTS:

Physical Abilities include the usual and customary methods of performing the job's functions and require the following physical demands: lifting, moving, grasping, carrying, pushing and/or pulling, manipulating heavy objects; climbing and balancing, stooping, kneeling, crouching; reaching, handling, touching and/or feeling; manual dexterity to operate a telephone, enter data into a computer, and operate other tools and equipment.

Significant physical abilities include ability to sit at a desk, conference table, or in meetings of various configurations for extended periods of time; see and read, with or without visual aids, laws and codes, rules, policies and other printed matter, computer screens and printouts; hear and understand speech at normal room levels and hear and understand speech on the telephone; speak in audible tones so that others may understand clearly in normal conversations.

WORK ENVIRONMENT:

- The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
- The noise level in the work environment is usually moderate, and can be loud at times.
- Employees in this position will be required to work indoors in a standard office environment and outdoors in school site environments, come in direct contact with district staff and the public, and in a variety of weather conditions.
