BRIEF COURSE DESCRIPTION:

French 1 is an introductory course to the French language and culture of today. Emphasis is on development of the four major language skills: listening, speaking, reading, and writing. In addition to these skills, students will explore the many facets of French culture and heritage through the use of a text, video, audio, and workbook program. The course is conducted in the target language using the immersion method.

GENERAL GOALS/PURPOSES:

Students will develop a basic proficiency in the target language and develop cultural awareness and sensitivity to others.

STUDENT READING COMPONENT:

Reading is an active skill. Students must take an active role in the reading process, constantly inferring, deducing, anticipating, guessing, predicting, checking and asking themselves questions about the text. Students read simplified texts written by native speakers. As students progress, readings come from original texts, such as realia, ads, poetry, and narratives that are introduced by reading strategies and are culminated in achievable tasks.

STUDENT WRITING COMPONENT:

Writing instruction in Level 1 guides students carefully through the pre-writing, writing, and editing processes. It is designed to facilitate proficient use of vocabulary and grammatical structures in a personalized context.
