

Name: _____

Period: _____

Unit 2 Test Reflection – Math 1

Section	Learning Target	Test #	Achieved Mastery	Simple Mistake	Need to Improve
2.1/2.2	I can complete tables and graphs and use them to write linear functions to model the situation.	#1a			
2.1/2.2	I can determine solutions using functions.	#1b			
2.1/2.2	I can solve multistep linear equations.	#2			
2.1/2.2	I can evaluate a function.	#3			
2.1/2.2	I can graph a linear function on a coordinate plane.	#12a			
2.1/2.2	I can determine solutions using tables and graphs.	#12b			
2.3	I can solve and graph linear inequalities.	#4			
2.3	I can write linear inequalities to model a given situation.	#10			
2.3	I can analyze a graph on a coordinate plane to solve problems involving inequalities.	#11			
2.4	I can solve and graph compound inequalities.	#6			
2.4	I can write compound inequalities to model a given situation.	#5			
2.5	I understand and can solve absolute values.	#7			
2.5	I can solve linear absolute value equations.	#8			
2.5	I can solve and graph linear absolute value inequalities.	#9
