FOLSOM CORDOVA UNIFIED SCHOOL DISTRICT

Course Outline
Home Economics 8

Date: May 2003
Proposed Grade Level(s): 8
Grading: A-F
Prerequisites: 8th grade standing

BRIEF COURSE DESCRIPTION:

Students will study several areas of Home Economics Career and Technology including foods, nutrition, consumer economics, sewing, budgeting, decision-making, child development, and career exploration.

GENERAL GOALS/PURPOSES:

To provide students an opportunity to learn about the world around them and to expose them to skills they may need regularly in everyday life. This class is hands-on, and the students will learn through lab experiences.

STUDENT READING COMPONENT:

Students will read topics relevant to the current subject and be asked to keep abreast of current news on these topics. Students will also read teacher-generated curriculum packets and will use this reading to complete assignments in laboratory work. Emphasis will be on reading and following directions. Students will read silently, in groups, and as part of whole-class discussions.

STUDENT WRITING COMPONENT:

Students will express themselves in writing by completing lab reports, journals, student manuals, study guides, and taking notes from teacher lectures. All tests will have an essay component.

STUDENT ORAL COMPONENT:

Students will read aloud and present their findings on current news topics related to the class.

DETAILED UNITS OF INSTRUCTION:

Unit durations listed are approximate and pace of instruction may vary depending on the students. Units may include:

1. Introduction to Careers in Home Economics and Technology (1 week)
2. Transferable, Employability and Leadership Skills (4 days)
