AP Spanish 4 is a course designed to prepare students to pass the Advanced Placement Exam in Spanish Language. It is intended for those who have chosen to further develop their proficiency in all four-language skills: listening, speaking, reading, and writing. It is assumed that most students will be in the final stages of their secondary school training and will have had substantial course work in the language. The course emphasizes the use of Spanish for active communication.

GENERAL GOALS/PURPOSES:

The course goals are based on the pre-established AP objectives as follows:

- The ability to comprehend formal and informal spoken Spanish;
- The acquisition of vocabulary and a grasp of structure to allow the easy, accurate reading of newspaper and magazine articles, as well as modern literature in Spanish;
- The ability to compose expository passages; and
- The ability to express ideas orally with accuracy and fluency.

Course content may reflect intellectual interests shared by the students and teacher (the arts, history, current events, literature, culture, sports, etc.). Materials include recordings, films, newspapers, and magazines. The course seeks to develop language skills that are useful in themselves and that can be applied to various activities and disciplines rather than to the mastery of any specific subject matter. Extensive training in the organization and writing of compositions must be an integral part of the AP Spanish Language Course.

STUDENT READING COMPONENT:

Reading in the fourth level is an active skill. Students must take an active part in the reading process, constantly inferring, deducing, anticipating, guessing, predicting, checking and asking themselves questions about the text. Readings are drawn from authentic Spanish materials as well as the AP Spanish; Preparing for the Language Examination workbook. Students read a variety of genres: prose, poetry and drama from different periods. Answer content questions; and demonstrate increased critical thinking skills.

STUDENT WRITING COMPONENT:

Writing in the fourth level is a continuation of the skills acquired in Spanish 3. Each writing task is designed to develop skills that will help students prepare to take the Advanced Placement Exam in Spanish Language. Students practice skills as writing a composition using advanced function words and verbs, explaining in detail,
narrating a picture sequence, circumlocution, and editing processes in order to develop the ability to express themselves with reasonable fluency and accuracy in written Spanish.

**STUDENT ORAL COMPONENT:**

The oral component at the fourth level is geared toward spontaneity of response in unrestricted Spanish speaking situations. Instruction and practice is designed to eliminate hesitation, verb tense errors, incorrect word order and incorrect pronunciation.
