**Retakes, Missing or Late Work:** Students will be given opportunities to resubmit assignments and retake tests. However, all assignments whether late, missing, or redone must be turned in at least one week prior to the end of the grading period. Students will not be allowed to retake midterms and final exams.

**Absences:** Students are responsible for making up any assignments, class work, and tests missed due to absences. Excessive absences may have a negative effect on grades.

**Group Projects:** When participating in a group project, students will be graded individually and we will be evaluated based on their own work within the group. No group grade or average score will be used to determine an individual student's grade on a group project. In the event that a student wishes to raise a grade on a project score, a retake assignment (essay) will be provided.
