## INDEPENDENT AUDITOR'S REPORT

Board of Education  
Folsom Cordova Unified School District  
Folsom, California

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Folsom Cordova Unified School District, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Folsom Cordova Unified School District's basic financial statements as listed in the table of contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Folsom Cordova Unified School District, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Emphasis of Matter***

As discussed in Note 1 to the financial statements, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 75, "Accounting for Financial Reporting for Postemployment Benefits Other than Pensions". This resulted in a restatement of the beginning governmental activities net position of \$6,581,951. Note disclosures and required supplementary information requirements about OPEB are also discussed. Our opinions are not modified with respect to this matter.

## ***Other Matters***

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* on pages 4 to 11 and the General Fund Budgetary Comparison Schedule, the Schedule of Changes in the District's Total Other Postemployment Benefits (OPEB) Liability, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of the District's Contributions on pages 57 to 62 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Folsom Cordova Unified School District's basic financial statements. The accompanying schedule of expenditure of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the other supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditure of federal awards and other supplementary information as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the Schedule of Financial Trends and Analysis, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards and other supplementary information as listed in the table of contents, except for the Schedule of Financial Trends and Analysis, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Financial Trends and Analysis has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2018 on our consideration of Folsom Cordova Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Folsom Cordova Unified School District's internal control over financial reporting and compliance.

# Management Discussion & Analysis

The Management Discussion and Analysis Section of the audit is management’s view of the District’s financial condition, and provides an opportunity to discuss important fiscal issues with the board and the public.

## Financial Reports

Two financial reports are included in the audit this year, the Statement of Net Position and the Statement of Activities, which begin on page 12. These two statements report the district-wide financial condition and activities. The individual fund statements which focus on reporting the District’s operations in more detail begin on page 14.

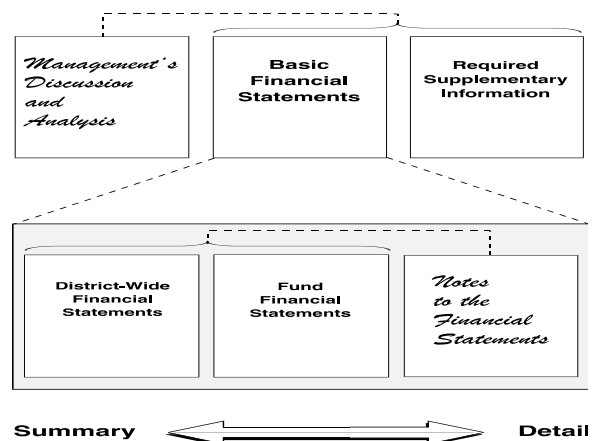

## Overview of the Financial Statements

This annual report consists of three parts—management’s discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district-wide financial statements* that provide both *short-term* and *long-term* information about the District’s *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District’s operations in *more detail* than the District-wide statements.
- The *governmental funds* statements tell how *basic* services like regular and special education were financed in the *short term* as well as what remains for future spending.
- *Proprietary funds* statements offer *short-* and *long-term* financial information about the activities the District operates *like businesses*, such as food services.
- *Fiduciary funds* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others to whom the resources belong.

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the financial statements with a comparison of the District’s budget for the year. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

**Figure A-1. Organization of Folsom Cordova USD Annual Financial Report**

## **District-wide Statements**

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's *net position* and how they have changed. Net position—the difference between the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources—is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements the District's activities are divided into two categories:

- *Governmental activities*—Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and state formula aid finance most of these activities.
- *Business-type activities*—The District charges fees to help it cover the costs of certain services it provides. The District's student care center is included here.

## **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's most significant *funds*—not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (like repaying its long-term debts) or to show that it is properly using certain revenues (like federal grants).

The District has three kinds of funds:

- *Governmental funds*—Most of the District's basic services are included in governmental funds, which generally focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explains the relationship (or differences) between them.
- *Proprietary funds*—Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.
- In fact, the District's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
- *Fiduciary funds*—The District is the trustee, or *fiduciary*, for assets that belong to others, such as the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

### **Statement of Net Position**

Beginning in fiscal year 2001-2002, the District accounted for the value of capital assets and included these values as part of the financial statements. Listed below is the value of all assets including buildings, land and equipment. Depreciation is included.

	<b>Governmental Activities</b>		<b>Percentage</b>
	<b><u>2017</u></b>	<b><u>2018</u></b>	<b><u>Change</u></b>

<b>Total net position</b>	\$99,629,335	\$88,405,328	-11.27%

Land is accounted for at purchase value, not market value, and is not depreciated. Many of our school sites have low values for today's market because the District acquired the land many decades ago. We have determined the value of school buildings to be the depreciated cost of modernization unless the building is less than 25 years old. For newer buildings, the value is the construction cost less depreciation. Increases in assets and liabilities are due to construction of buildings and new bonds that have been issued.

### **Financial Condition of General Fund**

Folsom Cordova Unified School District is striving to maintain its solid financial condition. The following table summarizes operational fund financial statements:

	<b>General Fund</b>		<b>Percentage</b>
	<b>2017</b>	<b>2018</b>	<b><u>Change</u></b> <b><u>2017-2018</u></b>
Total Revenues	\$ 201,441,311	\$ 208,701,111

Excess of revenues over expenses	\$ (5,833,365)	\$ (3,468,535)	40.54%

Future good financial performance will depend on management's ability to continue to control expenses, and to maintain current and generate new revenues.

### **Capital Assets**

At year-end, the District has invested \$57,539,866 in modernization and new construction from the following combined sources for 2017-18. This represents a 19.1% increase from last year's amount of \$48,306,953.

	<b>Governmental Activities</b>		<b>Percentage</b>
	<b>2017</b>	<b>2018</b>	<b><u>Change</u></b> <b><u>2017-2018</u></b>

Total	\$723,746,243	\$781,286,109	7.95%

### **District Indebtedness**

At year-end, the District has incurred \$746,416,304 of long-term debt. Of that, \$495,409,730 is General Obligation Bonds secured by property tax increases voted on by local residents. In April 2018, the District issued Election of 2014 General Obligation Bonds, Series C in an aggregate principal amount of \$95,000,000.

	<b>Governmental Activities</b>		<b>Percentage</b>
	<b>2017</b>	<b>2018</b>	<b><u>Change</u></b> <b><u>2017-2018</u></b>

Total	\$631,501,571	\$746,416,304	18.20%

**Budget to Actual Analysis**

The District develops its budget pursuant to the Governor’s proposals. Throughout the year the budget is adjusted primarily due to new or adjusted funding levels. A comparison of the General Fund Budget to Actual Revenues and Expenditures is as follows:

	<b>Estimated June 2018</b>	<b>Actual 2018</b>	<b>Percentage <u>Variance</u></b>
<b>Revenues</b>			
LCFF	163,496,975	163,417,682

## Financial Issues

### Per Pupil Funding

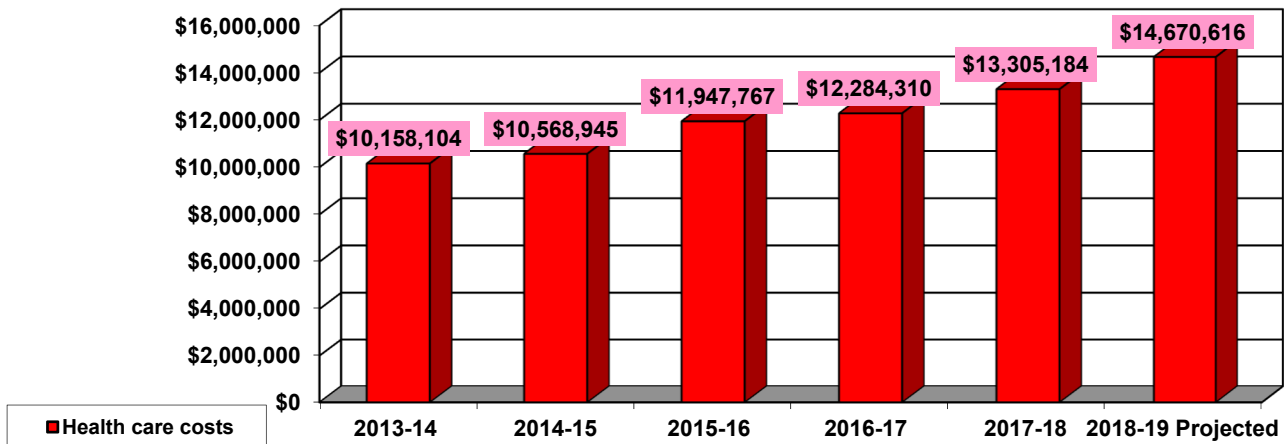

Since 2008-09, the State of California had been experiencing a severe economic down-turn causing concern for future funding sources. With the passage of Proposition 30 by the voters in November 2012, the State did not impose mid-year reductions, and school districts were flat-funded for 2012-13. Beginning in 2013-14, the State has eliminated revenue limits and most State categorical funding with a new LCFF funding model. During the phase-in period over the eight (8) years, per pupil funding is expected to increase until the new target levels are reached. The table below shows a five year trend in State school funding.

### Health Care Cost Trends

District-Wide Health Care costs trend had been increasing over the past few years with as we open new programs and increase services to students the trend is more in line with the 5% annual increase that we saw in the past. The graph below shows the trends:

**Trends in District-Wide Health Care Costs**

### **Categorical Funding**

As school revenues increased during the boom times of the late 1990's, the funds came to schools with strings attached. As we moved into constrained economic times, we found these constraints made it difficult to maintain our basic programs. Since 2008-09, the State had given broad flexibility in many categorical programs to help schools manage reductions as a result of the economic downturn. Beginning in 2013-14 most of the State categorical programs previously included in the flexibility provisions, Tier III have been shifted to the new LCFF funding formula.

As State revenue growth fluctuates, LCFF is implemented, LCAPP is developed, health care costs rise, the Affordable Care Act is implemented, Common Core Standards are implemented, and ongoing expenditures take a larger share of state revenue, District management must vigorously pursue three major courses of action:

1. Develop a balanced approach to plan for the long term rather than the short term.
2. Continue to work with the Education Coalition to increase funding to School Districts to at least the national average.
3. Evaluate how well we are doing in achieving equitable allocations of resources and improving outcomes for all students.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Folsom Cordova Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

Reporting Entity: The Board of Education is the level of government which has governance responsibilities over all activities related to public school education in the District. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. The District and Folsom Cordova Schools Financing Corporation (the "Corporation") have a financial and operational relationship which meets the reporting entity definition criteria of *Codification of Governmental Accounting and Financial Reporting Standards, Section 2100*, for inclusion of the Corporation as a component unit of the District. Accordingly, the financial activities of the Corporation have been included in the financial statements of the District.

The following are those aspects of the relationship between the District and the Corporation which satisfy *Codification of Governmental Accounting and Financial Reporting Standards, Section 2100* criteria:

A - Accountability:

1. The Corporation's Board of Directors was appointed by the District's Board of Education.
2. The Corporation has no employees. The District's Superintendent function as agents of the Corporation. Neither individual receives additional compensation for work performed in this capacity.
3. The District exercises significant influence over operations of the Corporation as the District is the sole lessee of all facilities owned by the Corporation.
4. All major financing arrangements, contracts, and other transactions of the Corporation must have the consent of the District.
5. Any deficits incurred by the Corporation will be reflected in the lease payments of the District. Any surpluses of the Corporation revert to the District at the end of the lease period.
6. The District's lease payments are the sole revenue source of the Corporation.
7. The District has assumed a "moral obligation," and potentially a legal obligation, for any debt incurred by the Corporation.

B - Scope of Public Service:

The Corporation is a nonprofit, public benefit corporation incorporated under the laws of the State of California. The Corporation was formed to provide financing assistance to the District for construction and acquisition of major capital facilities through the issuance of Certificates of Participation. The source of repayment for the Certificates of Participation is the fees collected through the District's developer fees. When the Corporation's Certificates of Participation have been completely paid off, title to all Corporation property will pass to the District for no additional consideration.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

C - Financial Presentation:

For financial presentation purposes, the Corporation's financial activity has been blended with the financial data of the District. The financial statements present the Corporation's financial activity in the Capital Facilities Funds. Certificates of Participation issued by the Corporation are included as liabilities in the Statement of Net Position.

Basis of Presentation - Financial Statements: The financial statements include a Management Discussion and Analysis (MD & A) section providing an analysis of the District's overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the District's activities, including infrastructure, and a focus on the major funds.

Basis of Presentation - Government-Wide Financial Statements: The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are reported only in the Statement of Fiduciary Net Position at the fund financial statement level.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

*Program revenues:* Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

*Allocation of indirect expenses:* The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term liabilities is considered an indirect expense and is reported separately on the Statement of Activities.

Basis of Presentation - Fund Accounting: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled:

A - Major Funds

General Fund:

The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Building Fund:**

The Building Fund is a capital projects fund used to account for resources used for the acquisition or construction of major capital facilities and equipment.

**Bond Interest and Redemption Fund:**

The Bond Interest and Redemption Fund is a debt service fund used to account for the accumulation of resources for, and the repayment of, general long-term debt principal, interest, and related costs.

**B - Other Funds**

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. This includes the Charter School, Adult Education, Child Development, Cafeteria and Deferred Maintenance Funds.

Capital Projects Funds are used to account for resources used for the acquisition or construction of major capital facilities and equipment. This classification includes the Capital Facilities, County School Facilities and Special Reserve for Capital Projects Funds.

The Student Care Center is an enterprise fund which accounts for child care services that are financed and operated in a manner similar to a private business enterprise with the objective of providing child care services on a continuing basis with costs partially financed or recovered through user charges.

The Student Body Fund is to account for assets of student groups for which the District has an agency relationship with the activity of the fund.

**Basis of Accounting:** Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

**A - Accrual**

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**B - Modified Accrual**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

**Budgets and Budgetary Accounting:** By state law, the Board of Education must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Education complied with these requirements.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Receivables: Receivables are made up principally of amounts due from the State of California and Categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2018.

Stores Inventory: Stores inventory in the Cafeteria Fund consists mainly of consumable supplies held for future use and are valued at average cost. Inventories are recorded as expenditures at the time individual inventory items are transferred from the warehouse to schools. Maintenance and other supplies held for physical plant repair, transportation supplies, and operating supplies are not included in inventories; rather, these amounts are recorded as expenditures when purchased.

Capital Assets: Capital assets purchased or acquired, with an original cost of \$5,000 or more, are recorded at historical cost or estimated historical cost. Contributed assets are reported at acquisition value for the contributed asset. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 4 - 30 years depending on asset types.

Deferred Outflows/Inflows of Resources: In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding of debt, which is in the Statement of Net Position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. Additionally, the District has recognized a deferred outflow of resources related to the recognition of the net pension liability and total OPEB liability reported in the Statement of Net Position.

In addition to liabilities, the Statement of Net Position includes a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the net pension liability reported in the Statement of Net Position.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP's and PERF B's fiduciary net position have been determined on the same basis as they are reported by STRP and PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Certain investments are reported at fair value. The following is a summary of pension amounts in the aggregate:

	<u>STRP</u>	<u>PERF B</u>	<u>Total</u>
Deferred outflows of resources	<u>\$ 55,628,673</u>	<u>\$ 18,716,520</u>	<u>\$ 74,345,193</u>
Deferred inflows of resources	<u>\$ 17,959,000</u>	<u>\$ 1,101,000</u>	<u>\$ 19,060,000</u>
Net pension liability	<u>\$ 159,188,000</u>	<u>\$ 59,526,000</u>	<u>\$ 218,714,000</u>
Pension expense	<u>\$ 25,183,908</u>	<u>\$ 10,903,078</u>	<u>\$ 36,086,986</u>

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The District has allocated 2.5 percent of the District's proportionate share of the PERF B net pension liability and related deferred inflows of resources and outflows of resources to the District's business-type activities.

Interfund Activity: Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

Compensated Absences: Compensated absences totaling \$1,030,374 are recorded as a liability of the District.

Accumulated Sick Leave: Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure in the period taken since such benefits do not vest nor is payment probable. However, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Unearned Revenue: Revenue from federal, state, and local special projects and programs is recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

Property Taxes: Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Sacramento bills and collects taxes for the District. Tax revenues are recognized by the District when received.

Net Position: Net position is displayed in three components:

1 - Net Investment in Capital Assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent bond proceeds) of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

2- Restricted Net Position - Restrictions of the ending net position indicate the portions of net position not appropriate for expenditure or amounts legally segregated for a specific future use. The restriction for legally restricted programs represents the portion of net position restricted to specific program expenditures. The restriction for capital projects represents the portion of net position restricted for capital projects. The restriction for debt service represents the portion of net position available for the retirement of debt. It is the District's policy to use restricted net position first when allowable expenditures are incurred.

3 - Unrestricted Net Position - All other net position that does not meet the definitions of "restricted" or "net investment in capital assets".

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund Balance Classifications: Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

**A - Nonspendable Fund Balance:**

The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, prepaid expenditures and stores inventory.

**B - Restricted Fund Balance:**

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide and proprietary fund statements.

**C - Committed Fund Balance:**

The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Education. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. Formal action by the Board of Education is required to remove any commitment from any fund balance.

**D - Assigned Fund Balance:**

The assigned fund balance classification reflects amounts that the District's Board of Education has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Education can designate personnel with the authority to assign fund balances, however, as of June 30, 2018, no such designation has occurred.

**E - Unassigned Fund Balance:**

In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund Balance Policy: The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements, if they have been adopted by the Board of Education. At June 30, 2018, the District has not established a minimum fund balance policy nor has it established a stabilization arrangement.

Custodial Relationships: The balance sheet for agency funds represents the assets, liabilities and trust accounts of various student organizations and scholarship funds within the District. As the funds are custodial in nature, no measurement of operating results is involved.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

New Accounting Pronouncements: In June 2015, the GASB issued GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. This Statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The provisions in GASB Statement No. 75 are effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged. Based on the implementation of Statement No. 75, the District's July 1, 2017 governmental activities net position was restated by decreasing net position by \$6,581,951 because of the recognition of the Total OPEB Liability and Deferred Outflows of Resources.

**NOTE 2 - CASH AND INVESTMENTS**

Cash and investments at June 30, 2018 consisted of the following:

	<u>Governmental Activities</u>	<u>Business- Type Activities</u>	<u>Fiduciary Activities</u>
Pooled Funds:			
Cash in County Treasury	\$ 89,515,810	\$ 2,379,275	\$ -
Deposits:			
Cash on hand and in banks	2,300,157	489,096	1,518,033

Cash with Fiscal Agent	<u>142,217,136</u>	<u>-</u>	<u>-</u>
Total	<u>\$234,118,103</u>	<u>\$ 2,868,371</u>	<u>\$ 1,518,033</u>

Pooled Funds: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest bearing Sacramento County Treasurer's Pooled Investment Fund. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's prorate share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Deposits - Custodial Credit Risk: The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2018, the carrying amount of the District's accounts were \$4,392,286, and the bank balances were \$5,143,569, of which \$4,643,569 was insured.

Cash with Fiscal Agent: Cash with Fiscal Agent represents funds held by Fiscal Agents restricted for capital projects and repayment of General Obligation Bonds. The District holds their funds with the Sacramento County Treasurer. The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Interest Rate Risk: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2018, the District had no significant interest rate risk related to cash and investments held.

Credit Risk: The District does not have a formal investment policy that limits its investment choices other than the limitations of state law.

Concentration of Credit Risk: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2018, the District had no concentration of credit risk.

**NOTE 7 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN**

*General Information about the State Teachers' Retirement Plan*

Plan Description: Teaching-certified employees of the District are provided with pensions through the State Teachers' Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers' Retirement System (CalSTRS). The Teachers' Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan and CalSTRS as the administrator. The benefit terms of the plans may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at <http://www.calstrs.com/comprehensive-annual-financial-report>.

Benefits Provided: The STRP Defined Benefit Program has two benefit formulas:

- CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS.
- CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS.

The Defined Benefit (DB) Program provides retirement benefits based on members' final compensation, age and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members. There are several differences between the two benefit formulas which are noted below.

*CalSTRS 2% at 60*

CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor, known as the career factor. The maximum benefit with the career factor is 2.4 percent of final compensation.

CalSTRS calculates retirement benefits based on one-year final compensation for members who retired on or after January 1, 2001, with 25 or more years of service, or for classroom teachers with less than 25 years of credited service if the employer entered into, extended, renewed, or amended an agreement prior to January 1, 2014, to elect to pay the additional benefit cost for all of its classroom teachers. One year final compensation means a member's highest average annual compensation earnable for 12 consecutive months based on the creditable compensation that a member could earn in a school year while employed on a full-time basis. For members with less than 25 years of credited service, final compensation is the highest average annual compensation earnable for any three consecutive months of credited service.

---

(Continued)

**NOTE 7 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)**

*CalSTRS 2% at 62*

CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

All CalSTRS 2% at 62 members have their final compensation based on their highest average annual compensation earnable for three consecutive years of credited service.

Contributions: Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial cost method.

A summary of statutory contribution rates and other sources of contributions to the Defined Benefit Program are as follows:

*Members* - Under CalSTRS 2% at 60, the member contribution rate was 10.25 percent of applicable member earnings for fiscal year 2017-18. Under CalSTRS 2% at 62, members contribute 50 percent of the normal cost of their retirement plan, which resulted in a contribution rate of 9.205 percent of applicable member earnings for fiscal year 2017-18.

In general, member contributions cannot increase unless members are provided with some type of "comparable advantage" in exchange for such increases. Under previous law, the Legislature could reduce or eliminate the 2 percent annual increase to retirement benefits. As a result of AB 1469, effective July 1, 2014, the Legislature cannot reduce the 2 percent annual benefit adjustment for members who retire on or after January 1, 2014, and in exchange for this "comparable advantage," the member contribution rates have been increased by an amount that covers a portion of the cost of the 2 percent annual benefit adjustment.

According to current law, the contribution rate for CalSTRS 2% at 62 members is adjusted if the normal cost increases or decreases by more than 1 percent since the last time the member contribution rate was set. Based on the June 30, 2017, valuation adopted by the board in May 2018, the increase in normal cost was greater than 1 percent. Therefore, contribution rates for CalSTRS 2% at 62 members will increase by 1 percent effective July 1, 2018.

*Employers* – 14.43 percent of applicable member earnings.

Pursuant to AB 1469, employer contributions will increase from a prior rate of 8.25 percent to a total of 19.1 percent of applicable member earnings phased in over seven years starting in 2014. The new legislation also gives the CalSTRS board limited authority to adjust employer contribution rates from July 1, 2021 through June 2046 in order to eliminate the remaining unfunded actuarial obligation related to service credited to members prior to July 1, 2014. The CalSTRS board cannot adjust the rate by more than 1 percent in a fiscal year, and the total contribution rate in addition to the 8.25 percent cannot exceed 12 percent.

**NOTE 7 – NET PENSION LIABILITY – STATE TEACHERS' RETIREMENT PLAN (Continued)**

The CalSTRS employer contribution rate increases effective for fiscal year 2017-18 through fiscal year 2045-46 are summarized in the table below:

<u>Effective Date</u>	<u>Prior Rate</u>	<u>Increase</u>	<u>Total</u>
July 01, 2017	8.25%	6.18%	14.43%
July 01, 2018	8.25%	8.03%	16.28%
July 01, 2019	8.25%	9.88%	18.13%
July 01, 2020	8.25%	10.85%	19.10%
July 01, 2021 to June 30, 2046	8.25%	*	*
July 01, 2046	8.25%	Increase from prior rate ceases in 2046-47	

\* The Teachers' Retirement Board (the "board") cannot adjust the employer rate by more than 1 percent in a fiscal year, and the increase to the contribution rate above the 8.25 percent base contribution rate cannot exceed 12 percent for a maximum of 20.25 percent.

The District contributed \$14,295,673 to the plan for the fiscal year ended June 30, 2018.

*State* - 9.328 percent of the members' creditable earnings from the fiscal year ending in the prior calendar year.

As shown in the subsequent table, the state rate will increase to 5.311 percent on July 1, 2018, to continue paying down the unfunded liabilities associated with the benefits structure that was in place in 1990 prior to certain enhancements in benefits and reductions in contributions.

Also as a result of AB 1469, the additional state appropriation required to fully fund the benefits in effect as of 1990 by 2046 is specific in subdivision (b) of Education Code Section 22955.1. The increased contributions end as of fiscal year 2045-2046. The CalSTRS state contribution rates effective for fiscal year 2017-18 and beyond are summarized in the table below.

<u>Effective Date</u>	<u>Base Rate</u>	<u>AB 1469 Increase For 1990 Benefit Structure</u>	<u>SBMA Funding(1)</u>	<u>Total State Appropriation to DB Program</u>
July 01, 2018	2.017%	5.311%(2)	2.50%	9.828%
July 01, 2019 to June 30, 2046	2.017%	(3)	2.50%	(3)
July 01, 2046 and thereafter	2.017%	(4)	2.50%	4.571%(3)

(1) This rate does not include the \$72 million reduction in accordance with Education Code Section 22954.

(2) In May 2018, the board of CalSTRS exercised its limited authority to increase the state contribution rate by 0.5 percent of the payroll effective July 1, 2018.

(3) The CalSTRS board has limited authority to adjust state contribution rates annually through June 30, 2046 in order to eliminate the remaining unfunded actuarial obligation associated with the 1990 benefit structure. The board cannot increase the rate by more than 0.50 percent in a fiscal year, and if there is no unfunded actuarial obligation, the contribution rate imposed to pay for the 1990 benefit structure would be reduced to 0 percent.

(4) From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining 1990 unfunded actuarial obligation.

**NOTE 7 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN** (Continued)

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2018, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District’s proportionate share of the net pension liability	\$ 159,188,000
State’s proportionate share of the net pension liability associated with the District	<u>94,175,000</u>
Total	<u><u>\$ 253,363,000</u></u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. The District’s proportion of the net pension liability was based on the District’s share of contributions to the pension plan relative to the contributions of all participating school Districts and the State. At June 30, 2017, the District’s proportion was 0.172 percent, which was an decrease of 0.006 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the District recognized pension expense of \$25,183,908 and revenue of \$9,359,369 for support provided by the State. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 589,000	\$ 2,776,000
Changes of assumptions	29,491,000	-
Net differences between projected and actual earnings on investments	-	4,240,000
Changes in proportion and differences between District contributions and proportionate share of contributions	11,253,000	10,943,000

**NOTE 7 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN (Continued)**

\$14,295,673 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended <u>June 30,</u>	
2019	\$ 975,950
2020	\$ 7,169,950
2021	\$ 4,886,950
2022	\$ 735,283
2023	\$ 5,779,533
2024	\$ 3,826,334

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is 7 years as of the June 30, 2017 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

Actuarial Methods and Assumptions: The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total pension liability to June 30, 2017. The financial reporting actuarial valuation as of June 30, 2016, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2016
Experience Study	July 1, 2010 through June 30, 2015
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2.00% simple for DB Not applicable for DBS/CBB

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

**NOTE 7 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN** (Continued)

During the 2016-17 measurement period, CalSTRS completed an experience study for the period starting July 1, 2010, and ending June 30, 2015. The experience study was adopted by the board in February 2017. As a result of the study, certain assumptions used in determining the NPL of the STRP changed, including the price inflation, wage growth, discount rate and the mortality tables used in the actuarial valuation of the NPL. The changes to the assumptions as a result of the experience study follow:

<u>Assumption</u>	<u>Measurement Period</u>	
	<u>As of June 30, 2017</u>	<u>As of June 30, 2016</u>
Consumer price inflation	2.75%	3.00%
Investment rate of return	7.10%	7.60%
Wage growth	3.50%	3.75%

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant as an input to the process. The actuarial investment rate of return assumption was adopted by the CalSTRS board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term* Expected Real Rate of Return</u>
Global Equity	47%	6.30%
Fixed Income	12	0.30
Real Estate	13	5.20
Private Equity	13	9.30
Absolute Return / Risk Mitigating Strategies	9	2.90
Inflation Sensitive	4	3.80
Cash / Liquidity	2	(1.00)

\* 20-year geometric average

Discount Rate: The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per AB1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP’s fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 8 – NET PENSION LIABILITY – PUBLIC EMPLOYER’S RETIREMENT FUND B**

*General Information about the Public Employer’s Retirement Fund B*

Plan Description: The schools cost-sharing multiple-employer defined benefit pension plan Public Employer’s Retirement Fund B (PERF B) is administered by the California Public Employees’ Retirement System (CalPERS). Plan membership consists of non-teaching and non-certified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California.

The Plan was established to provide retirement, death and disability benefits to non-teaching and noncertified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at <https://www.calpers.ca.gov/docs/forms-publications/cafr-2017.pdf>.

Benefits Provided: The benefits for the defined benefit plans are based on members’ years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service.

Contributions: The benefits for the defined benefit pension plans are funded by contributions from members and employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer’s benefit formulas. Employer contribution rates are determined by periodic actuarial valuations or by state statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Employer contributions, including lump sum contributions made when agencies first join the PERF B, are credited with a market value adjustment in determining contribution rates.

The required contribution rates of most active plan members are based on a percentage of salary in excess of a base compensation amount ranging from zero dollars to \$863 monthly.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2018 were as follows:

*Members* - The member contribution rate was 6.50 or 7.50 percent of applicable member earnings for fiscal year 2017-18.

*Employers* - The employer contribution rate was 15.531 percent of applicable member earnings.

The District contributed \$5,317,520 to the plan for the fiscal year ended June 30, 2018.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2018, the District reported a liability of \$59,526,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. The District’s proportion of the net pension liability was based on the District’s share of contributions to the pension plan relative to the contributions of all participating school districts. At June 30, 2017, the District’s proportion was 0.249 percent, which was an decrease of .003 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the District recognized pension expense of \$10,903,078. June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Actuarial Methods and Assumptions: The total pension liability for the Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2016, and rolling forward the total pension liability to June 30, 2017. The financial reporting actuarial valuation as of June 30, 2016, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Consumer Price Inflation	2.75%
Wage Growth	Varies by entry age and service
Post-retirement Benefit Increases	Contract COLA up to 2.00% until Purchasing Power Protection Allowance Floor on Purchasing Power applies 2.75% thereafter

The mortality table used was developed based on CalPERS specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report.

All other actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS’ website.

During the 2016-17 measurement period, the financial reporting discount rate for the Plan was lowered from 7.65 percent to 7.15 percent.

- (1) An expected inflation rate of 2.50% used for this period
- (2) An expected inflation rate of 3.00% used for this period

Discount Rate: The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS’ website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected cash flows of the Plan. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the Plan’s asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

**NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

*General Information Other Postemployment Benefits Plan (OPEB)*

Plan Description: In addition to the pension benefits described in Notes 7 and 8, the District provides post-employment health care benefits under a single employer defined benefit OPEB plan to eligible retirees. The plan does not issue separate financial statements.

The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements to continue health coverage as a participant in the District’s plan. The District’s Governing Board has the authority to establish or amend the benefit terms offered by the Plan. The District’s Governing Board also retains the authority to establish the requirements for paying the Plan benefits as they come due. As of June 30, 2018 the District has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the District’s Total OPEB Liability.

Employees Covered by Benefit Terms: The following is a table of plan participants at June 30, 2018:

	<u>Number of Participants</u>
Inactive Plan members	95
Active employees	<u>1,855</u>
	<u>1,950</u>

(Continued)

**NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)** (Continued)

Benefits Provided: The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage. Management and supervisory employees reaching retirement age of CalPERS or STRS and employed by the District for 10 years of full-time service, are eligible for medical coverage for a maximum of 13 years of benefits or age 68, whichever comes first. A maximum monthly benefit does not exceed \$475 per month for personnel before the age of 65, and \$175 per month for ages 65 to 68. Certificated employees reaching retirement age of STRS and placement on the Certificated Salary Schedule Class 4 or 5, Step 12, are eligible for medical coverage for a maximum of 10 years of benefits or age 65, whichever comes first. A maximum monthly benefit does not exceed \$475 per month. Classified employees reaching retirement age of PERS and 10 years of full-time service with the District, are eligible for medical coverage for a maximum of 10 years of benefits or age 65, whichever comes first. A maximum monthly benefit does not exceed \$500 per month.

Contributions: California Government Code specifies that the District's contribution requirements for covered employees are established and may be amended by the Governing Board. Retirees participating in the group insurance plans offered by the District are required to contribute 100% of the active premiums. In future years, contributions are assumed to increase at the same rate as premiums. The District's premium rates being charged to these retirees are lower than the expected cost for a retiree population under age 65. Thus, an implicit subsidy exists as a result of this difference between the actual cost and the true retiree cost.

Contributions to the Plan from the District were \$1,774,998 for the year ended June 30, 2018. Employees are not required to contribute to the OPEB plan.

*Total OPEB Liability*

The District's total OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of June 30, 2017.

**NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)**

\$1,774,998 reported as deferred outflows of resources related to benefits paid subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2019.

**NOTE 10 - JOINT POWERS AGREEMENTS**

The District is a member with other school districts in two Joint Powers Authorities, Schools Excess Liability Fund (SELF) and Schools Insurance Authority (SIA) (Deductible Fund, only). Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from coverage in the prior year.

The following is a summary of condensed financial information of SELF and SIA as of June 30, 2018 and June 30, 2017 (the latest information available), respectively.

	<u>SELF</u>	<u>SIA</u>
Total assets	\$ 118,692,006	\$ 140,450,093
Deferred outflows of resources	\$ 497,939	\$ 1,580,594
Total liabilities	\$ 101,064,545	\$ 67,894,697

Total revenue	\$ 15,139,473	\$ 54,917,755
Total expenses	\$ 19,471,187	\$ 47,903,083

The relationship between Folsom Cordova Unified School District and each Joint Powers Authority is such that the Joint Powers Authorities are not component units of the District for financial reporting purposes.

**NOTE 11 - CONTINGENCIES**

Contingent Liabilities: The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

The District has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in expenditure disallowances under terms of the grants, it is management's opinion that any required reimbursements or future revenue offsets subsequently determined will not have a material effect.

Construction Commitments: As of June 30, 2018, the District has \$100 million in outstanding commitments on construction contracts.

FOLSOM CORDOVA UNIFIED SCHOOL DISTRICT  
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION  
June 30, 2018

---

**NOTE 1 - PURPOSE OF SCHEDULES**

**A - Budgetary Comparison Schedule**

The District employs budget control by object codes and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object code. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Education to provide for revised priorities. The originally adopted and final revised budgets for the General Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

**B - Schedule of Changes in Total Other Postemployment Benefits (OPEB) Liability**

The Schedule of Changes in Total OPEB liability is presented to illustrate the elements of the District's Total OPEB liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available. The District has not accumulated assets in a qualified trust for the purpose of paying the benefits related to the District's Total OPEB Liability.

**C - Schedule of the District's Proportionate Share of the Net Pension Liability**

The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

**D - Schedule of the District's Contributions**

The Schedule of the District's Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

**E - Changes of Benefit Terms**

There are no changes in benefit terms reported in the Required Supplementary Information.

**F - Changes of Assumptions**

The discount rate for Public Employer's Retirement Fund B (PERF B) was 7.50, 7.65, 7.65, and 7.15 percent in the June 30, 2013, 2014, 2015, and 2016 actuarial reports, respectively.

The following are the assumptions for State Teachers' Retirement Plan:

<u>Assumption</u>	<u>As of June 30, 2017</u>	<u>As of June 30, 2016</u>	<u>As of June 30, 2015</u>

The General Fund fund balance has increased by \$779,428 over the past three years. The fiscal year 2018-2019 budget projects an decrease of \$3,468,536. For a district this size, the State of California recommends available reserves of at least 3 percent of total general fund expenditures, transfers out and other uses (total outgo). The District met this requirement.

The District has incurred operating deficits in two of the past three years, and anticipates incurring an operating deficit during the fiscal year 2018-2019.

Total long-term liabilities have increased by \$259,270,478 over the past two years, primarily due to debt issuance and recognition of net pension liability.

Average daily attendance has increased by 447 over the past two years. An increase of 49 ADA is projected for the 2018-2019 fiscal year.

**NOTE 1 - PURPOSE OF SCHEDULES**

A - Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes in the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

B - Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. The District neither met nor exceeded its target funding. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

C - Schedule of Expenditure of Federal Awards

The Schedule of Expenditure of Federal Awards includes the federal award activity of Folsom Cordova Unified School District, and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10-percent de minimis indirect cost rate allowed on the Uniform Guidance.

The following schedule provides a reconciliation between revenues reported on the Statement of Revenues, Expenditures and Change in Fund Balances and the related expenditures reported on the Schedule of Expenditure of Federal Awards. .

<u>Description</u>	<u>CFDA Number</u>	<u>Amount</u>

### ***Management's Responsibility***

Management is responsible for compliance with the requirements of state laws and regulations, as listed above.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on Folsom Cordova Unified School District's compliance with state laws and regulations as listed above based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the *2017-18 Guide for Annual Audits of K12 Local Education Agencies and State Compliance Reporting* (Audit Guide). Those standards and the Audit Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on Folsom Cordova Unified School District's compliance with the state laws and regulations listed above occurred. An audit includes examining, on a test basis, evidence about Folsom Cordova Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with state laws and regulations. However, our audit does not provide a legal determination of Folsom Cordova Unified School District's compliance.

### ***Basis for Qualified Opinion on Compliance with State Laws and Regulations***

As described in Findings 2018-002 and 2018-003 in the accompanying Schedule of Audit Findings and Questioned Costs, Folsom Cordova Unified School District did not comply with requirements regarding Ratio of Administrative Employees to Teachers and Attendance. Compliance with such requirements is necessary, in our opinion, for Folsom Cordova Unified School District to comply with the requirements applicable to the state laws and regulations applicable to Ratio of Administrative Employees to Teachers and Attendance.

---

(Continued)

### **Qualified Opinion on Compliance with State Laws and Regulations**

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Folsom Cordova Unified School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the state laws and regulations referred to above for the year ended June 30, 2018.

### **Other Matters**

Folsom Cordova Unified School District's responses to the noncompliance findings identified in our audit are described in the accompanying Schedule of Audit Findings and Questioned Costs. Folsom Cordova Unified School District's responses were not subjected to the auditing procedures applied in our audit of compliance and, accordingly, we express no opinion on them.

### **Purpose of this Report**

The purpose of this report on compliance is solely to describe the scope of our testing of compliance and the results of that testing based on the requirements of the State of California's *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

Sacramento, California  
December 17, 2018

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

Board of Education  
Folsom Cordova Unified School District  
Folsom, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Folsom Cordova Unified School District as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Folsom Cordova Unified School District's basic financial statements, and have issued our report thereon dated December 17, 2018.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Folsom Cordova Unified School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Folsom Cordova Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Folsom Cordova Unified School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We did identify a deficiency in internal control that we communicated to management as described in the accompanying Schedule of Audit Findings and Questioned Costs as finding 2018-001.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Folsom Cordova Unified School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Other Matter

Folsom Cordova Unified School District's response to the finding identified in our audit is described in the accompanying schedule of Audit Findings and Questioned Costs. Folsom Cordova Unified School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
FOR EACH MAJOR FEDERAL PROGRAM AND REPORT  
ON INTERNAL CONTROL OVER COMPLIANCE

Board of Education  
Folsom Cordova Unified School District  
Folsom, California

**Report on Compliance for Each Major Federal Program**

We have audited Folsom Cordova Unified School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Folsom Cordova Unified School District's major federal programs for the year ended June 30, 2018. Folsom Cordova Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Folsom Cordova Unified School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Folsom Cordova Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Folsom Cordova Unified School District's compliance.

***Opinion on Each Major Federal Program***

In our opinion, Folsom Cordova Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

## **Report on Internal Control Over Compliance**

Management of Folsom Cordova Unified School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Folsom Cordova Unified School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Folsom Cordova Unified School District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE FIRST 5 SACRAMENTO COUNTY PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE IN ACCORDANCE WITH A PROGRAM-SPECIFIC AUDIT

Board of Education  
Folsom Cordova Unified School District  
Folsom, California

**Report on Compliance with the First 5 Sacramento County Program**

We have audited the compliance of Folsom Cordova Unified School District with the types of compliance requirements described in the Program Guidelines for the First 5 Sacramento County Program that could have a direct and material effect on the First 5 Sacramento County Program for the year ended June 30, 2018.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to the First 5 Sacramento County Program.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance on Folsom Cordova Unified School District's First 5 Sacramento County Program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on First 5 Sacramento County Program occurred. An audit includes examining, on a test basis, evidence about Folsom Cordova Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the First 5 Sacramento County Program. However, our audit does not provide a legal determination on Folsom Cordova Unified School District's compliance with those requirements.

***Opinion on the First 5 Sacramento County Program***

In our opinion, Folsom Cordova Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its First 5 Sacramento County Program for the year ended June 30, 2018.

SECTION II - FINANCIAL STATEMENT FINDINGS

**2018-001 - DEFICIENCY – INTERNAL CONTROLS - CAPITAL ASSETS (30000)**

Criteria

Generally accepted accounting principles regarding internal controls, *Education Code* Section 35168, and federal funding agencies require LEAs to maintain records that properly account for capital assets.

Condition

The District's method of maintaining detailed records of all capital assets as required by GASB Statement No. 34 and California Education Code does not always include the following: description of asset, asset class, historical cost, date of acquisition or date placed into service, location of use, useful life, accumulated depreciation and information related to disposal (if applicable). The District tracks capital assets by project therefore does not include the information needed to determine cost, date of acquisition, useful life, or accumulated depreciation for each asset. For any assets acquired outside of construction project listings, depreciation may not be applied.

During our testing of work in process completed as of year-end, it was noted that the District had not input the completed assets on their completed project tracking workbook, but had marked them completed in their work in process detail.

Effect

Inefficiencies in obtaining and supporting capital assets amounts reported in the Statement of Net Position.

Cause

The District does not have a capital asset tracking system in place.

Fiscal Impact

Not determinable.

Recommendation

The District utilize a capital asset tracking system to ensure all assets are accounted for and depreciated.

Views of Responsible Officials and Planned Corrective Actions

The District will work to implement a capital asset tracking system to ensure all assets are accounted for and depreciated.

SECTION IV - STATE AWARD FINDINGS AND QUESTIONED COSTS

**2018-002 - DEFICIENCY – STATE COMPLIANCE – RATIO OF ADMINISTRATIVE EMPLOYEES TO TEACHERS (40000)**

Criteria

The maximum ratio of administrative employees to each 100 teachers in the school district shall be 8.

Condition

The number of administrative employees per hundred teachers exceeded the allowable ratio set forth in Education Code section 41402 by 1 FTE.

Effect

The effect of this finding is a potential reduction in state support resulting from excess administrative employees.

Cause

Controls have not been enforced to ensure adequate monitoring of the ratio of administrative employees to teachers.

Fiscal Impact

Approximately \$80,000 reduction in state support resulting from excess administrative employees.

Recommendation

The District should closely monitor the ratio of administrative employees to teachers.

Views of Responsible Officials and Planned Corrective Actions

District staff will review practices with site staff and remind them that accuracy is critical.

SECTION IV - STATE AWARD FINDINGS AND QUESTIONED COSTS  
(continued)

**2018-003 - DEFICIENCY – STATE COMPLIANCE – ATTENDANCE (10000)**

Criteria

Attendance Accounting and Reporting in California Public Schools, Title 5, CCR, Sections 401 and 421 (b) and Education Code Sections 44809 - Each LEA must develop and maintain accurate and adequate records to support attendance reported to the state.

Condition

At Natoma Station Elementary School one student was improperly included for a total misstatement of 1 day.

Effect

The effect of this finding is an overstatement of 0.01 ADA in the fourth through sixth grade span.

Cause

The errors were the result of clerical errors in accounting for attendance.

Fiscal Impact

No fiscal impact as the effect is less than 0.5 ADA.

Recommendation

The District should ensure attendance records are accurately recorded

Views of Responsible Officials and Planned Corrective Actions

District staff are working with sites to ensure they reconcile attendance logs with attendance records to ensure attendance is accurately recorded.
